2. WHAT'S INCLUDED

Your OLOV Electric Body Hair Trimmer package includes the following components:

- OLOV Electric Body Hair Trimmer Unit
- Standard Ceramic Blade Head (pre-installed)
- Nose Hair Trimmer Head
- Replacement Ceramic Blade Head
- USB Charging Dock
- USB Charging Cable
- Two Guide Combs (e.g., 3-6mm, 9-12mm)
- Cleaning Brush

3. SETUP

3.1 Charging the Trimmer

1. Connect the USB charging cable to the charging dock.
2. Plug the USB cable into a compatible USB power adapter (not included) or a USB port.
3. Place the trimmer unit into the charging dock. The indicator light on the trimmer will illuminate to show it is charging.
4. Allow approximately 90 minutes for a full charge. A full charge provides up to 90 minutes of cordless operation.

3.2 Attaching/Detaching Trimmer Heads

1. To detach a head: Gently push the blade head upwards from the trimmer body until it clicks off.
2. To attach a head: Align the desired head (standard, nose, or replacement) with the trimmer body and press down firmly until it clicks into place.

3.3 Attaching Guide Combs

For the standard ceramic blade head, you can attach one of the two provided guide combs to achieve different hair lengths. Simply slide the comb onto the blade head until it securely locks.

4. OPERATING INSTRUCTIONS

4.1 Powering On/Off

Press the power button located on the front of the trimmer to turn the device on or off.

4.2 General Body Trimming

1. Ensure the desired blade head and guide comb (if needed) are securely attached.
2. For best results, trim against the direction of hair growth.
3. Use gentle, even strokes. Avoid applying excessive pressure to prevent skin irritation.
4. The trimmer is suitable for use on various body areas, including legs, chest, back, and armpits.

4.3 Nose Hair Trimming

Attach the nose hair trimmer head. Carefully insert the trimmer tip into your nostril or ear canal. Move the trimmer gently in a circular motion to trim unwanted hair. Do not insert too deeply.

4.4 Wet/Dry Use

The OLOV trimmer is 100% waterproof and can be used in the shower for convenient wet trimming. It can also be used dry. Always ensure the device is fully charged before wet use.

4.5 Safety Precautions

- Avoid contact with eyes.
- Keep away from infants.
- Do not use near water sources unless the trimmer is specifically designed for wet use, as is the case with this product.
- Ensure the blades are clean and free of debris before each use.
- Do not use if blades are damaged or bent.

5. MAINTENANCE

5.1 Cleaning the Trimmer

1. Turn off the trimmer and detach the blade head.
2. Use the provided cleaning brush to remove any loose hairs from the blade and trimmer body.
3. Rinse the blade head under running water. The trimmer body can also be rinsed due to its waterproof design.
4. Allow all parts to air dry completely before reattaching or storing.

5.2 Replacing Blades

The ceramic blades are designed for durability, but regular replacement is recommended for optimal performance. Replace the blade head by detaching the old one and attaching a new one as described in Section 3.2.

5.3 Storage

Store the trimmer in its charging dock or a dry place away from direct sunlight and extreme temperatures. Ensure the trimmer is clean and dry before storage.

6. TROUBLESHOOTING

- **Trimmer not turning on:** Ensure the trimmer is fully charged. Check if the power button is pressed firmly.
- **Poor trimming performance/tugging:** Clean the blades thoroughly. Ensure the blade head is securely attached. Consider replacing the blade head if it feels dull.
- **Charging issues:** Ensure the USB cable is properly connected to both the dock and a working power source. Check the charging contacts on the trimmer and dock for any debris.
- **Excessive noise:** A slight hum is normal during operation. If the noise is unusually loud or grinding, ensure the blade head is correctly attached and clean.

7. SPECIFICATIONS

Feature	Specification
Brand	OLOV
Model Number	ol-32
Product Dimensions	3.94 x 1.57 x 1.18 inches
Item Weight	3.53 ounces (100 Grams)
