New One 6.5ft Prelit Artificial Christmas Tree Instruction Manual

INTRODUCTION

Thank you for choosing the New One 6.5ft Prelit Artificial Christmas Tree. This manual provides essential information for the safe and proper assembly, operation, and maintenance of your new Christmas tree. Please read all instructions carefully before setup and retain this manual for future reference.

SAFETY INFORMATION

- Ensure all electrical connections are secure and properly insulated.
- Do not overload electrical outlets.
- Keep the tree away from heat sources, open flames, and flammable materials.
- Do not allow children or pets to climb on the tree.
- Unplug the tree when leaving the house or when unattended for extended periods.
- This product is for indoor use only.
- The tree branches are made of flame-retardant PVC material.

PACKAGE CONTENTS

- Tree Sections (3 sections: A, B, C)
- Tree Stand (Durable plastic)
- Light Controller
- Spare LED Bulbs

SETUP INSTRUCTIONS

Follow these steps for easy assembly of your Christmas tree:

1. **Assemble the Tree Stand:** Unfold the legs of the durable plastic tree stand and ensure they are securely locked into place.
2. **Insert Bottom Section (Part A):** Carefully insert the bottom section of the tree (Part A) into the assembled tree stand. Tighten any screws on the stand to secure the tree section.
3. **Attach Middle Section (Part B):** Place the middle section (Part B) onto Part A. Ensure the electrical connections between the sections are aligned and securely connected.
4. **Attach Top Section (Part C):** Place the top section (Part C) onto Part B. Ensure the electrical connections are aligned and securely connected.
5. **Fluff the Branches:** Starting from the bottom, gently spread out each branch and individual tip to create a full and natural appearance. Adjust the branches to fill any gaps. The tree features 745 PVC tips for a dense look.
6. **Connect to Power:** Plug the tree's power cord into a standard electrical outlet.

STEP 3

OPERATING INSTRUCTIONS

Your New One Christmas tree comes pre-lit with 250 color-changing LED lights. Use the included controller to select your desired lighting function:

- **Steady Warm White:** Provides a classic, cozy glow.
- **Steady Multicolor:** Displays a vibrant array of colors.
- **Color Changing:** Cycles between warm white and multicolor.

MAINTENANCE

- **Cleaning:** Dust the tree periodically with a soft, dry cloth. Do not use liquid cleaners.
- **Light Replacement:** If a light bulb burns out, replace it with a spare bulb provided in the package. Ensure the tree is unplugged before replacing bulbs.
- **Storage:** When not in use, disassemble the tree into its sections and store it in its original box or a suitable storage container in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights are not working.	Loose connection, burnt-out bulb, or no power.	Check all section connections. Ensure the tree is plugged into a working outlet. Replace any burnt-out bulbs with spares.
Tree appears sparse.	Branches are not fully fluffed.	Spend time shaping and spreading out each branch and tip to achieve a fuller look.
Tree is unstable.	Stand not properly assembled or tightened.	Ensure the tree stand legs are fully extended and locked. Tighten any securing screws on the stand.

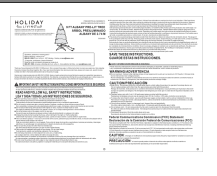

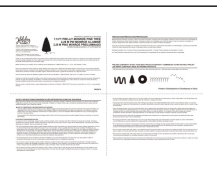

SPECIFICATIONS

Feature	Detail
Brand	New One
Model Number	TMP6.5-6(0.2)
