Yaheetech Twin Size Metal Bed Frame Instruction Manual

Model: YT-00117333-001

PRODUCT OVERVIEW

The Yaheetech Twin Size Metal Bed Frame features a vintage headboard and footboard, offering a farmhouse aesthetic. It provides heavy-duty steel slat support and ample under-bed storage, eliminating the need for a box spring.

Key Features:

- **HIGH HEADBOARD & FOOTBOARD:** By propping soft pillows behind your back, the high headboard creates a cozy snuggling spot for reading novels or browsing the web.
- **HIDE BEDROOM CLUTTER:** This all-steel bed frame offers 12.6 inches of space underneath the bed, enabling you to fit shoes, bags, luggage, and many other items without hassle.
- **BUILT FOR A RESTFUL NIGHT'S SLEEP:** The sturdy twin size platform bed features heavy-duty steel side rails, 12 built-in metal slats, and 6 support legs, ensuring a squeak-free sleep.
- **CLASSIC FARMHOUSE SENSIBILITY:** Showcases an adorned silhouette, graceful downward arches, and thick tube framework for a farmhouse appeal.
- **EASY-TO-FOLLOW INSTRUCTIONS:** All necessary hardware and tools are included, along with a clear instruction manual and assembly video.

SETUP AND ASSEMBLY

Follow these steps for proper assembly of your bed frame. All necessary hardware and tools are included in the package.

Step-by-Step Assembly:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the included installation manual to identify each part.
2. **Assemble Headboard and Footboard:** Connect the headboard and footboard sections using the provided screws and tools. Ensure all connections are secure.
3. **Attach Side Rails:** Connect the side rails to the assembled headboard and footboard. Use the L-shaped plates and screws for a stable structure.
4. **Install Metal Slats:** Place the metal slats across the side rails. Ensure each slat is properly seated in its designated notch and secured.
5. **Tighten All Connections:** Once all parts are in place, go back and tighten all screws and bolts to ensure maximum stability and prevent any wobbling or squeaking.

OPERATING INSTRUCTIONS

This platform bed frame is designed to be used without a box spring. Simply place your mattress directly onto the metal slats.

- **Mattress Placement:** Position your mattress centrally on the metal slats. The built-in slats are designed to prevent mattress sliding.
- **Under-Bed Storage:** Utilize the 12.6 inches of clearance beneath the bed for storing various items in bins or baskets.

Figure 5: Built-in slats prevent mattress sliding.

12.6 INCH OF GROUND CLEARANCE

Make full use of the space under the bed for storage.

Figure 6: Ample under-bed storage space.

CARE AND MAINTENANCE

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.
- **Regular Checks:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.

TROUBLESHOOTING

- **Squeaking Noises:** If the bed frame begins to squeak, check all connection points and tighten any loose bolts or screws. Ensure the mattress is properly centered on the slats.
- **Mattress Sliding:** While the bed is designed to prevent sliding, if your mattress shifts, ensure it is

correctly aligned with the frame. Consider using a non-slip mattress pad for added stability.

TECHNICAL SPECIFICATIONS

Attribute	Detail
