1. INTRODUCTION

This manual provides instructions for the safe and efficient use of your Topdeep 15x15 Inch 8-in-1 Heat Press Machine. This versatile machine is designed for transferring images onto various items such as T-shirts, caps, mugs, and plates. Please read this manual thoroughly before operation to ensure proper usage and to prevent damage to the machine or injury.

2. SETUP

2.1 Unpacking and Initial Inspection

1. Carefully remove all components from the packaging.
2. Inspect the machine for any signs of damage during transit. If damage is found, contact customer support immediately.
3. Ensure all listed accessories are present: 15x15 Heat Press for T-shirt, 5.5"x 3" Hat press, 6oz Mug press, 11oz Mug press, 12oz Latte mug (Cone), 17oz Latte mug (Cone), 5" Plate Press, 6" Plate Press, and two Teflon sheets.

2.2 Placement

Place the heat press machine on a stable, heat-resistant surface. Ensure adequate clearance around the machine for safe operation and heat dissipation.

2.3 Power Connection

Connect the power cord to a grounded 110V power outlet. Ensure the power switch is in the OFF position

before plugging in.

3. OPERATING INSTRUCTIONS

3.1 Digital Control Panel

The digital control box allows precise setting of temperature and time. The display shows both the set temperature/time (PV/SV) and the current temperature/remaining time (TEMP/TIME).

- **Temperature Range:** 30-450 °F (0-250 °C)
- **Timer Range:** 0-999 seconds

To set the temperature and time:

1. Press the 'SET' button once to adjust the temperature. Use the up/down arrows to change the value. Press 'SET' again to confirm.
2. Press the 'SET' button twice to adjust the time. Use the up/down arrows to change the value. Press 'SET' again to confirm.

3. The machine will begin heating to the set temperature. An alarm will sound when the set time is completed.

3.2 Attaching Accessories

The 8-in-1 heat press features interchangeable attachments for various items. To change an attachment:

1. Ensure the machine is cool and unplugged.
2. Loosen the securing screws or levers holding the current attachment.
3. Carefully remove the attachment.
4. Align the desired attachment (e.g., mug press, hat press, plate press) with the mounting points and secure it firmly with the screws or levers.

MULTIPLE FUNCTIONS

Easily transfer images onto t-shirts, cups, hats, plates

You can change different accessories to make various designs.

8 ACCESSORIES TO CHANGE THE FUNCTION

Mug Press

Multiple Applications

Hat Press

Plate Press

2 Applications

Platen Press

Mugs

Hats

Plates

Clothes

3.3 Basic Heat Transfer Process (for T-shirts)

1. **Prepare Your Design:** Create or print your design onto transfer paper using appropriate ink.
2. **Pre-heat:** Turn on the machine and set the desired temperature and time according to your transfer material's specifications. Allow the machine to reach the set temperature.
3. **Position Item:** Place the T-shirt or fabric onto the lower platen. Use the 360° swing-away feature to move the heating element safely aside for easier placement.
4. **Pre-press (Optional):** Close the heat press for 5-10 seconds to remove moisture and wrinkles from the fabric. Open the press.
5. **Place Design:** Position your transfer paper with the design face down (or as per transfer paper instructions) onto the T-shirt. Cover with a Teflon sheet.
6. **Press:** Swing the heating element back over the platen. Lower the handle to apply pressure. The timer will begin counting down.
7. **Remove:** Once the timer alarm sounds, lift the handle and swing the heating element away. Carefully remove the transfer paper (hot or cold peel, as per paper instructions).

PRODUCT SPECIFICATIONS

Gross Weight: 46.3 lb / 21 kg

Product Size:

15.7 X 17.2 X 20.3 INCH

Image: Visual representation of the main steps for printing, from pattern creation to pressing the item.

3.4 Pressure Adjustment

The pressure knob located on top of the machine allows you to adjust the pressing force. Turn clockwise for more pressure and counter-clockwise for less pressure. Adjust as needed for different materials and transfer types.

EASY TO USE

Operation Steps

4. MAINTENANCE

- **Cleaning:** Ensure the machine is unplugged and cool before cleaning. Wipe the Teflon-coated heating plate with a soft, damp cloth. Do not use abrasive cleaners or sharp objects that could damage the non-stick surface.
- **Storage:** Store the heat press in a dry, dust-free environment when not in use.
- **Regular Checks:** Periodically check all screws and connections to ensure they are secure.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Machine does not power on	Power cord not connected; Power switch off; Outlet malfunction	Check power cord connection; Ensure power switch is ON; Test outlet with another device
Uneven heating	Heating element issue; Uneven pressure	Contact customer support; Adjust pressure knob for even distribution

Problem	Possible Cause	Solution
Transfer not adhering	Incorrect temperature/time; Insufficient pressure; Wrong transfer paper type	Verify settings with transfer material instructions; Increase pressure; Ensure correct transfer paper for material
Scorching of material	Temperature too high; Time too long; No Teflon sheet	Reduce temperature/time; Always use a Teflon sheet to protect material

6. SPECIFICATIONS

- **Brand:** Topdeep
- **Model Number:** H-388in1
- **Material:** Alloy Steel
- **Color:** Black
- **Product Dimensions (L x W x H):** 17.2" x 15.7" x 20.3"
- **Item Weight:** 46.3 pounds (21 kg)
- **Voltage:** 110 volts
- **Wattage:** 1400 watts
- **Temperature Range:** 30 °F - 450 °F (0 °C - 250 °C)
- **Timer Range:** 0-999 seconds
- **UPC:** 723496925496
