### KRUPS KM207D10

# KRUPS Simply Brew Multi-Serve 4-in-1 Coffee Maker

Model: KM207D10

Brand: KRUPS

## 1. INTRODUCTION

The KRUPS Simply Brew Multi-Serve 4-in-1 Coffee Maker (Model KM207D10) is designed for versatile coffee brewing, offering options to brew directly into a travel tumbler, a mug, or the included 14 fl oz glass carafe. This compact appliance features a permanent filter, eliminating the need for paper pods, and includes a stainless steel double-walled travel tumbler to keep your coffee hot for extended periods.

Image 1.1: KRUPS Simply Brew Multi-Serve 4-in-1 Coffee Maker with included glass carafe, stainless steel travel tumbler, permanent filter, and measuring spoon.

## 2. SETUP

### 2.1 Unpacking and Initial Cleaning

1. Carefully remove all components from the packaging.
2. Wash the glass carafe, travel tumbler, permanent filter basket, and measuring spoon in warm, soapy water. Rinse thoroughly and dry.
3. Wipe the exterior of the coffee maker with a damp cloth.

### 2.2 Component Identification

- **Water Reservoir:** Located at the back of the unit, with an easy-view max capacity indicator.
- **Brew Basket:** Houses the permanent filter for ground coffee.
- **Dispenser:** Where brewed coffee exits the machine.
- **Adjustable Base:** Accommodates different cup sizes, including the travel tumbler and glass carafe.
- **Master On/Off Button:** Located on the side of the unit.

Image 2.1: Key components of the coffee maker, including the large opening for refills, easy-view max capacity for water, 14 oz glass carafe,

adjustable base, and master on/off button.

## 2.3 First Use (Cleaning Cycle)

Before brewing coffee for the first time, run a cleaning cycle to remove any manufacturing residues.

1. Fill the water reservoir to the 'Max' level with fresh, cold water.
2. Place the empty glass carafe on the adjustable base.
3. Ensure the brew basket is empty and properly seated.
4. Press the Master On/Off button to start the cycle.
5. Allow the full cycle to complete. Discard the water from the carafe.

## 3. OPERATING INSTRUCTIONS

### 3.1 Brewing Coffee

1. **Fill Water Reservoir:** Open the top lid and fill the water reservoir with fresh, cold water. Use the water level indicator on the side to measure the desired amount. For single servings, you can fill your mug or tumbler with water and pour it into the reservoir.

Image 3.1: A hand pouring water into the coffee maker's large opening for easy filling.

2. **Add Ground Coffee:** Place the permanent filter basket into the brew basket. Use the included measuring spoon to add your desired amount of ground coffee into the filter. The coffee maker is designed for ground coffee, eliminating the need for pods.

Image 3.2: A hand using the included measuring spoon to add ground coffee into the permanent filter, highlighting the no-pod design.

3. **Select Brewing Vessel:** Place your chosen vessel (glass carafe, travel tumbler, or personal mug) on the adjustable base. Ensure it is centered under the dispenser.

## CHOOSE THE PERFECT WAY TO BREW YOUR COFFEE

Brew fresh ground coffee into travel mug, glass carafe, your own mug or use the accessory to drip coffee

**\*Cups are not included with the coffee maker**

Image 3.3: The coffee maker demonstrating its multi-serve capability, brewing into a travel tumbler, glass carafe, or a personal mug.

4. **Start Brewing:** Press the Master On/Off button located on the side of the coffee maker. The brewing process will begin.

### 3.2 Pour-Over Accessory

The coffee maker includes a pour-over accessory for manual brewing. To use this feature, place the accessory over your mug and manually pour hot water over the ground coffee in the filter.

Video 3.1: An official product video from Groupe SEB (KRUPS) demonstrating the various functions and features of the 4-in-1 coffee maker, including its multi-serve options and ease of use.

## 4. MAINTENANCE

### 4.1 Cleaning

- **Daily Cleaning:** After each use, discard used coffee grounds. Wash the permanent filter, glass carafe, and travel tumbler in warm, soapy water. Rinse thoroughly and dry. The manufacturer states that the coffee maker is not dishwasher safe.
- **Exterior Cleaning:** Wipe the exterior of the coffee maker with a soft, damp cloth. Do not use abrasive cleaners or scouring pads.

### 4.2 Descaling

Mineral deposits from water can build up in your coffee maker over time, affecting performance and coffee

taste. Descale your coffee maker regularly (e.g., every 2-3 months, or more often if you have hard water).

1. Fill the water reservoir with a solution of white vinegar and water (e.g., 1 part vinegar to 2 parts water).
2. Place the empty glass carafe on the adjustable base.
3. Run a full brewing cycle without coffee grounds.
4. After the cycle, discard the vinegar solution.
5. Run 2-3 cycles with fresh, cold water to rinse the system thoroughly.

## 5. TROUBLESHOOTING

- **Coffee Not Brewing:** Ensure the coffee maker is plugged in, the Master On/Off button is pressed, and the water reservoir contains sufficient water. Check that the brew basket and carafe are correctly positioned.
- **Coffee Leaking:** Verify that the carafe or mug is properly seated on the adjustable base and that the brew basket is correctly installed. Ensure the water reservoir lid is closed.
- **Coffee Not Hot Enough:** Ensure the brewing cycle completes fully. For optimal heat retention, pre-warm your mug or tumbler with hot water before brewing. The double-walled travel tumbler is designed to keep coffee hot for longer.
- **Overflow of Grounds:** Ensure you are not overfilling the permanent filter with coffee grounds. Use the recommended amount for your desired strength.

## 6. SPECIFICATIONS

Feature	Specification
Brand	KRUPS
Model Name	Simply Brew To Go
Item Model Number	KM207D10
Color	Black
Product Dimensions	7.95"D x 11.81"W x 5.47"H
Item Weight	14 ounces
Coffee Maker Type	Drip Coffee Machine
Style	Thermal & Glass (2-Cup)
Special Feature	Thermal
Coffee Input Type	Ground Coffee
Operation Mode	Manual
Included Components	Permanent Filter, 15 fl oz Double-Walled Tumbler, 14 fl oz Glass Carafe, Pour-Over Accessory, Measuring Spoon
