Operating Instructions

1. Wearing the Earbuds

For optimal sound quality and comfort, ensure the earbuds are properly fitted in your ears. Choose the eartip size that provides a secure and comfortable seal.

- Gently insert each earbud into its corresponding ear canal (L for left, R for right).

3. Switching Modes (Bilateral/Unilateral)

The Havit TW967 supports both bilateral (stereo) and unilateral (mono) modes, allowing you to use both earbuds or just

one.

- **Bilateral Mode:** Both earbuds are used together for stereo sound. This is the default mode when both earbuds are removed from the case.
- **Unilateral Mode:** You can use either the left or right earbud independently. Simply take one earbud out of the case, and it will automatically connect to your device. The other earbud can remain in the case or be used later.

Maintenance

1. Cleaning

Regular cleaning helps maintain sound quality and hygiene.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- For earwax or debris in the eartips or speaker mesh, use a small, soft brush or cotton swab lightly dampened with rubbing alcohol. Ensure no liquid enters the speaker openings.
- Do not use abrasive cleaners or immerse the earbuds or case in water.

2. Storage

When not in use, store the earbuds in their charging case to protect them from dust, damage, and to keep them charged.

- Store in a cool, dry place, away from extreme temperatures and direct sunlight.
- Avoid storing in humid environments.

3. Battery Care

To prolong battery life:

- Avoid fully discharging the battery frequently.
- Charge the case and earbuds regularly, even if not used for extended periods.
- Use the provided charging cable and a compatible power adapter.
