Audibax Onyx 130

Audibax Onyx 130 White Double X-Frame Keyboard Stand Instruction Manual

Model: Onyx 130 (10223042)

1. Introduction

Thank you for choosing the Audibax Onyx 130 White Double X-Frame Keyboard Stand. This stand is designed to provide stable and adjustable support for various electronic keyboards and pianos. Its robust construction and user-friendly features ensure a reliable experience for musicians.

This manual provides essential information for the correct assembly, operation, and maintenance of your keyboard stand. Please read it thoroughly before use to ensure optimal performance and safety.

2. Safety Information

- Ensure all components are securely fastened before placing any instrument on the stand.
- Do not exceed the maximum load capacity of 50 kg.
- Always adjust the height carefully, ensuring the locking mechanism is fully engaged.
- Keep hands and fingers clear of moving parts during adjustment to prevent pinching.
- Place the stand on a flat, stable surface to prevent tipping.
- Do not allow children to play with or climb on the stand.

3. Package Contents

Verify that all items are present in the package:

- Audibax Onyx 130 Double X-Frame Keyboard Stand (main frame with integrated non-slip pads)
- Hexagonal wrench (for assembly)

4. Setup and Assembly

The Audibax Onyx 130 stand is designed for quick and straightforward assembly. Follow these steps:

1. **Unfold the Stand:** Carefully remove the stand from its packaging. Gently pull the X-frame apart to begin unfolding it.
2. **Attach Arms:** Using the provided hexagonal wrench, securely attach the upper and lower support arms to the main X-frame structure. Ensure all screws are tightened to prevent wobbling.
3. **Initial Height Adjustment:** Before placing your instrument, adjust the stand to a comfortable playing height. Locate the central adjustment lever and mechanism.
4. **Secure Height:** Once the desired height is achieved, ensure the locking mechanism is fully engaged to prevent accidental collapse. The professional locking system ensures stability.
5. **Check Stability:** Gently shake the stand to confirm it is stable and all connections are secure.

This image shows the Audibax Onyx 130 White Double X-Frame Keyboard Stand in its fully assembled, upright position, ready for use. The white frame and black non-slip pads are clearly visible.

5. Operation

5.1 Adjusting Height

The Audibax Onyx 130 features an easy-to-use height adjustment system, allowing you to set the stand to your preferred playing position, up to a maximum height of 97 cm.

1. **Unlock:** Locate the adjustment lever at the center of the X-frame. Release the locking mechanism.
2. **Adjust:** Gently raise or lower the upper arms of the stand to the desired height.
3. **Lock:** Once the desired height is reached, firmly engage the locking mechanism to secure the stand in place. Ensure it clicks or locks into position to prevent movement.

This image provides a close-up view of the central height adjustment lever and locking mechanism on the Audibax Onyx 130 keyboard stand, highlighting its ease of use.

5.2 Placing Your Instrument

The stand is equipped with non-slip rubber pads on both the upper support arms and the lower feet to ensure maximum stability and protect your instrument and flooring.

- Carefully place your keyboard or digital piano onto the upper support arms.
- Ensure the instrument is centered and balanced on the stand.
- The non-slip pads will help keep your instrument securely in place during use.

Figure 3: Non-slip rubber pads on upper arms.

This image details the non-slip rubber pads located on the upper support arms of the Audibax Onyx 130 stand, designed to securely hold your instrument and prevent scratches.

6. Maintenance

- **Cleaning:** Wipe the stand with a soft, damp cloth to remove dust and dirt. Avoid abrasive cleaners or solvents that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Storage:** When not in use, the stand can be folded for compact storage and easy transport. Store in a dry place away from extreme temperatures.

7. Troubleshooting

- **Stand feels unstable:**
  - Ensure all assembly screws are fully tightened.
  - Verify the height adjustment locking mechanism is completely engaged.
  - Confirm the stand is placed on a flat, level surface.
- **Difficulty adjusting height:**
  - Check for any obstructions in the adjustment mechanism.
  - Ensure the locking lever is fully disengaged before attempting to adjust.

- **Instrument sliding on stand:**
  - Ensure the non-slip rubber pads are clean and free of debris.
  - Verify the instrument is centered and balanced on the support arms.

8. Specifications

Feature	Detail
Model Number	10223042
Brand	Audibax
Color	White
Material	Alloy Steel
Product Dimensions (L x W x H)	40 x 50 x 97 cm
Product Weight	4.68 kg
Maximum Load Capacity	50 kg
Assembly Required	Yes
Base Type	Pedestal/Leg

9. Warranty and Support
