vidaXL Patio Lounge Chair (Model 310472)

INSTRUCTION MANUAL

Introduction

Thank you for choosing the vidaXL Patio Lounge Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new sunlounger. Please read these instructions carefully before use and retain them for future reference.

This patio lounge chair is designed for outdoor relaxation, featuring a durable poly rattan construction, a sturdy steel frame, acacia wood legs, and an adjustable backrest for optimal comfort. A thickly padded cushion is included for enhanced relaxation.

Safety Information

- **California Proposition 65 Warning:** This product can expose you to chemicals, which are known to the State of California to cause cancer and reproductive harm. For more information, go to www.P65Warnings.ca.gov.
- Ensure all components are securely fastened before use.
- Do not exceed the maximum weight recommendation of 150 kilograms (approximately 330 lbs).
- Place the lounge chair on a stable, level surface to prevent tipping.
- Keep children and pets away during assembly.
- Proper care is recommended in extreme weather conditions to prolong product lifespan.

Package Contents

Please verify that all parts are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Poly Rattan Lounge Chair Frame

- Thickly Padded Cushion (Cream White)
- Assembly Hardware (screws, bolts, tools if included)
- Acacia Wood Legs

Setup and Assembly

Assembly is required for this product. It is recommended to assemble the lounge chair on a soft, clean surface to prevent scratches.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Compare with the package contents list to ensure everything is present.
2. **Attach Legs:** Securely attach the acacia wood legs to the main lounge chair frame using the provided hardware. Ensure all bolts are tightened evenly.
3. **Assemble Backrest Mechanism:** Connect the adjustable backrest support bars to the frame. Refer to the diagram for correct orientation.
4. **Place Cushion:** Once the frame is fully assembled and stable, place the thickly padded cushion onto the lounge chair.

Operating Instructions

The vidaXL Patio Lounge Chair features an adjustable backrest for personalized comfort.

- **Adjusting the Backrest:** To change the backrest position, gently lift the backrest section. The support mechanism will allow you to select one of the multiple reclining positions (up to 3 positions). Ensure the backrest locks securely into your desired position before applying full weight.
- **Lowering the Backrest:** To lower the backrest, lift it slightly past the highest position to disengage the locking

mechanism, then gently push it down to the desired lower setting or fully flat.

Maintenance

Regular maintenance will help preserve the appearance and extend the lifespan of your lounge chair.

- **Cleaning the Rattan:** The PE rattan material is easy to clean. Wipe down the rattan surfaces with a damp cloth and mild soap solution. Rinse with clean water and dry thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The thickly padded cushion can be spot cleaned. For deeper cleaning, refer to the care label on the cushion cover. Store cushions indoors during inclement weather or when not in use to prevent fading and moisture damage.
- **Wood Legs:** The acacia wood legs can be cleaned with a damp cloth. Periodically, you may apply a wood protector or oil to maintain their appearance and protect against weathering.
- **Weather Protection:** While the rattan is weather-resistant, it is recommended to cover the lounge chair or store it indoors during extreme weather conditions (heavy rain, snow, strong winds) to maximize its durability.

Troubleshooting

- **Wobbly Chair:** Ensure all bolts and screws are fully tightened. Check that the chair is placed on a flat, even surface.
- **Backrest Not Adjusting Smoothly:** Inspect the backrest mechanism for any obstructions or debris. Ensure the support bars are properly aligned and lubricated if necessary.
- **Fading Rattan/Cushion:** Prolonged exposure to direct sunlight can cause fading. Use a protective cover when not in use to minimize sun exposure.
