American Exchange 9714S-42-G02

American Exchange Men's Quartz Movement Analog Watch and Multi-Purpose Tool Instruction Manual

Model: 9714S-42-G02

INTRODUCTION

This manual provides essential instructions for the setup, operation, and maintenance of your American Exchange Men's Quartz Movement Analog Watch and Multi-Purpose Tool. Please read this manual thoroughly to ensure proper use and longevity of your product.

PRODUCT COMPONENTS

- American Exchange Men's Quartz Movement Analog Watch
- Multi-Purpose Tool
- Zippered Travel Pouch

SETUP

1. Setting the Watch Time

1. Pull the crown (the small knob on the side of the watch case) out to the furthest position.
2. Rotate the crown clockwise or counter-clockwise to set the hour and minute hands to the correct time.
3. Push the crown back into its original position to start the watch movement.

2. Adjusting Sub-Dials

The watch features decorative sub-dials. These are typically for aesthetic purposes on this model and do not require adjustment. If your specific model has functional sub-dials for day/date, consult the manufacturer's website for detailed instructions.

3. Multi-Purpose Tool

The multi-purpose tool is ready for use upon removal from the travel pouch. No specific setup is required.

OPERATING INSTRUCTIONS

1. Using the Watch

Once the time is set, the watch will continuously display the current time. The quartz movement ensures accurate timekeeping.

2. Using the Multi-Purpose Tool

Carefully unfold the desired tool component from the main body. Ensure the tool is fully extended and locked into place (if applicable) before use. Exercise caution when handling sharp or pointed components.

Image: The American Exchange Men's Quartz Movement Analog Watch with a black silicone strap and a black multi-purpose tool. The watch features a black dial with silver markers and hands, and three decorative sub-dials. The multi-purpose tool is shown in its closed state, revealing a corkscrew on one side.

MAINTENANCE

1. Watch Care

- **Cleaning:** Wipe the watch with a dry, soft cloth. Avoid using liquids or harsh chemicals.
- **Water Exposure:** This watch is not designed for water immersion. Do not soak your watch in water. Avoid contact with sprays and perfumes.
- **Storage:** Store the watch in a dry place, preferably in the provided zippered travel pouch, when not

in use.

2. Multi-Purpose Tool Care

- **Cleaning:** Clean the tool with a damp cloth and dry thoroughly after each use to prevent corrosion.
- **Lubrication:** Periodically apply a small amount of light oil to the pivot points of the folding tools to ensure smooth operation.
- **Storage:** Keep the tool clean and dry, ideally in the zippered travel pouch.

Image: A side view of the American Exchange Men's Quartz Movement Analog Watch, showing its thickness and the texture of the black silicone strap. Next to it, the black multi-purpose tool is shown in its closed state, highlighting its compact design.

TROUBLESHOOTING

Watch Not Running

- **Check Crown:** Ensure the crown is fully pushed in. If it is pulled out, the watch will not run.
- **Battery:** If the watch stops running, the battery may need replacement. This should be done by a qualified watch technician.
