

BestPet BP-PS33

BestPet 3-Wheel Pet Stroller (Model BP-PS33) Instruction Manual

Your guide to assembly, operation, and care.

INTRODUCTION

Thank you for choosing the BestPet 3-Wheel Pet Stroller. This manual provides essential information for the safe assembly, operation, and maintenance of your new pet stroller. Please read all instructions carefully before use and retain this manual for future reference.

This pet stroller is designed to provide a comfortable and secure way to transport your small to medium-sized pets, such as dogs and cats, during walks, travel, or outings. It features a durable frame, water-resistant fabric, and convenient storage options.

IMPORTANT SAFETY INFORMATION

- Always ensure your pet is securely fastened inside the stroller using a harness or leash attachment point to prevent them from jumping out.
- Do not exceed the maximum weight recommendation of **33 pounds (15 kg)**. Overloading can compromise stability and safety.
- Regularly check all parts for wear and tear, especially wheels, brakes, and fabric. Replace damaged components immediately.
- Do not leave your pet unattended in the stroller, especially on inclines or near traffic.
- Engage the wheel brakes when the stroller is stationary to prevent accidental movement.
- Keep fingers and hands clear of moving parts during folding and unfolding to avoid pinching.
- This stroller is not designed for use as a car seat.

PACKAGE CONTENTS

Before assembly, please verify that all components are present:

- Pet stroller frame
- Removable liner
- Cup holder
- Pad inside the cart
- Instruction Manual

SETUP AND ASSEMBLY

The BestPet 3-Wheel Pet Stroller is designed for quick and easy assembly. Follow these steps:

1. **Unfold the Frame:** Carefully remove the stroller frame from its packaging. Locate the folding mechanism (usually a latch or button on the handle or side) and release it to unfold the frame until it locks into place. Ensure all locking mechanisms are engaged.
2. **Attach Wheels:** Insert the wheels into their designated slots on the frame. You should hear a click, indicating they are securely attached. Ensure all three wheels are firmly in place.
3. **Install Cup Holder:** Attach the cup holder accessory to the handle bar. It typically clips or slides into position.
4. **Place Liner and Pad:** Insert the removable liner and the comfort pad into the pet compartment.

Figure 1: Stroller in unfolded and folded states, highlighting the easy assembly and folding mechanism for storage.

Folding for Storage: To fold the stroller, locate the folding release mechanism (often a button or lever near the handle or side of the frame). Engage this mechanism while gently pushing the handle forward or pulling it up, allowing the frame to collapse. Ensure it is fully collapsed for compact storage.

OPERATING INSTRUCTIONS

Placing Your Pet in the Stroller

1. Open the zippered entrance of the pet compartment.
2. Gently guide your pet into the stroller.
3. Secure your pet using the internal leash clip (if available) to their harness or collar.
4. Close the zipper securely. The mesh windows allow for ventilation and visibility.

Using the Brakes

The stroller is equipped with rear wheel brakes. To engage the brakes, press down on the red levers located near the rear wheels. To release, lift the levers up. Always engage the brakes when the stroller is stationary.

Maneuvering the Stroller

The front wheels are designed to rotate 360 degrees, providing excellent maneuverability. This allows for easy navigation through various terrains and tight spaces. For straight-line travel, the front wheels can be locked into a forward-facing position (if applicable to your model).

Figure 3: The stroller's flexible wheels are designed for various terrains, with 360-degree rotation for easy steering.

Additional Features

- **Cup Holder:** Use the integrated cup holder for beverages. Note that it is best suited for bottles or cups with secure lids to prevent spills.
- **Storage Basket:** An extra-large storage basket is located underneath the pet compartment, ideal for carrying pet supplies, personal items, or groceries.
- **Mesh Windows:** Multiple mesh windows provide ample airflow and allow your pet to view their surroundings, reducing anxiety.
- **Removable Pad:** The soft pad inside the cart offers additional comfort for your pet and is removable for cleaning.

Figure 4: Key features include a cup holder, waterproof fabric, safe brake wheels, ample storage, and a comfortable removable pad.

MAINTENANCE AND CARE

Proper maintenance will extend the life of your BestPet stroller.

- **Cleaning Fabric:** The Oxford cloth fabric is water-resistant. For general cleaning, wipe down with a damp cloth and mild soap. For tougher stains, a gentle fabric cleaner can be used. Allow to air dry completely.
- **Cleaning Removable Pad:** The removable pad can be hand-washed with mild detergent and air-dried.
- **Wheel Maintenance:** Periodically check the wheels for debris (e.g., hair, dirt) and clean as needed. Lubricate axles with a silicone-based spray if wheels become stiff.
- **Frame Care:** Wipe the alloy steel frame with a damp cloth to remove dirt. Avoid harsh chemicals that could damage the finish.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight when not in use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stroller is difficult to push or steer.	Wheels are dirty or jammed; front wheels are locked; uneven weight distribution.	Clean wheels of debris. Ensure front wheels are unlocked for swivel. Redistribute pet's weight evenly.
Stroller does not fold correctly.	Folding mechanism not fully disengaged; obstruction.	Ensure the folding release mechanism is fully activated. Check for any items obstructing the frame.
Brakes are not holding.	Brake mechanism is dirty or worn.	Clean the brake mechanism. If worn, contact customer support for replacement parts.
Pet attempts to jump out.	Pet not secured; pet is anxious.	Always use the internal leash clip to secure your pet's harness. Ensure zippers are fully closed. Acclimate your pet to the stroller gradually.
