SR SUN RISE SRSH-BNAJ1203

SR SUN RISE Shower System User Manual

Model: SRSH-BNAJ1203

Product Overview

The SR SUN RISE Shower System with Push Button Diverter offers a luxurious and high-pressure showering experience. Designed for wall-mounted installation, this system includes a 12-inch rain shower head and a handheld spray, all in a brushed nickel finish. It features an upgraded push-button diverter for easy function switching and a pressure balance valve to prevent water hammer noise and sudden temperature changes.

Safety Information

- Ensure all plumbing connections comply with local building codes and regulations.
- The system is cUPC certified and compliant with ASME A112.18.1-2018/CSA B125.1-18 standard.
- Flow Rate is 1.75 Gallons Per Minute (6.6L/min).
- Always turn off the main water supply before attempting any installation or maintenance.
- If you are unsure about any installation steps, consult a qualified plumber.

Package Contents

Verify that all components are present before beginning installation:

- 12 Inch Rain Shower Head

- 12 Inch Wall Mounted Shower Arm
- Adjustable Shower Bracket
- High Pressure Handheld Shower Head
- Pressure Balanced Shower Valve with Trims

Setup and Installation

For detailed installation instructions, please refer to the official Installation Manual (PDF) provided by SR SUN RISE. This section provides a general overview and key considerations.

Pre-Installation Checks:

- Ensure your plumbing connections are standard 1/2" U.S. plumbing connections.
- Confirm water pressure is within acceptable limits for optimal performance.
- Verify all necessary tools and materials are available.

Key Installation Steps:

1. Install the rough-in valve: The solid brass rough-in valve includes an embedded box to assist with installation.
2. Connect the shower arm: The 16-inch length of the shower arm is ergonomically designed to prevent showering against the wall and improve comfort.
3. Attach the rain shower head and handheld spray: Ensure secure connections to prevent leaks.
4. Install the trim and handle: The upgraded push-button diverter is designed for user-friendly operation.

Operating Instructions

Water Flow and Temperature Control:

The shower system features a single handle for controlling water flow and temperature. Twist the handle left for hot water and right for cold water. Pull the handle out to initiate water flow.

Figure 4: Control panel for water flow, temperature, and diverter functions.

Diverter Functions:

The upgraded push-button diverter allows for three modes of water discharge:

- **Rain Shower Only:** Press the button corresponding to the rain shower head.
- **Handheld Shower Only:** Press the button corresponding to the handheld shower.
- **Both Simultaneously:** Press both buttons to use the rain shower and handheld shower at the same time. The water pressure is maintained even when both are active.

The non-slip design of the push buttons ensures easy operation, even with soapy hands.

Water Hammer Prevention:

The pressure balance valve is equipped with two built-in check valves to effectively eliminate water hammer noise. The valve's cartridge monitors water pressure balance, helping to protect against sudden changes in hot or cold water pressure, ensuring a consistent and comfortable shower temperature.

Maintenance and Care

To ensure the longevity and optimal performance of your SR SUN RISE Shower System, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the brushed nickel finish with a soft cloth and mild soap or a non-abrasive cleaner specifically designed for bathroom fixtures. Avoid harsh chemicals or abrasive materials that can damage the finish.
- **Nozzle Maintenance:** The rain shower head and handheld shower head are equipped with easy-to-clean nozzles to prevent clogging. Gently rub the rubber nozzles to dislodge any mineral buildup.
- **General Inspection:** Periodically check all connections for any signs of leaks or wear. Tighten connections as needed.

Troubleshooting

If you encounter any issues with your shower system, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Low Water Pressure	Clogged nozzles, mineral buildup, or low household water pressure.	Clean shower head nozzles. Check main water supply and house pressure. Ensure no debris in the lines (as mentioned in a customer review).
Buttons Getting Stuck / Not Working	Internal mechanism issue or debris.	Try turning water off and on, and adjusting buttons multiple times. If persistent, contact customer service for cartridge replacement.
Leaking	Loose connections, damaged seals, or valve issue.	Check and tighten all connections. Inspect seals for damage. If leaking from the valve, contact customer service.

Problem	Possible Cause	Solution
Inconsistent Water Temperature	Pressure balance valve malfunction or external water usage.	The pressure balance valve is designed to prevent this. If issues persist, contact customer service for valve inspection.

If the problem persists after attempting these solutions, please contact SR SUN RISE customer service for further assistance.

Specifications

Feature	Detail
Brand	SR SUN RISE
Model Number	SRSH-BNAJ1203
Color	Brushed Nickel
Material	Brass (Valve, Handle), Stainless Steel (Shower Head, Handheld Wand)
Finish Type	Brushed
Mounting Type	Wall Mount
Number of Handles	2 (one for temperature/flow, two push buttons for diverter)
Rain Shower Head Size	12 inches
Flow Rate	1.75 Gallons Per Minute (6.6L/min)
Certifications	cUPC certified, ASME A112.18.1-2018/CSA B125.1-18 compliant, California Energy Commission approved
Item Weight	15.99 pounds (7.27 Kilograms)
Product Dimensions	12 x 13 x 6 inches
UPC	850066607640, 767738225098

Warranty and Support

The SR SUN RISE Shower System is backed by a**10-year warranty**. Any product quality problem can be guaranteed, and the shower cartridge is permanently replaced. SR SUN RISE is committed to customer satisfaction.

For any questions, concerns, or warranty claims, please contact our 24-hour customer service team. Contact information can typically be found on the product packaging or the official SR SUN RISE website.
