A4tech FG1010

A4tech FG1010 Wireless Keyboard and Mouse Combo User Manual

Model: FG1010
Brand: A4tech

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your A4tech FG1010 Wireless Keyboard and Mouse Combo. Please read this manual carefully before using the product to ensure optimal performance and longevity.

PACKAGE CONTENTS

- A4tech Wireless Keyboard (FG1010)
- A4tech Wireless Mouse (FG1010)
- USB Receiver
- User Manual (this document)
- *(Batteries may or may not be included depending on region/packaging. Please check packaging.)*

SETUP

1. Installing Batteries

The A4tech FG1010 Wireless Keyboard and Mouse require batteries for operation. Typically, the keyboard uses AAA batteries and the mouse uses AA batteries, but please refer to the battery compartments for specific requirements.

1. Locate the battery compartment on the underside of the keyboard and mouse.
2. Open the battery compartment cover.
3. Insert the required batteries, ensuring correct polarity (+ and -).
4. Close the battery compartment cover securely.

2. Connecting the USB Receiver

The keyboard and mouse share a single USB receiver for wireless connectivity.

1. Locate the USB receiver, usually stored within the mouse's battery compartment or packaged separately.
2. Plug the USB receiver into an available USB port on your computer.
3. Your computer should automatically detect and install the necessary drivers. This may take a few moments.
4. Once installed, the keyboard and mouse should be ready for use.

OPERATING INSTRUCTIONS

Keyboard Usage

- **Power On/Off:** Most wireless keyboards have a power switch, often located on the underside or top edge. Ensure it is in the "On" position.
- **Function Keys:** The keyboard includes standard function keys (F1-F12) and multimedia keys. Refer to the keycap legends for specific functions.
- **Num Lock/Caps Lock/Scroll Lock Indicators:** LEDs on the keyboard indicate the status of Num Lock, Caps Lock, and Scroll Lock.

Mouse Usage

- **Power On/Off:** The mouse typically has a power switch on its underside. Turn it "On" for use and "Off" to conserve battery life when not in use.
- **DPI Adjustment:** Some A4tech mice feature a DPI button to adjust cursor sensitivity. If present, it is usually located near the scroll wheel.
- **Ergonomic Design:** The mouse is designed for comfortable use. Position your hand naturally over the mouse.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surfaces of the keyboard and mouse. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the device.
- **Battery Replacement:** Replace batteries when performance degrades or the low battery indicator (if present) illuminates. Dispose of old batteries responsibly.
- **Storage:** When not in use for extended periods, turn off the devices and store them in a cool, dry place.

TROUBLESHOOTING

Keyboard or Mouse Not Responding

- **Check Batteries:** Ensure batteries are correctly installed and have sufficient charge. Replace if necessary.
- **Power Switch:** Verify that the power switches on both the keyboard and mouse are in the "On" position.
- **USB Receiver:** Ensure the USB receiver is securely plugged into a working USB port on your computer. Try a different USB port.
- **Distance:** Ensure the devices are within the effective range of the USB receiver (typically up to 10 meters) and there are no major obstructions.
- **Re-pairing:** Some wireless devices have a re-pairing button or process. Consult the A4tech support website if issues persist.

Lag or Intermittent Connection

- **Interference:** Other wireless devices (Wi-Fi routers, cordless phones) can cause interference. Try moving the receiver or devices away from potential sources of interference.
- **Surface (Mouse):** Ensure the mouse is used on a suitable, non-reflective surface.

SPECIFICATIONS
