Bticino KG04P

Bticino KG04P Living Now 2-Module Dark Socket Cover Plate - Instruction Manual

Model: KG04P | Brand: Bticino

1. PRODUCT OVERVIEW

The Bticino KG04P Living Now 2-Module Dark Socket Cover Plate is a front cover with a lid designed for the Bticino Living Now series. This dark-finished component is specifically for the KG4141 2-module socket base. It serves as an aesthetic and protective element for your electrical installations. Please note that this cover plate must be completed with the appropriate electrical mechanism, support frame, and aesthetic frame (not included).

2. SAFETY INFORMATION

Please read all safety instructions before installation and use. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always disconnect power at the main circuit breaker or fuse box before installing or servicing any electrical components.
- Installation should only be performed by a qualified electrician or a person with adequate knowledge of electrical systems.
- Ensure all wiring connections are secure and comply with local electrical codes.
- Do not use this product if it appears damaged.
- Keep children away from electrical outlets and components.

3. PACKAGE CONTENTS

The package for the Bticino KG04P Living Now 2-Module Dark Socket Cover Plate typically includes:

- 1 x Bticino KG04P Living Now 2-Module Dark Socket Cover Plate with lid

Note: The electrical mechanism, support frame, and aesthetic frame are sold separately and are required for a complete installation.

4. SETUP AND INSTALLATION

This section provides general guidelines for installing the Bticino KG04P cover plate. Professional installation is recommended.

1. **Prepare the Installation Area:** Ensure the electrical mechanism and support frame are already securely mounted in the wall box.
2. **Disconnect Power:** Turn off the power to the circuit at the main electrical panel before proceeding. Verify that the power is off using a voltage tester.
3. **Attach the Aesthetic Frame (if separate):** If your setup includes a separate aesthetic frame, attach it to the support frame according to its specific instructions.
4. **Mount the Cover Plate:** Align the Bticino KG04P cover plate with the installed mechanism and frame. Gently press it into place until it clicks securely. Ensure the lid operates smoothly.
5. **Restore Power:** Once the cover plate is securely installed, restore power at the main electrical panel.
6. **Test Functionality:** Verify that the socket (once a plug is inserted) functions correctly and that the cover plate remains firmly in place.

5. OPERATING INSTRUCTIONS

The Bticino KG04P Living Now 2-Module Dark Socket Cover Plate is a passive component. Its primary function is to provide a finished appearance and protection for the electrical socket mechanism.

- To access the electrical socket, gently lift the hinged lid of the cover plate.
- After use, close the lid to protect the socket from dust and provide a clean aesthetic.

6. MAINTENANCE

To ensure the longevity and appearance of your Bticino KG04P cover plate, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surface with a soft, damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Inspection:** Periodically check the cover plate for any signs of damage, cracks, or loose fittings. If any damage is observed, replace the cover plate immediately.

- **Lid Functionality:** Ensure the hinged lid opens and closes smoothly. Do not force it if it feels stiff.

7. TROUBLESHOOTING

If you encounter any issues with your Bticino KG04P cover plate, consider the following:

- **Cover Plate Does Not Fit Securely:** Ensure that the correct electrical mechanism, support frame, and aesthetic frame (if applicable) are installed and properly aligned. The cover plate is designed for the Bticino Living Now 2-module system.
- **Lid is Stiff or Damaged:** Do not attempt to force or repair a damaged lid. If the lid is not functioning correctly or is broken, the cover plate should be replaced.
- **Aesthetic Issues:** If the cover plate appears scratched or discolored, it may be due to improper cleaning agents or general wear. Consider replacing it for aesthetic reasons.

For persistent issues or concerns regarding electrical functionality, consult a qualified electrician.

8. SPECIFICATIONS

Feature	Specification
Brand	Bticino
Manufacturer	BTICINO
Model Number	KG04P
Item Code	KG04P
Product Dimensions	31.3 x 8.2 x 1 cm
Item Weight	500 g
Voltage	128 (Note: This typically refers to the associated electrical mechanism, not the cover plate itself)
Power	64 (Note: This typically refers to the associated electrical mechanism, not the cover plate itself)
Batteries Required?	No
First Available Date	September 20, 2022
