vidaXL 134818

vidaXL Elegant Velvet Blackout Curtains (Model 134818) - User Manual
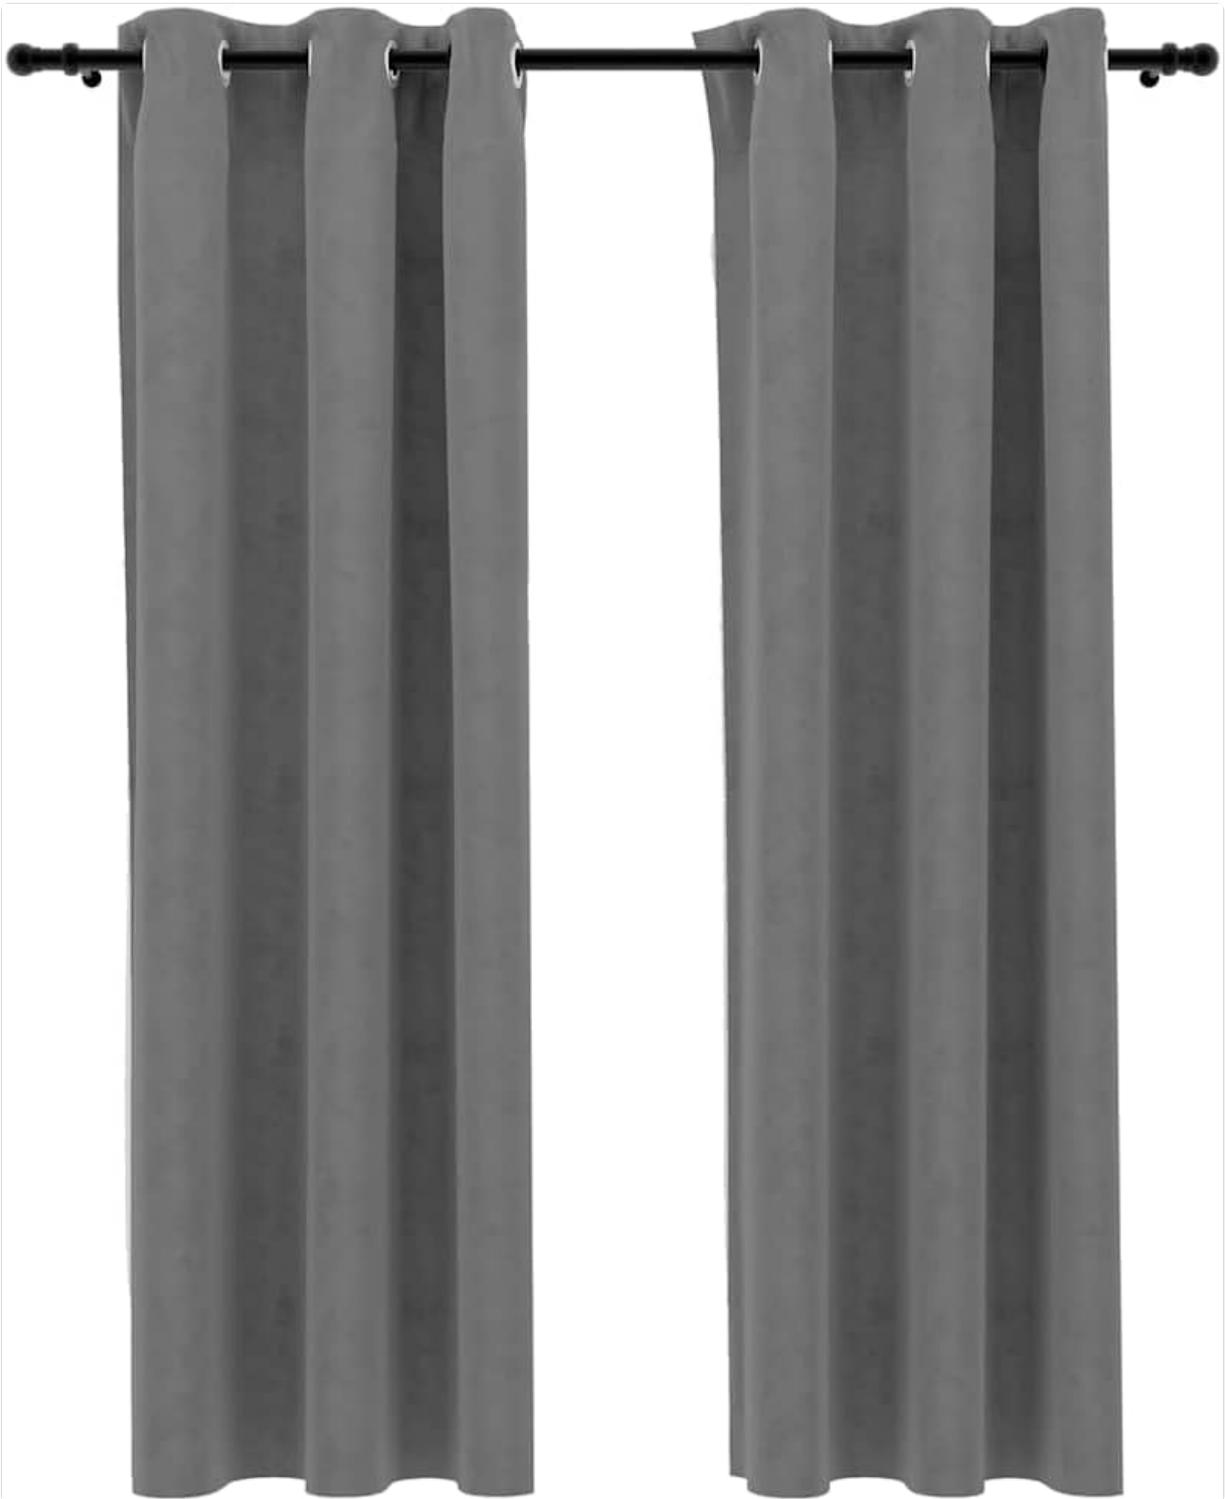

Grey, 37" x 95"

---

1. PRODUCT OVERVIEW

The vidaXL Elegant Velvet Blackout Curtains are designed to enhance your living space with both style and functionality. Made from 100% polyester velvet fabric, these curtains offer significant light blocking capabilities (approximately 85%) and provide privacy. They feature a grommet top for easy installation on a curtain rod.

This image displays the vidaXL Elegant Velvet Blackout Curtains installed on a window, demonstrating their appearance and how they hang.

Key Features:

- **Velvet Material:** High-quality 100% polyester velvet fabric for an elegant and warm touch.
- **Blackout Capability:** Blocks approximately 85% of incoming light, ensuring privacy and room darkening.
- **Easy Installation:** Equipped with 6 metal grommet rings per curtain panel for simple hanging.
- **Thermal Insulated:** Provides additional insulation for energy efficiency.
- **Versatile Use:** Suitable for bedrooms, living rooms, and office spaces.

2. SETUP AND INSTALLATION

Follow these steps to properly install your vidaXL Elegant Velvet Blackout Curtains.

Components Included:

- 2 x Curtain Panels (37" W x 95" H each)
- 6 x Grommet Rings per panel (pre-installed)

Note: A curtain rod is not included and must be purchased separately.

Installation Steps:

1. **Unpack Curtains:** Carefully remove the curtains from their packaging. Lay them flat to allow any creases from packaging to relax.

2. **Prepare Curtain Rod:** Ensure your curtain rod is securely mounted above your window. The rod should be appropriate for the weight of the curtains and extend beyond the window frame for optimal coverage.

3. **Hang Curtains:** Slide the grommet rings of each curtain panel onto the curtain rod. Distribute the grommets evenly to create desired pleats and ensure smooth movement.

4. **Adjust Position:** Once both panels are on the rod, adjust their position to cover the window as desired. The grommet design allows for easy opening and closing.

A detailed view of the sturdy metal grommet rings integrated into the top of the curtain, designed for easy hanging on a curtain rod.

3. OPERATING INSTRUCTIONS

These curtains are designed for simple operation to control light and privacy.

- **Opening Curtains:** Gently slide the curtain panels along the rod towards the outer edges of the window. The grommets will glide smoothly, allowing the curtains to stack neatly.
- **Closing Curtains:** Pull the curtain panels towards the center of the window until they meet, ensuring full coverage. The blackout fabric will significantly reduce light entry and enhance privacy.
- **Light Control:** Adjust the degree of closure to control the amount of natural light entering the room. For maximum darkness, ensure the panels are fully closed and overlap slightly if possible.

4. MAINTENANCE AND CARE

Proper care will help maintain the quality and longevity of your velvet blackout curtains.

Care Instructions:

There is conflicting information regarding the care of this product. While some product descriptions indicate 'Machine Washable', the specific 'Product Care Instructions' and 'Ingredients' section state 'Dry Clean Only'. For the best results and to preserve the fabric, it is recommended to:

- **Consult Product Label:** Always refer to the care label attached to your specific curtain panels for the most accurate and up-to-date cleaning instructions.
- **Dry Clean Only:** If the label specifies, dry clean the curtains to avoid damage to the velvet fabric.
- **Spot Cleaning:** For small spills or marks, gently blot with a clean, damp cloth and mild detergent. Avoid rubbing vigorously.
- **Dusting:** Regularly dust the curtains with a soft brush or vacuum with an upholstery attachment to prevent dust buildup.
- **Ironing:** If necessary, iron on the reverse side at a low temperature with a protective cloth, or use a steamer to remove wrinkles. Avoid direct heat on the velvet pile.

This image provides a close-up of the curtain's velvet fabric, showcasing its soft texture and rich appearance.

5. TROUBLESHOOTING

Here are solutions to common issues you might encounter.

Common Issues and Solutions:

- **Curtains Not Hanging Evenly:**
  Solution: Ensure the curtain rod is level. Adjust the spacing of the grommets on the rod to distribute the fabric weight evenly.

- **Creases or Wrinkles:**
  Solution: Velvet fabric can sometimes crease during packaging. Hanging the curtains for a few days often allows creases to relax naturally. For stubborn wrinkles, use a garment steamer or iron on the lowest setting on the reverse side with a pressing cloth.

- **Grommets Sticking on Rod:**
  Solution: Check if the curtain rod is clean and free of obstructions. A small amount of silicone spray (ensure it's safe for curtain rods) can help if friction is an issue.

- **Insufficient Blackout:**
  Solution: Ensure the curtains fully cover the window and extend slightly beyond the frame. If light leaks
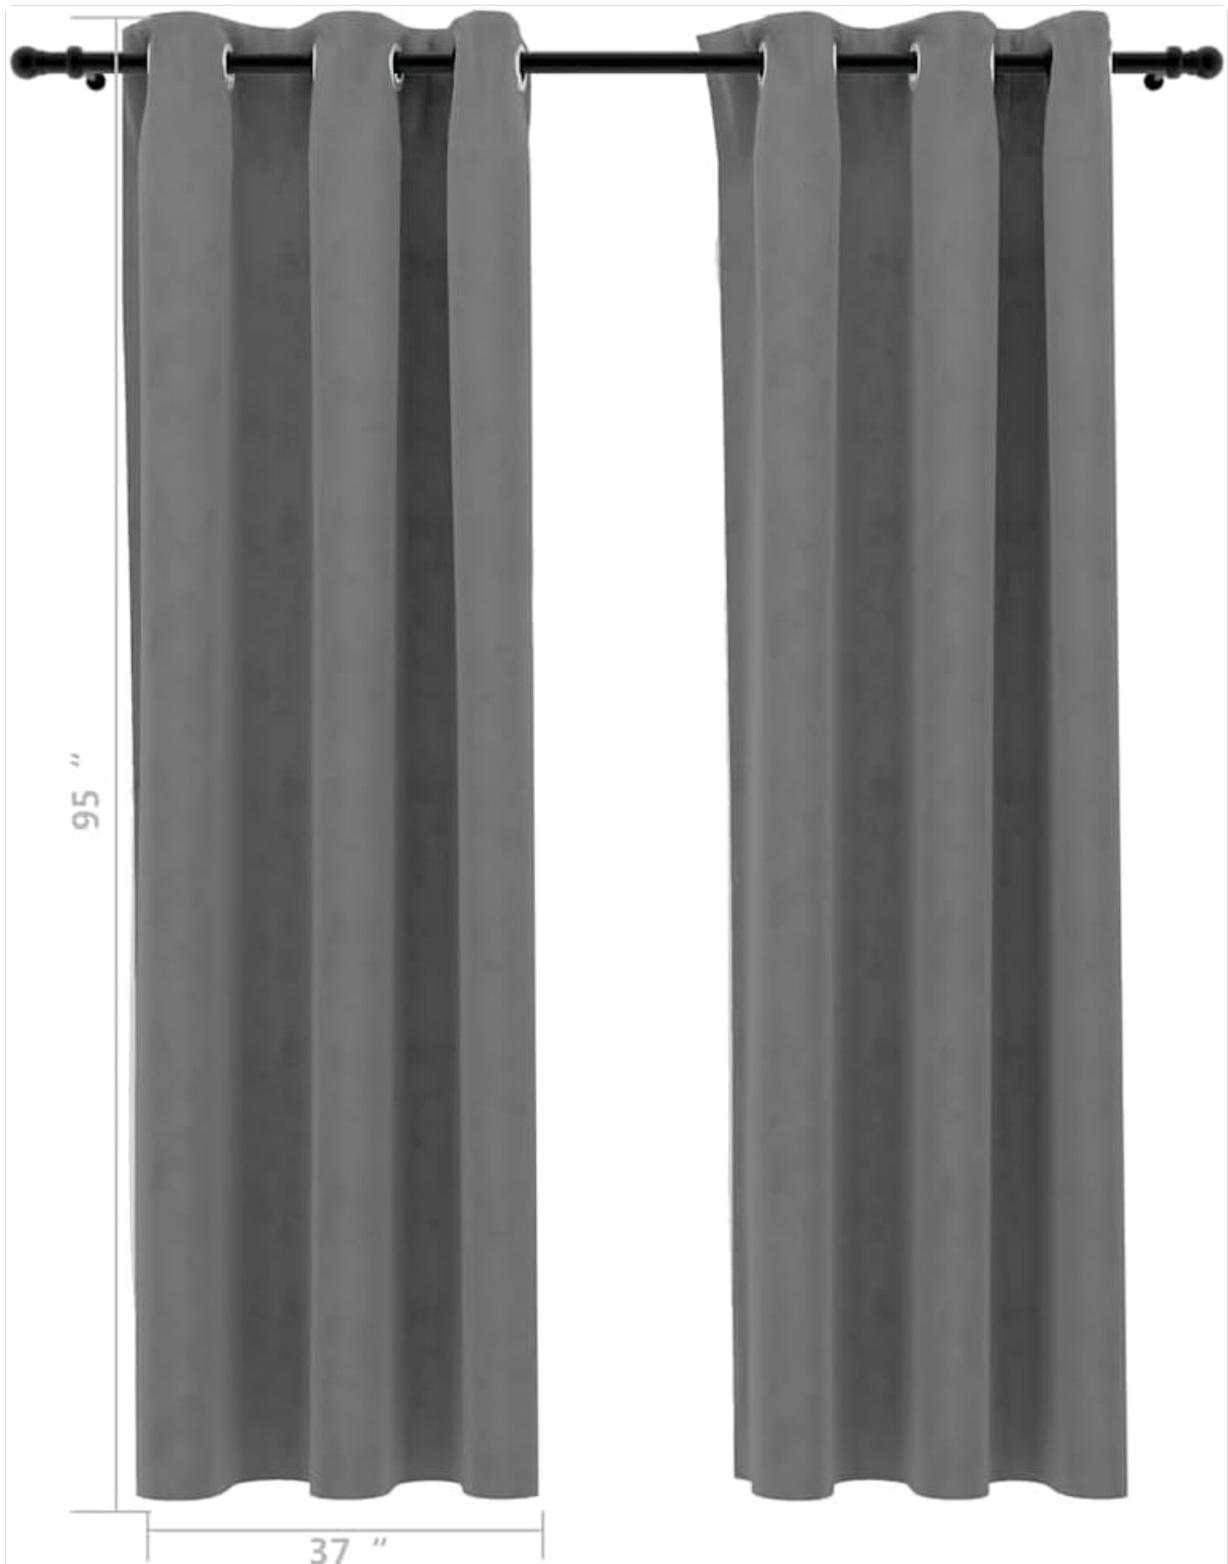

from the top, consider adding a valance or a deeper curtain rod bracket.

6. SPECIFICATIONS

Detailed specifications for the vidaXL Elegant Velvet Blackout Curtains.

Feature	Detail
Brand	vidaXL
Model Number	134818
Color	Grey
Material	Velvet (100% Polyester)
