Jokari Waterproof Lawn Mower Equipment Cover (Model 13007) Instruction Manual

Model: 13007

1. INTRODUCTION

This manual provides instructions for the proper use and care of your Jokari Waterproof 60 Inch Lawn Mower Equipment Cover. Designed to protect your outdoor power equipment from various weather conditions, this cover features heavy-duty polyester construction, a waterproof zipper, and includes an oil-absorbing pad for added protection against leaks.

2. SAFETY INFORMATION

IMPORTANT SAFETY WARNING:

Always allow power equipment to cool completely before placing it inside the storage cover. Placing hot equipment into the bag can cause the liner to stick to hot motors, potentially damaging both the cover and your equipment.

3. PRODUCT FEATURES

Image: The Jokari Stor-Pod equipment storage cover, fully enclosing a piece of equipment, resting on green grass, highlighting its outdoor storage capability.

- **Dimensions:** Approximately 60 x 45 x 25 inches, designed for various lawn mowers and similar outdoor equipment.
- **Material:** Constructed from heavy-duty polyester for durability and weather resistance.
- **Waterproof Zipper:** Features an industrial-strength waterproof zipper to seal out moisture and protect contents from rain, snow, and ice.
- **Oil Absorbing Pad:** Includes a pad to absorb potential fluid leaks from equipment, helping to keep the cover and storage area clean.
- **Easy Access:** Wide opening allows for simple placement and removal of equipment.

4. SETUP AND USAGE INSTRUCTIONS

1. **Prepare Equipment:** Ensure your lawn mower or other power equipment is completely cool and free from excessive debris before covering.

Image: The Jokari Stor-Pod cover laid flat next to a push lawn mower, ready for use.

2. **Open the Cover:** Fully unzip the equipment cover to create a wide opening.

Image: A person holding open the wide end of the black Jokari Stor-Pod cover, preparing to place a lawn mower inside.

3. **Insert Equipment:** Carefully push or roll your equipment into the open end of the cover. The design allows for easy placement without needing to remove grass catchers or other attachments.

4. **Place Oil Absorbing Pad:** Position the included oil absorbing pad on the bottom inside of the cover, beneath the engine area of your equipment, to catch any potential fluid leaks.

Image: Close-up of hands holding a white, textured oil absorbing pad, indicating its inclusion to prevent messes.

5. **Secure the Cover:** Zip the weatherproof zipper closed completely to ensure a strong seal and full protection from the elements.

Image: Close-up of hands zipping the waterproof zipper on the black cover, demonstrating how it keeps weather out.

6. **Outdoor Storage:** Once secured, the covered equipment can be safely stored outdoors, protecting it from snow, ice, rain, and other wet weather conditions.

Video: This video demonstrates the ease of use and features of the Jokari Stor-Pod, showing how to open the cover, place equipment inside, and zip it closed for weather protection. It highlights the heavy-duty polyester material, waterproof zipper, and the included oil-absorbing pad.

5. MAINTENANCE

- Cleaning:** To clean the cover, wipe it down with a damp cloth and mild soap. Rinse thoroughly and allow it to air dry completely before folding or storing. Do not use harsh chemicals or abrasive cleaners.
- Inspection:** Periodically inspect the cover for any signs of wear, tears, or damage to the fabric or zipper. Promptly repair any small tears to maintain its waterproof integrity.
- Oil Absorbing Pad:** Replace the oil absorbing pad as needed, especially if it becomes saturated with fluids.

6. TROUBLESHOOTING

Issue	Possible Cause	Solution
Water inside the cover	Zipper not fully closed, damage to fabric, or extreme weather conditions exceeding product limits.	Ensure the zipper is completely sealed. Inspect the cover for tears or punctures and repair if necessary. Consider additional shelter in extreme conditions.
Cover sticking to equipment	Equipment was placed inside while still hot.	Always allow equipment to cool down completely before covering.
Zipper difficulty	Dirt or debris in zipper teeth, or zipper misalignment.	Clean zipper teeth with a small brush. Ensure the cover is properly aligned before zipping. Apply a zipper lubricant if needed.

7. SPECIFICATIONS

Feature	Detail
Model Number	13007
UPC	032368130075
Product Dimensions	45 x 25 x 60 inches (Length x Width x Height)
Item Weight	3.14 pounds
Material	Polyester
Color	Black
Water Resistance Level	Waterproof
