Tailulu Filter	Unofficial Filter
Perfect Size	Wrong Size
High Performance	Poor Performance
Superior Quality	Low Quality

Image: The Tailulu D09 True HEPA Replacement Filter, showing its genuine quality and design.

The filter features a multi-stage filtration system to effectively capture various airborne particles and odors.

COMPATIBILITY

This replacement filter is exclusively designed for the **Tailulu D09 Air Purifier**. Using unofficial or incompatible filters may reduce performance and void your air purifier's warranty.

Image: A visual guide illustrating that the filter is compatible only with the Tailulu D09 air purifier, and not with other models like HQZZ-160, D10, or HOZZ-60.

SETUP AND INSTALLATION

Follow these steps to replace the filter in your Tailulu D09 air purifier:

1. **Prepare the Filter:** Remove the new filter from its plastic packaging before installation.
2. **Access the Filter Compartment:** Flip the air purifier upside down and rotate the bottom cover counter-clockwise to unlock and remove it.
3. **Remove Old Filter:** Carefully remove the used filter from the air purifier.
4. **Insert New Filter:** Place the new Tailulu D09 replacement filter into the air purifier, ensuring it fits securely.
5. **Secure the Cover:** Place the bottom cover back onto the machine and twist it clockwise until you hear it click firmly into place.
6. **Reset Filter Indicator:** With the air purifier powered on, press and hold the filter indicator button for 3 seconds to reset the filter life monitor.

Easy To Replace Filter

OPERATING PRINCIPLES (FILTRATION SYSTEM)

The Tailulu D09 replacement filter utilizes a 3-in-1 filtration system to ensure comprehensive air purification:

- **Pre-filter:** Captures larger particles such as lint, fibers, hair, and pet fur, extending the life of subsequent filters.
- **H13 True HEPA Filter:** Traps 99.97% of airborne particles as small as 0.3 microns, including dust, pollen, pet dander, and mold spores.
- **Activated Carbon Filter:** Absorbs smoke, volatile organic compounds (VOCs), fumes, pet odors, and cooking smells.

3-Stage Filtration

Image: An exploded view diagram showing the three layers of the filter: Pre-filter, H13 True HEPA Filter, and Activated Carbon Filter, with descriptions of what each layer captures.

This multi-layer design ensures efficient removal of various contaminants, improving indoor air quality.

More Efficient, Less Allergens

The high efficiency H13 True HEPA filter refresh the air for a 224sq.ft room in just 10 minutes.

MAINTENANCE

Regular filter replacement is essential for optimal air purifier performance and air quality. The filter life depends on usage and air quality conditions.

- **Replacement Frequency:** It is recommended to replace the filter every 3-6 months.
- **Filter Indicator:** The air purifier's filter indicator light will illuminate when a replacement is due (typically after 1440 hours of use). Follow the 'Reset Filter Indicator' step in the Setup section after replacing the filter.

High Performance

The 360 ° air intake filter efficiently removes pollutants from any direction.

TROUBLESHOOTING

If you experience issues with your air purifier after replacing the filter, consider the following:

- **Filter Indicator Still On:** Ensure you have pressed and held the filter indicator button for 3 seconds after installing the new filter. If the light persists, repeat the reset process.
- **Reduced Airflow or Odor:** Verify that the plastic packaging has been completely removed from the new filter. Ensure the filter is correctly seated and the bottom cover is securely locked.
- **Unusual Noise:** Check that the filter is properly installed and not obstructing any moving parts. Ensure the bottom cover is fully secured.

For any persistent issues or concerns, please refer to the Support section for contact information.

SPECIFICATIONS

Brand	Tailulu
Model Number	PUR0006_P
Filter Type	3-in-1 True H13 HEPA Filter (Pre-filter, H13 HEPA, Activated Carbon)
Contaminant Filtration Capability	99.97% of 0.3-micron particles
Product Dimensions (D x W x H)	5.6" x 5.6" x 5.84"
Item Weight	0.44 Pounds
