1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Refer to the parts list in your included assembly guide to identify each piece.
2. **Assemble the Main Frame:** Follow the step-by-step diagrams in your assembly guide to connect the side panels, back panel, and top panel using the SwitchLock™ system and other provided hardware. Ensure all connections are secure.
3. **Install Shelves:** Insert the adjustable shelf into the desired position using the shelf pins.
4. **Assemble and Install Drawers:** Construct the two drawers according to the instructions. The drawer slides are pre-attached. Once assembled, slide the drawers into their respective compartments in the main frame. Attach the drawer handles.
5. **Attach Legs:** Securely fasten the metal legs to the bottom of the nightstand using the provided hardware.
6. **Connect Wireless Charger:** The wireless charging unit is integrated into the top panel. Route the power cable from the unit through the designated opening at the back of the nightstand. Connect the power cable to a suitable power adapter (not included) and then to a wall outlet.
