FOREO LUNA 4 mini

FOREO LUNA 4 mini Face Cleansing Brush & Massager User Manual

Model: LUNA 4 mini

1. INTRODUCTION

The FOREO LUNA 4 mini is a compact facial cleansing brush and massager designed to provide a deep and hygienic cleanse. It utilizes T-Sonic pulsations and ultra-soft silicone touchpoints to remove impurities and enhance the absorption of skincare products. This device is suitable for all skin types and features a dual-sided brush head for targeted cleansing.

4. OPERATING INSTRUCTIONS

The LUNA 4 mini combines ultra-hygienic silicone and T-Sonic pulsations to deeply cleanse your face, removing 99.5% of dirt, oil, sweat, and makeup residue in just one minute. This prepares your skin for enhanced absorption of skincare actives.

4.1 Cleansing Mode

1. Dampen your face and apply your preferred cleanser.
2. Wet the LUNA 4 mini device.
3. Press the universal button to turn on the device. You can customize the device settings on the FOREO app if desired.
4. Gently glide the device in circular motions over your face and neck for 1 minute. The dual-sided brush features thinner touch points on the front for facial areas like cheeks, and thicker touch points on the back for oilier T-zone cleansing.

4.2 30-Second Glow Boost Mode

For a quick refresh and instant glow, activate the Glow Boost mode:

- While the device is on, double-press the universal button to activate the 30-second Glow Boost

mode.

- Use this mode for a deep exfoliation and to achieve naturally radiant, flawless results.

5. MAINTENANCE

The LUNA 4 mini is made from ultra-hygienic silicone, which is 35 times more hygienic than nylon-bristled face brushes. To maintain its effectiveness and hygiene:

- After each use, rinse the device thoroughly with water.
- Allow the device to air dry completely.
- Avoid using cleansers containing alcohol, petrol, or acetone, as these may damage the silicone.

6. TROUBLESHOOTING

If you encounter any issues with your FOREO LUNA 4 mini, refer to the following troubleshooting steps:

Device Not Activating

- **Battery is empty:** Recharge using the USB charging cable for up to 2 hours until fully charged. Then restart your device by holding down the power button.
- **Device cannot be switched off/interface buttons do not respond:** The microprocessor may be temporarily malfunctioning. Press and hold the power button to restart the device.

Device Not Syncing to FOREO App

- Ensure your device is fully charged and that your Bluetooth is turned on.
- Switch your Bluetooth off and then on again to try reconnecting.
- Close the FOREO app and then reopen it to start the process over.
- Delete and reinstall the application; the app may need to be updated.
- After deleting and reinstalling the application, restart your phone.
- Delete your phone's cookies and cache memory.
- Ensure that your mobile's operating system has been updated to the latest version.
