

Legami Panda

Legami Sweet Dreams Panda Night Light User Manual

Model: Panda Night Light

1. PRODUCT OVERVIEW

The Legami Sweet Dreams Panda Night Light is designed to provide a comforting, multi-color illumination for children's bedrooms. This battery-powered night light features a gradual color-changing function across four distinct colors, offering up to 20 hours of continuous operation on a single set of batteries. Its compact and charming panda design makes it an ideal companion for young children.

2. PACKAGE CONTENTS

- 1 x Legami Sweet Dreams Panda Night Light
- 3 x LR44 Batteries (pre-installed or included separately)

Image 2: The retail packaging for the Legami Sweet Dreams Panda Night Light.

3. SETUP

1. **Unpack:** Carefully remove the night light and any accessories from its packaging.
2. **Battery Installation:**

The night light requires 3 x LR44 batteries. These are typically included and may be pre-installed. If not, locate the battery compartment, usually at the base of the unit. Open the compartment, insert the batteries according to the polarity markings (+/-), and securely close the compartment.

Note: Ensure batteries are inserted correctly to prevent damage to the device.
3. **Placement:** Place the night light on a stable, flat surface in the desired location within the child's room. Ensure it is away from direct heat sources or moisture.

4. OPERATING INSTRUCTIONS

1. **Power On/Off:** Locate the power switch or button, typically on the base of the night light. Press or slide it to the "ON" position to activate the light. Press or slide it to the "OFF" position to turn it off.

2. **Color Changing Function:** Once powered on, the night light will automatically cycle through its four available colors (green, blue, red/pink, purple) in a gradual transition. There is no manual selection for individual colors; the light transitions automatically.
3. **Battery Life:** The night light provides approximately 20 hours of continuous illumination on a fresh set of LR44 batteries.

5. MAINTENANCE

- **Cleaning:** Wipe the night light with a soft, dry cloth. Do not use abrasive cleaners or immerse the unit in water.
- **Battery Replacement:** When the light dims or stops functioning, replace all three LR44 batteries with new ones. Ensure correct polarity during installation. Dispose of old batteries responsibly according to local regulations.
- **Storage:** If storing the night light for an extended period, remove the batteries to prevent leakage and potential damage.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Night light does not turn on.	<ul style="list-style-type: none">Batteries are dead.Batteries are inserted incorrectly.Power switch is in the "OFF" position.	<ul style="list-style-type: none">Replace with new LR44 batteries.Check battery polarity and reinsert correctly.Ensure the power switch is set to "ON".
Light is dim or flickers.	<ul style="list-style-type: none">Batteries are low.	<ul style="list-style-type: none">Replace with new LR44 batteries.
