Tiptiper V-LC

Tiptiper Makeup Vanity with Lights & Charging Station (Model V-LC) User Manual

Brand: Tiptiper

Introduction

Thank you for choosing the Tiptiper Makeup Vanity with Lights & Charging Station. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and optimal use of your new vanity. Please read this manual thoroughly before assembly and retain it for future reference.

Important Safety Information

To prevent injury or damage to the product, please observe the following safety guidelines:

- Do not expose the vanity to excessive water or cleaning agents.
- Exercise caution when using electrical components and always follow proper safety guidelines.
- Use appropriate tools and be aware of sharp edges or pinch points during assembly.
- Ensure all connections are secure before use.
- Keep small parts away from children during assembly to prevent choking hazards.

Setup and Assembly

Assembly of the Tiptiper Makeup Vanity requires careful attention to detail. It is recommended to have two people for certain steps. Please follow the instructions provided in the accompanying manual and the video below. Lay out all parts by their

numbered labels before starting.

Video: Detailed installation guide for the Tiptiper Makeup Vanity with Lights and Charging Station. This video demonstrates step-by-step assembly of all components, including the main desk, drawers, side cabinet, mirror, and electrical connections.

General Assembly Tips:

- Identify all parts and hardware using the provided labels.
- Assemble on a soft, clean surface to prevent scratches.
- Do not overtighten screws to avoid damaging the wood.
- Ensure all cam locks are fully engaged for stability.
- Connect the light bulbs and power strip according to the instructions.
- Remove the protective film from the mirror after assembly is complete.

Operating Instructions

1. Lighting System

The vanity features 10 LED bulbs with adjustable settings for optimal illumination.

- **Power On/Off:** Use the inline controller to turn the lights on or off.
- **Color Modes:** Cycle through 3 color temperature modes: warm yellow, warm white, and cool white.
- **Brightness Adjustment:** Adjust the brightness level for each color mode to suit your preference.

Image: The vanity's LED lights offer three color modes (Cold White, Warm White, Warm Yellow) and adjustable brightness.

2. Built-in Charging Station

A convenient power strip is integrated into the vanity for easy access to power.

- **AC Outlets:** Two standard 125V/12A AC outlets are available for hair dryers, curling irons, or other appliances.
- **USB Ports:** Two 5V/2.1A USB ports are provided for charging mobile phones, tablets, or other USB-powered devices.
- **Power Cord:** The charging station is connected via a 5.9-foot power cord.

3. Storage Features

The vanity offers multiple storage options to keep your items organized.

- **Drawers:** Two large drawers under the main tabletop and three smaller drawers in the side cabinet provide ample space for cosmetics and accessories.
- **Shelves:** Open shelves next to the mirror and inside the glass-door cabinet are suitable for displaying perfumes, lotions, or other beauty essentials.
- **Glass Door Cabinet:** A cabinet with a glass door offers enclosed storage and a stylish display area.

Maintenance

To maintain the appearance and longevity of your vanity, follow these care instructions:

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.
- **Electrical Components:** Ensure the power strip and lights are kept dry. Do not attempt to repair electrical components yourself.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors to avoid streaks or damage.

Troubleshooting

If you encounter any issues with your vanity, refer to the following common solutions:

- **Lights Not Working:**
  - Check if the power cord is securely plugged into a working outlet.
  - Ensure the inline controller is turned on.
  - Verify all light bulbs are properly screwed in and connected.
- **Charging Station Not Functioning:**
  - Confirm the vanity's main power cord is plugged in.
  - Test the outlets and USB ports with different devices to rule out device issues.
  - Ensure the power strip is correctly installed and connected internally.
- **Drawers Sticking or Not Closing Smoothly:**
  - Check if the drawer slides are properly aligned and free of obstructions.
  - Ensure the drawer contents are not overflowing or blocking movement.
  - Verify that all assembly screws for the drawer slides are securely tightened.
- **Vanity Instability:**
  - Ensure all cam locks and screws are fully tightened.
  - Verify the vanity is placed on a flat, level surface.
  - Re-check assembly steps to ensure all components are correctly installed.

Specifications
