4. Maintenance and Care

Proper care will extend the life and appearance of your HOMCOM Pull Out Sofa Bed.

Fabric Care (Linen Feel Fabric):

- **Regular Cleaning:** Vacuum regularly using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, use a mild fabric cleaner specifically designed for upholstery, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position the sofa bed away from direct sun or use curtains/blinds.

Frame Care (Wood Frame):

- Wipe the frame and legs with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- Ensure all connections and moving parts of the pull-out mechanism are free from obstructions and operate smoothly.

  - Apply even pressure when pulling or pushing the bed frame. Avoid forcing the mechanism.
- **Unstable Feeling:**
  - Verify the sofa bed is placed on a level surface.

- Check that the bed frame is fully extended and locked into position when in bed mode.
