SHREALMS 39.4in Long Wall Light User Manual

Model: 7617654451350

INTRODUCTION

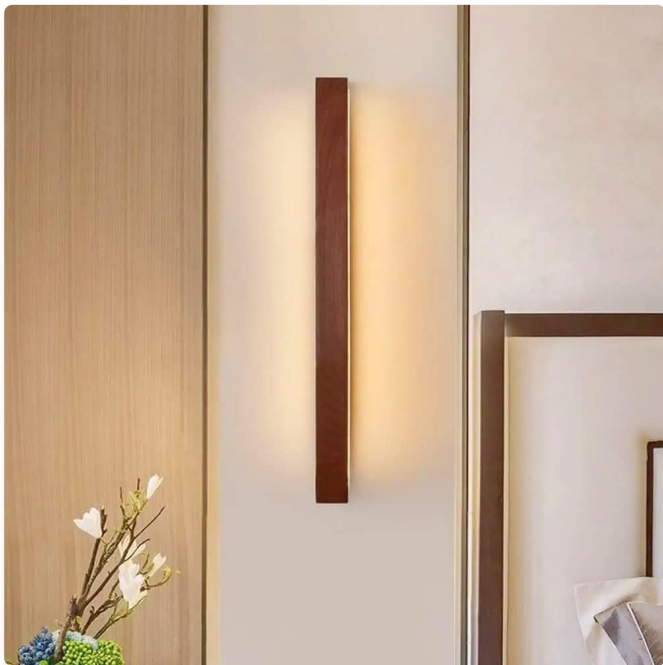

This manual provides comprehensive instructions for the installation, operation, and maintenance of your SHREALMS 39.4in Long Wall Light. This indoor 20W LED linear wooden sconce with an acrylic shade is designed to add a modern and warm ambiance to various spaces such as bedrooms, living rooms, and hallways. Please read this manual thoroughly before installation and use to ensure safe and optimal performance.

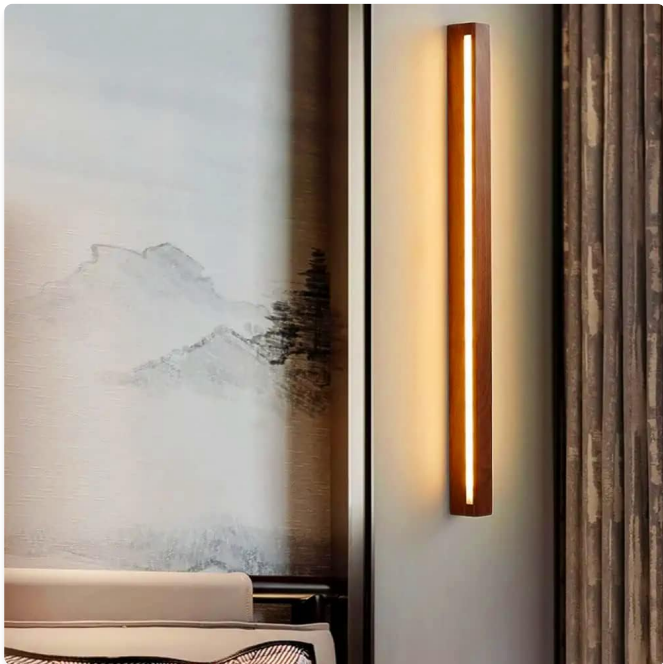

The SHREALMS 39.4in Long Wall Light, featuring a sleek walnut wood design and warm LED illumination.

PRODUCT OVERVIEW

The SHREALMS wall light features a stylish and simple design, providing a unique lighting effect and creating a warm atmosphere. It is constructed from walnut wood for the lamp body and PC material for the lampshade, ensuring durability and aesthetic appeal.

The linear wall light installed vertically, showcasing its elegant design.

Shade Color	Warm Color
Fixture Type	Non Removable
Assembly Required	No
Manufacturer	SHREALMS
Product Dimensions	39.37 x 1.42 x 1.02 inches (100 x 3.6 x 2.6 cm)
Item Weight	4.4 pounds
Item Model Number	7617654451350

SETUP AND INSTALLATION

This wall light is designed for easy wall/surface mounting and requires hard wiring. Please ensure the power is OFF before beginning installation.

Pre-installation Checklist

- Screwdriver
- Drill (if needed for pilot holes)
- Pencil for marking
- Wire strippers (if needed)
- Safety glasses

Installation Steps

1. **Confirm Installation Location:** Choose a suitable location on the wall. Use the mounting base to mark the drilling points. Fix the mounting base securely to the wall with screws.
2. **Connect Power Cord:** **IMPORTANT: Ensure power is cut off or the switch is turned off during this step**Open the buckle on the power connector, insert the power cord wires, and release the buckle to lock the connection.
3. **Attach Light Body:** Once the power cord is securely connected, snap the light body into the pre-installed mounting base/wall bracket. Ensure it is firmly seated.
4. **Test Functionality:** Turn on the power/switch to complete the installation and verify the light is functioning correctly.

OPERATING INSTRUCTIONS

The SHREALMS wall light is designed for simple operation. Once properly installed and wired, it can be controlled via a standard wall switch (Push Button type as per specifications) or potentially an app if integrated with a smart home system (as per specifications, though primary control is via switch).

Turning On/Off

- To turn the light ON, simply toggle the connected wall switch to the 'ON' position.
- To turn the light OFF, toggle the connected wall switch to the 'OFF' position.

The light provides a soft and romantic warm light (3000K), ideal for creating a comfortable ambiance without harsh glare.

The wall light providing warm illumination in a bedroom setting.

MAINTENANCE

Regular maintenance will help prolong the life and maintain the appearance of your SHREALMS wall light.

- **Cleaning:** Ensure the power is OFF before cleaning. Wipe the light fixture with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or acrylic shade.
- **Inspection:** Periodically check the wiring connections and mounting for any signs of wear or looseness. If any issues are found, consult a qualified electrician.
- **LED Longevity:** The integrated LED light source is designed for long-term use and is non-removable. No bulb replacement is necessary.

TROUBLESHOOTING

If you encounter any issues with your wall light, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power to the fixture; Loose wiring connection; Faulty wall switch.	Check circuit breaker/fuse. Ensure wall switch is ON. Verify all wiring connections are secure (with power OFF). If issues persist, consult a qualified electrician.
Light flickers	Loose wiring; Incompatible dimmer switch (if applicable); Faulty LED driver.	Check wiring connections (with power OFF). Ensure no dimmer switch is used unless specified as compatible. If flickering continues, contact customer support.
Light is dim or inconsistent	Power supply issue; Damaged LED components.	Verify stable power supply. If the problem persists, the internal LED components may be damaged; contact customer support.

If you are unable to resolve the issue using the troubleshooting guide, please contact SHREALMS customer support.

WARRANTY AND SUPPORT

SHREALMS is committed to providing high-quality products and excellent customer service. Your wall light is covered by our standard product warranty (details available upon request or on our official website).
