GOLINPEILO 78.7"x78.7"x53.1"

GOLINPEILO Outdoor Dog Kennel with Roof (78.7"x78.7"x53.1") Instruction Manual

Model: 78.7"x78.7"x53.1"

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your GOLINPEILO Outdoor Dog Kennel. Designed to offer a secure and comfortable environment for your pet, this versatile kennel is suitable for various activities including playing, exercising, training, or simply providing a safe outdoor space. Please read these instructions carefully before assembly and use to ensure proper setup and long-term durability.

2. Safety Information

- Ensure all parts are securely fastened before allowing your pet into the kennel.
- Regularly inspect the kennel for any signs of wear, damage, or loose components.
- Do not use the kennel for purposes other than housing pets.
- Keep children away from the assembly area and supervise them around the assembled kennel.
- Position the kennel on a flat, stable surface to prevent tipping.

3. Package Contents

Verify that all components are present before beginning assembly. Refer to the assembly video for visual identification of parts.

Figure 1: Complete GOLINPEILO Outdoor Dog Kennel with Roof. This image shows the fully assembled kennel, including the metal frame, chain-link mesh, and the gray waterproof roof cover.

4. Assembly Instructions

Assembly of the GOLINPEILO Outdoor Dog Kennel is straightforward. Follow the steps below and refer to the accompanying video for visual guidance.

4.1. Assembly Video Guide

Your browser does not support the video tag.

Video 1: Outdoor Dog Kennel Installation. This video provides a step-by-step visual guide for assembling the GOLINPEILO Outdoor Dog Kennel, demonstrating how to connect the frame, attach the door, secure the mesh, and install the roof cover.

4.2. Step-by-Step Assembly

1. **Set up the Foundation Framework:**

   Begin by assembling the base frame of the kennel. Connect the horizontal pipes (labeled 1 and 2 in the video) to form the rectangular base. Ensure all connections are secure. Use the provided bolts and clips (labeled A and E in the video) to reinforce the joints where vertical posts will be inserted.

2. **Install Vertical Supports and Top Frame:**

   Insert the vertical support pipes (labeled 9 and 7 in the video) into the base frame. Once the vertical supports are in place, assemble the top frame by connecting the horizontal pipes (labeled N and 5 in the video) to the top of the vertical supports. Ensure the top frame is level and securely attached.

3. **Assemble the Cage Door:**

   Construct the door frame using the designated pipes (labeled A, 5, 7, and 8 in the video). Once the door frame is assembled, attach the door latch mechanism (labeled D and H in the video) to the door frame.

4. **Fix the Door to the Framework:**

   Attach the assembled door to the main kennel framework using the provided hinges and screws (labeled B and F in the video). Ensure the door swings freely and the latch operates correctly.

5. **Spread and Fasten the Mesh:**

   Unroll and spread the large chain-link mesh around the assembled frame. Secure the mesh to the pipes using the provided fasteners (labeled K and I in the video). Ensure the mesh is taut and evenly distributed. Attach the smaller mesh section to the door frame.

6. **Install the Rain Cover:**

   Place the UV-proof and waterproof cover over the top frame of the kennel. Secure the cover to the frame using the provided ties or fasteners. Ensure the cover is properly aligned to provide maximum protection from sun, rain, and snow.

Figure 2: Kennel dimensions. This image illustrates the overall dimensions of the assembled kennel: 78.7 inches (200 cm) in length, 78.7 inches (200 cm) in width, and a height of 53.1 inches (135 cm) at the peak, with side walls at 39.4 inches (100 cm).

5. Operating Instructions

Using your GOLINPEILO Outdoor Dog Kennel is simple and designed for pet safety.

- **Door Operation:** The kennel features a lockable latch for secure closure. To open, lift the latch and pull the door outwards. To close, push the door shut and ensure the latch engages securely.
- **Placement:** Position the kennel in a suitable outdoor area, preferably on level ground, away from potential hazards. The UV-proof and waterproof cover provides protection from various weather conditions.
- **Pet Supervision:** While the kennel provides a secure enclosure, always supervise your pet, especially during initial use, to ensure their comfort and safety.

Figure 3: Close-up views of the lockable latch mechanism on the kennel door. These images show the components of the latch, designed for secure closure of the kennel door.

6. Maintenance

Regular maintenance will extend the life of your GOLINPEILO dog kennel.

- **Cleaning:** Clean the metal frame and mesh with mild soap and water. Rinse thoroughly and allow to air dry. The waterproof cover can be wiped clean with a damp cloth.
- **Inspection:** Periodically check all bolts, screws, and connections to ensure they remain tight. Inspect the mesh for any damage or sharp edges that could harm your pet.
- **Cover Care:** While the cover is UV-protected and waterproof, extreme weather conditions may require additional protection or temporary removal of the cover to prevent damage.

7. Troubleshooting

Problem	Possible Cause	Solution
Kennel feels unstable.	Loose connections or uneven ground.	Ensure all bolts and clips are tightened. Relocate the kennel to a flat, stable surface.
Door does not close properly.	Misaligned hinges or latch mechanism.	Check hinge alignment and adjust if necessary. Ensure no debris is obstructing the latch.
Water pooling on roof cover.	Cover not taut or improperly installed.	Re-adjust and tighten the cover fasteners to ensure proper tension and drainage.

8. Specifications
