## SETUP

---

### Unpacking

Carefully remove each umbrella from its individual packaging. Inspect for any damage during transit. Retain packaging for potential returns or storage.

### First Use

Before first use, ensure the umbrella canopy is free from any obstructions. The auto-open mechanism is designed for immediate

deployment. Hold the umbrella away from your face and others when opening.

## OPERATING INSTRUCTIONS

---

### Opening the Umbrella

1. Hold the umbrella handle firmly with one hand.
2. Point the umbrella away from yourself and others.
3. Press the automatic switch button located on the shaft. The canopy will extend rapidly and lock into the open position.

### Closing the Umbrella

1. To close the umbrella, pull the canopy down towards the handle until it clicks into the closed position.
2. Secure the folded umbrella with the attached strap to keep it compact.

## MAINTENANCE

---

### Cleaning

To clean the transparent canopy, wipe with a damp cloth and mild soap if necessary. Rinse thoroughly with clean water and allow to air dry completely before storing. Do not use harsh chemicals or abrasive materials, as they may damage the canopy.

### Storage

Store umbrellas in a dry, cool place away from direct sunlight to prevent material degradation. Ensure the umbrella is fully dry before folding and storing to prevent mildew and maintain clarity of the canopy.

## TROUBLESHOOTING

---

### Umbrella Does Not Open Automatically

- Ensure the automatic switch button is fully depressed.
- Check for any obstructions in the mechanism or canopy.
- Do not force the umbrella open, as this may cause damage.

### Canopy Does Not Fully Close

- Gently pull the canopy down until the locking mechanism engages.
- Ensure no fabric is caught in the frame or ribs.

### Water Leaks Through Canopy

- Inspect the canopy for any tears, punctures, or seam separations.
- While the material is waterproof, significant damage can compromise its integrity.
