GOOJODOQ GD13

GOOJODOQ GD13 Stylus Pen User Manual

Model: GD13

PRODUCT OVERVIEW

The GOOJODOQ GD13 Stylus Pen is designed for seamless interaction with compatible iPad models, offering advanced features such as wireless charging, palm rejection, and tilt sensitivity. It provides a natural writing and drawing experience, enhancing productivity and creativity.

COMPATIBILITY

The GD13 Stylus Pen is specifically designed for the following iPad models:

- iPad Air 4th and 5th Generation
- iPad Pro 11-inch (1st, 2nd, 3rd, 4th Generation)
- iPad Pro 12.9-inch (3rd, 4th, 5th, 6th Generation)
- iPad Mini 6th Generation

Note: This stylus is not compatible with other iPad models or devices.

SETUP AND CHARGING

Wireless Charging

The GD13 Stylus Pen features true wireless charging. To charge the stylus, simply attach it magnetically to the side of your compatible iPad. The stylus will automatically enter smart charging mode.

Wireless Charging

Ditch the cables, magnetically attach to the iPad for charging and storage

Image: The GD13 stylus magnetically attached to the side of an iPad, demonstrating its wireless charging capability and ease of storage.

Battery Indicator

The stylus features an indicator light to confirm battery status. The color of the light changes to reflect the charge level:

- **Red:** 0-30% battery
- **Blue:** 30-70% battery
- **Green:** 70-100% battery

The indicator light will blink while charging.

OPERATING INSTRUCTIONS

Quick Wake-up and Note-Taking

To quickly access the note-taking application, simply double-tap the screen of your compatible iPad with the GD13 Stylus Pen. This action will immediately open a blank memo, allowing you to capture inspiration without delay.

Quickly Use

Double-tap the iPad screen with the GD13 pencil to wake up and quickly open the notes app

Tap to wake

Palm Rejection and Tilt Sensitivity

The GD13 Stylus Pen incorporates advanced palm rejection technology, allowing you to rest your hand naturally on the iPad screen while writing or drawing without causing unintended marks. The smart tip dynamically adjusts line thickness based on the angle at which you hold the stylus, mimicking the experience of a traditional pencil.

Quick Gestures

- **Access Notes:** Swipe from the bottom right corner of the iPad screen towards the middle with the GD13 stylus.
- **Take Screenshot:** Swipe from the bottom left corner of the iPad screen towards the middle with the GD13 stylus.

Conseils rapides pour GD13

Verrouillez l'écran, aucun mot de passe requis, appuyez deux fois sur l'écran pour entrer le mémo

Balayez vers le centre depuis le coin inférieur droit de l'iPad pour accéder aux notes

Balayez vers le centre depuis le coin inférieur gauche de l'iPad pour prendre une capture d'écran rapide

MAINTENANCE AND REPLACEMENT

Replacing the Stylus Tip

The GD13 stylus tip is designed for durability but can be replaced if worn. The tip is compatible with Apple Pencil 1st/2nd generation tips, Logitech nibs, and GOOJODOQ GD12 nibs. Replacement tips can be easily purchased from most stores. To replace the tip:

1. Gently twist the old tip counter-clockwise to remove it.
2. Align the new tip with the stylus and twist clockwise until securely fastened.

Cleaning

Wipe the stylus body with a soft, dry cloth. Avoid using abrasive cleaners or solvents.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stylus not connecting or responding.	Incorrect iPad model; Low battery; Bluetooth issue.	Verify iPad compatibility (refer to Compatibility section). Charge the stylus. Ensure Bluetooth is enabled on your iPad and try re-pairing if necessary.

Problem	Possible Cause	Solution
Palm rejection not working.	Feature not enabled or software conflict.	Palm rejection is an inherent feature; ensure your iPad's software is up to date. Close and reopen the drawing/note-taking app.
Line thickness not changing with tilt.	App does not support tilt sensitivity; Stylus tip worn.	Ensure the application you are using supports tilt sensitivity. Replace the stylus tip if it appears worn.
Stylus not charging wirelessly.	Incorrect placement on iPad; iPad not compatible with wireless charging for stylus.	Ensure the stylus is correctly aligned and magnetically attached to the charging side of your compatible iPad. Verify your iPad model supports wireless charging for styluses.
