

Composad PI8977K76704 (compatible with AR8996, AR8998, AR9006 cabinets)

Composad SYSTEMA Cabinet Shelves Instruction Manual

Models: AR8996, AR8998, AR9006 Compatible

1. INTRODUCTION

This manual provides essential information for the safe and correct installation, use, and maintenance of your Composad SYSTEMA internal cabinet shelves. These shelves are designed to be compatible with Composad cabinet models AR8996, AR8998, and AR9006, enhancing their storage capacity and functionality.

2. SAFETY INFORMATION

Before proceeding with assembly and use, please read all safety instructions carefully. Failure to follow these instructions may result in injury or damage to the product or property.

- The product does not contain hazardous materials, components, substances, or preparations exceeding legally permitted limits that could be harmful to the user or the environment.
- To ensure user safety, assembly must be performed professionally by a qualified person following proper instructions.
- If necessary, secure the main cabinet furniture piece to the wall if it can support the load. Fixing plugs for wall mounting are not included with these shelves.
- Keep plastic bags and their contents (small parts) out of reach of children. There is a risk of swallowing plastic and metal components.
- Distribute the load evenly within the cabinet and on the shelves. Do not exceed the specified weight limit for the shelves or the cabinet.
- Avoid direct contact with liquids and/or heat sources. Place the cabinet and shelves in a cool and dry location.
- Avoid improper or foreseeably incorrect use compared to the furniture for which the item was designed and manufactured.

3. PRODUCT OVERVIEW

The Composad SYSTEMA internal cabinet shelves are designed to seamlessly integrate with specific Composad

cabinet models. They are crafted in Italy from eco-friendly, FSC-certified 100% recycled wood panels, ensuring both practicality and durability.

This image displays two individual Composad SYSTEMA internal cabinet shelves, presented in a light grey finish. They are shown as separate units, highlighting their rectangular shape and smooth surface.

Key Features:

- **Material:** Eco-friendly panel and FSC-certified 100% recycled wood.
- **Origin:** Designed and produced in Italy.
- **Dimensions (WxHxD):** 99.00 cm x 1.80 cm x 55.40 cm.
- **Quantity:** This product includes a pair of shelves (2 shelves).

4. SETUP AND INSTALLATION

These shelves are supplied as a flat-pack kit for self-assembly. While specific instructions for your cabinet model (AR8996, AR8998, AR9006) will be included with the main cabinet, the general installation process for these shelves involves:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components are present and undamaged.
2. **Identify Shelf Supports:** Locate the pre-drilled holes or existing shelf supports within your Composad cabinet.
3. **Insert Shelf Supports:** Insert the shelf supports (if provided separately with the cabinet) into the desired holes at the chosen height. Ensure supports are level and securely placed on both sides of the cabinet.
4. **Place Shelves:** Carefully place the Composad SYSTEMA shelves onto the installed supports. Ensure they sit flush and are stable.

5. **Check Stability:** Gently test the stability of the installed shelves before placing items on them.

This image shows a Composad SYSTEMA shelf successfully installed within a cabinet. The shelf is supporting neatly folded clothing and a cardboard storage box, demonstrating its practical use for organizing items.

Important: Always refer to the specific assembly instructions provided with your Composad cabinet for detailed steps and diagrams.

5. OPERATING AND USAGE

Once installed, the shelves provide additional storage space within your cabinet. To ensure longevity and safety:

- **Distribute Weight Evenly:** Always place items on the shelves so that the weight is distributed uniformly across the surface.
- **Do Not Overload:** Adhere to the maximum weight capacity specified for your cabinet and shelves. Overloading can cause damage or instability.
- **Avoid Direct Contact:** Do not place hot or wet items directly on the shelf surface without adequate protection, as this may cause damage or discoloration.

6. MAINTENANCE

To maintain the appearance and integrity of your Composad shelves, follow these simple care guidelines:

- **Cleaning:** Clean the shelf surfaces with a soft, slightly damp cloth.
- **Avoid Harsh Cleaners:** Do not use abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish.
- **Wipe Spills Immediately:** Promptly wipe away any liquid spills to prevent staining or material damage.
- **Environmental Conditions:** Keep the shelves away from direct sunlight, excessive humidity, and extreme temperature changes to prevent warping or fading.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your Composad SYSTEMA shelves.

- **Issue: Shelves are not level.**
Solution: Check that the shelf supports are inserted correctly and at the same height on both sides of the cabinet. Adjust as necessary.

- **Issue: Shelves feel unstable.**

Solution: Ensure all components are properly assembled according to the cabinet's instructions. Verify that the cabinet itself is stable and, if applicable, securely fastened to the wall. Ensure weight is evenly distributed.

- **Issue: Visible damage during assembly.**

Solution: If any parts are damaged upon unpacking or during assembly, please contact Composad customer support for replacement parts. Do not attempt to force damaged parts into place.

8. SPECIFICATIONS

Manufacturer	Composad srl
Item Model Number	PI8977K76704
Product Dimensions (DxWxH)	55.4 x 99 x 1.8 cm
