MANSCAPED® The Body Buffer Instruction Manual

Model: 30-00250 | Brand: MANSCAPED

INTRODUCTION

The MANSCAPED® Body Buffer is a premium silicone body scrubber designed to nourish, clean, and exfoliate your skin, providing a superior full-body clean. Its innovative design aims to enhance your daily shower routine by offering a hygienic and effective alternative to traditional bathing tools.

PRODUCT FEATURES

- **Premium Silicone Construction:** Made from non-porous, food-grade silicone, designed to be more hygienic than traditional loofahs by holding less bacteria.
- **Enhanced Lather & Exfoliation:** Silicone-lengthened bristles promote a richer lather and gentle exfoliation, assisting in unclogging pores and reducing ingrown hairs.
- **Ergonomic Design:** Features an ergonomic no-slip handle for secure grip and easy maneuverability, allowing the compact shape to reach various body contours.
- **Convenient Storage:** Includes a built-in hanging feature for easy storage and quick drying, serving as a practical replacement for older scrubbers.
- **Compatibility:** Optimized to work effectively with hydrating body washes for an improved cleansing experience.

Figure 1: The MANSCAPED® Body Buffer alongside its product packaging.

SETUP

1. **Unpack:** Carefully remove The Body Buffer from its packaging.
2. **Initial Rinse:** Before first use, rinse The Body Buffer thoroughly under warm running water to remove any manufacturing residues.

OPERATING INSTRUCTIONS

Follow these steps for an optimal cleansing and exfoliating experience:

1. **Wet the Buffer:** Fully wet The Body Buffer under shower water.
2. **Apply Body Wash:** Dispense your preferred body wash directly onto the silicone bristles.
3. **Lather:** Gently rub the buffer against your skin or hands to create a rich lather. The silicone bristles are designed to

boost foam production.

4. **Cleanse and Exfoliate:** Using the ergonomic no-slip handle, scrub your body in circular motions. Apply gentle pressure for daily cleansing and slightly more pressure for exfoliation. The flexible design allows it to conform to body contours.
5. **Rinse:** After cleansing, rinse your body thoroughly to remove all soap and exfoliated skin.

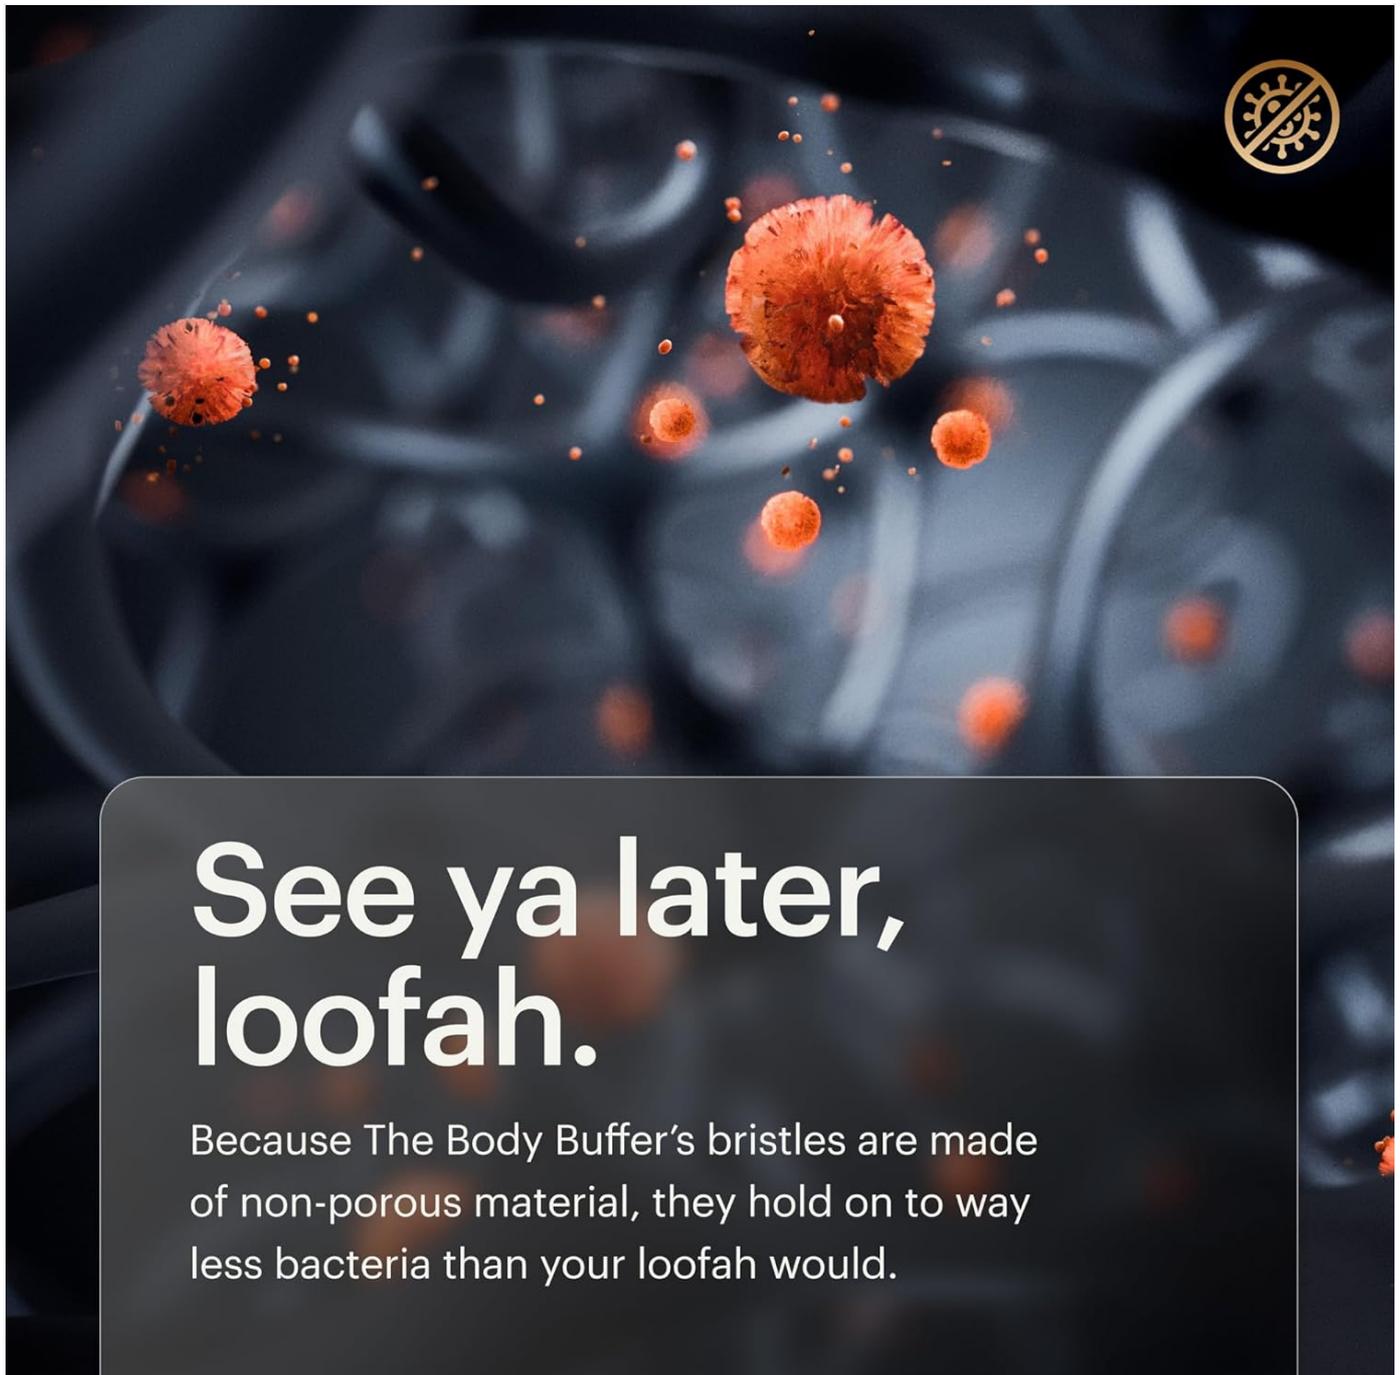

Figure 2: Applying body wash to The Body Buffer for enhanced lather.

Plays well with lathers.

The Body Buffer works great with our hydrating body wash, for the best lather a guy can get.

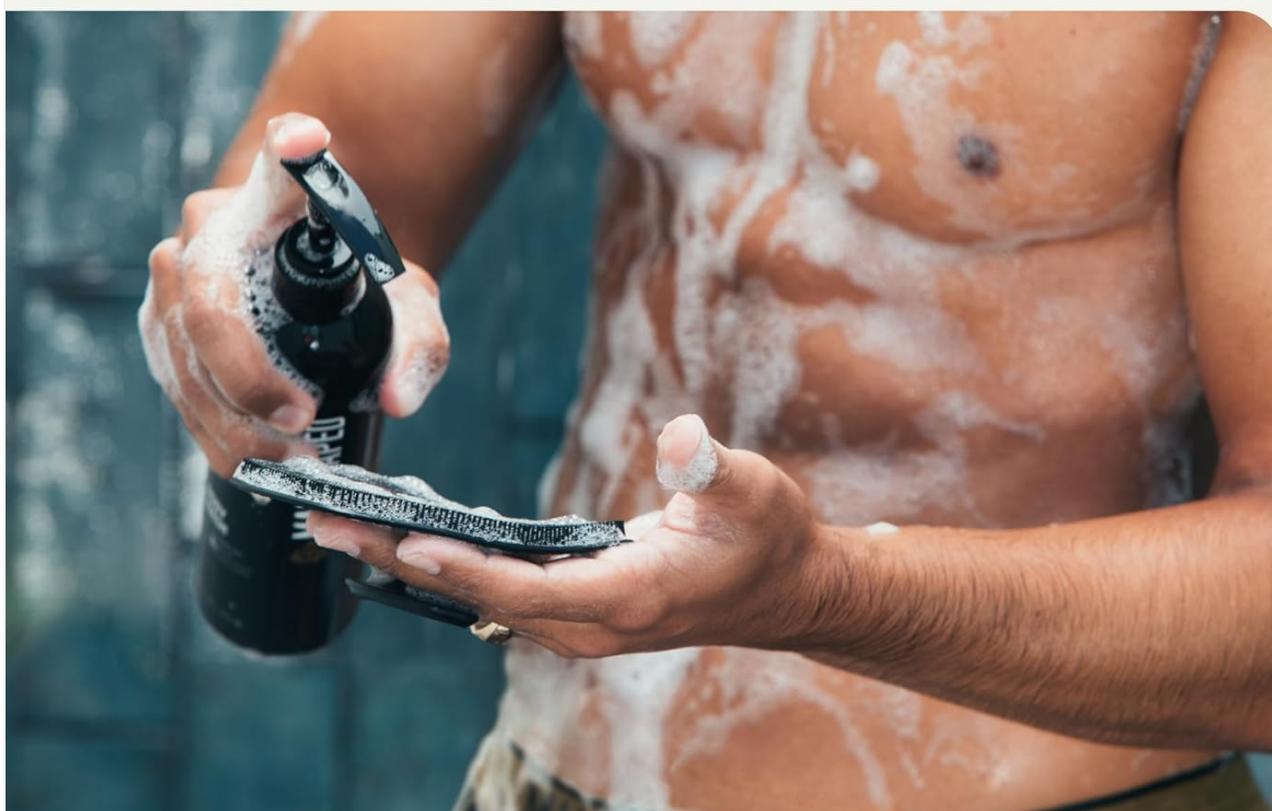

Figure 3: Demonstrating the ergonomic handle and flexible design for effective scrubbing.

MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your Body Buffer:

- **After Each Use:** Rinse The Body Buffer thoroughly under warm water to remove all soap residue and dead skin cells.
- **Drying:** Shake off excess water and hang the buffer using its built-in feature in a well-ventilated area to allow it to air dry completely. This prevents moisture buildup and maintains hygiene.
- **Deep Cleaning (Optional):** Periodically, you may clean the buffer with a mild soap solution or by boiling it for a few minutes to sterilize the silicone.

Figure 4: The non-porous silicone material of the bristles, designed for easy cleaning and reduced bacteria retention.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Insufficient Lather	Not enough body wash applied, or water not adequately mixed.	Apply a slightly larger amount of body wash. Ensure the buffer is thoroughly wet and rub it against your skin or hands to activate lather.
Skin feels too dry after use	Excessive scrubbing pressure or skin sensitivity.	Reduce pressure during scrubbing. Consider using a more hydrating body wash or applying a moisturizer after showering.
Buffer feels slippery during use	Soap residue on the handle or improper grip.	Rinse the handle area thoroughly. Ensure your hand is positioned correctly within the ergonomic grip.

SPECIFICATIONS

- **Material:** Silicone
- **Color:** Black
- **Model Number:** 30-00250
- **UPC:** 810040572876
- **Manufacturer:** MANSCAPED
- **Dimensions:** 6.26 x 5 x 1.97 inches
- **Weight:** 4.16 ounces

WARRANTY AND SUPPORT
