Tailulu D10-Filter2

Tailulu D10 Replacement Filter Instruction Manual

Comprehensive guide for the installation and maintenance of your Tailulu D10 Air Purifier Replacement Filter.

PRODUCT OVERVIEW

The Tailulu D10 Replacement Filter is specifically designed to maintain the optimal performance of your Tailulu D10 Air Purifier. This 3-in-1 filtration system ensures high-efficiency air cleaning, contributing to a healthier indoor environment.

KEY FEATURES

- **Exclusive Design:** Tailored specifically for the Tailulu D10 air purifier.
- **Superior Filtration:** Features a 3-in-1 system including a Pre-filter, H13 True HEPA filter, and Activated Carbon filter.
- **High Efficiency:** Purifies 99.97% of 0.3-micron particles, targeting dust, pollen, PM 2.5, pet dander, smoke, cooking smells, hair, and odors.
- **Quality Materials:** Constructed from premium non-woven fabric and charcoal for effective and safe air cleaning.
- **Cost-Effective:** Designed for year-round air cleaning needs with an economical replacement cycle.

Three-Stage Filtration System

FILTER INSTALLATION AND REPLACEMENT

It is recommended to replace the filter every 3-6 months, depending on usage and air quality. Always remove the plastic packaging from the new filter before installation.

1. **Step 1:** Flip the air purifier upside down and rotate the bottom cover counter-clockwise to unlock it.
2. **Step 2:** Remove the bottom cover and carefully pull out the used filter.
3. **Step 3:** Insert the new Tailulu D10 Replacement Filter into the air purifier. Ensure it is seated correctly.
4. **Step 4:** Place the bottom cover back onto the machine and twist it clockwise until you hear it click securely in place.
5. **Step 5:** After replacing the filter, press and hold the filter indicator/reset button on the air purifier for 3 seconds to reset the filter life indicator.

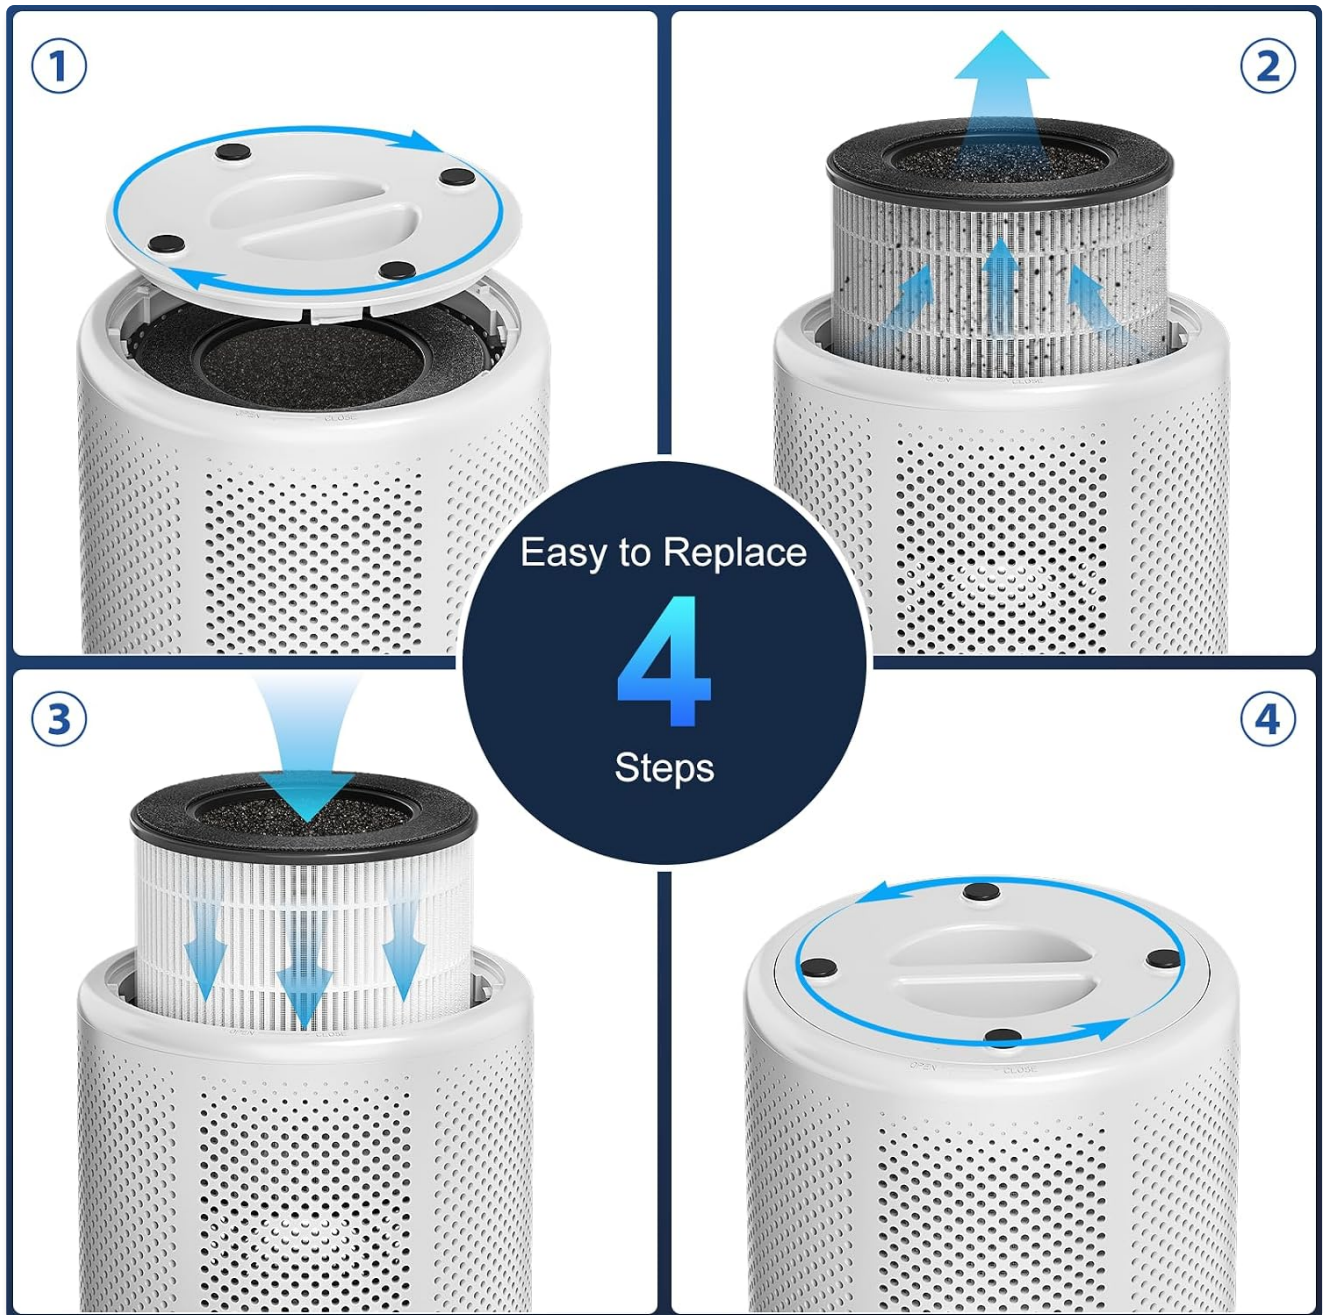

Image: A visual guide demonstrating the four steps for easy filter replacement.

1. After installing the filter, please press and hold the button about 3 seconds until it goes out, and then use air purifier normally

AIR PURIFIER OPERATION (WITH D10 FILTER)

While this manual focuses on the replacement filter, understanding the basic operation of your Tailulu D10 Air Purifier is essential for optimal air quality.

- **Power On/Off:** Use the dedicated button on the control panel to turn the unit on or off.
- **Fan Speed:** Adjust the fan speed (low, medium, high) to suit your preference and room size. The Tailulu D10 operates at a low noise level of 15 decibels.
- **Timer Function:** Set the purifier to operate for specific durations (e.g., 2, 4, 6, or 8 hours) using the timer button.
- **Child Lock:** Activate the child lock feature to prevent accidental changes to settings.
- **Night Light:** The air purifier may include an optional night light feature for added convenience in bedrooms.

MAINTENANCE

Regular filter replacement is crucial for maintaining the efficiency of your Tailulu D10 Air Purifier. The filter should be replaced every 3-6 months, depending on the frequency of use and the air quality in your environment. The air purifier will typically indicate when a filter change is due.

- **Filter Lifespan:** Replace every 3-6 months.
- **Pre-use:** Always remove the plastic packaging from new filters before installation.

TROUBLESHOOTING

If you encounter any issues with your replacement filter or the air purifier after installation, please ensure the filter's plastic packaging has been removed and that the filter is correctly seated. If problems persist, refer to the support information below.

SPECIFICATIONS

Attribute	Detail
Brand	Tailulu
