## 2. SAFETY INFORMATION

---

Please observe the following safety precautions to prevent injury or damage to the product:

- Handle with care to avoid breakage. The mirror is equipped with shatterproof film, but excessive force can still cause damage.
- Mount the mirror using the provided French Cleat for secure installation. Ensure the mounting surface is structurally sound.
- In case of breakage, clean up shattered glass immediately and dispose of it safely. Do not use the mirror if it is cracked or damaged.
- All electrical connections should be performed by a qualified electrician if hardwiring is chosen. Ensure power is disconnected at the circuit breaker before installation.
- Do not attempt to modify or repair the mirror's electrical components. Contact customer support for assistance.
- Keep the mirror away from direct water spray to prevent electrical hazards.

### 3. PACKAGE CONTENTS

Verify that all components are present and undamaged upon opening the package:

- TokeShimi 28x36 LED Bathroom Mirror (1 unit)
- French Cleat Mounting Hardware (1 set)
- Screws and Wall Anchors (for mounting)
- Installation Instructions (this manual)

| Material           | Copper-free Mirror  |
| Item Weight        | 29.2 pounds (13.29 Kilograms)   |

### 5. SETUP AND INSTALLATION

The TokeShimi LED Bathroom Mirror is designed for easy installation using a French Cleat system. It can be powered via a standard plug-in or hardwired connection.

## 5.1 Pre-Installation Checklist

- Ensure the wall can support the mirror's weight (approximately 29.2 lbs).
- Confirm the desired mounting location has access to a power outlet or suitable wiring.
- Gather necessary tools: drill, level, measuring tape, screwdriver, pencil.
- Disconnect power at the circuit breaker if hardwiring.

## 5.2 Mounting Instructions (French Cleat)

1. **Measure and Mark:** Determine the desired height and center position for the mirror. Mark the location for the French Cleat on the wall.
2. **Drill and Install Wall Anchors:** Drill pilot holes at the marked positions. Insert the appropriate wall anchors (provided) into the holes.
3. **Screw Brackets to Wall:** Secure the French Cleat bracket to the wall using the screws provided, ensuring it is level.
4. **Secure the Mirror:** Carefully lift the mirror and align the mirror's cleat with the wall-mounted cleat. Lower the mirror until it is securely seated.

## 5.3 Power Connection Options

The mirror offers two methods for power connection:

- **Option 1: Plug-in:** The mirror comes with a standard power plug. Simply plug it into a compatible wall outlet.
- **Option 2: Hardwired:** For a seamless look, the mirror can be hardwired directly into your electrical system. This requires professional installation by a qualified electrician. Ensure the power is off at the circuit breaker before beginning.

## Provide 3 Lighting Modes

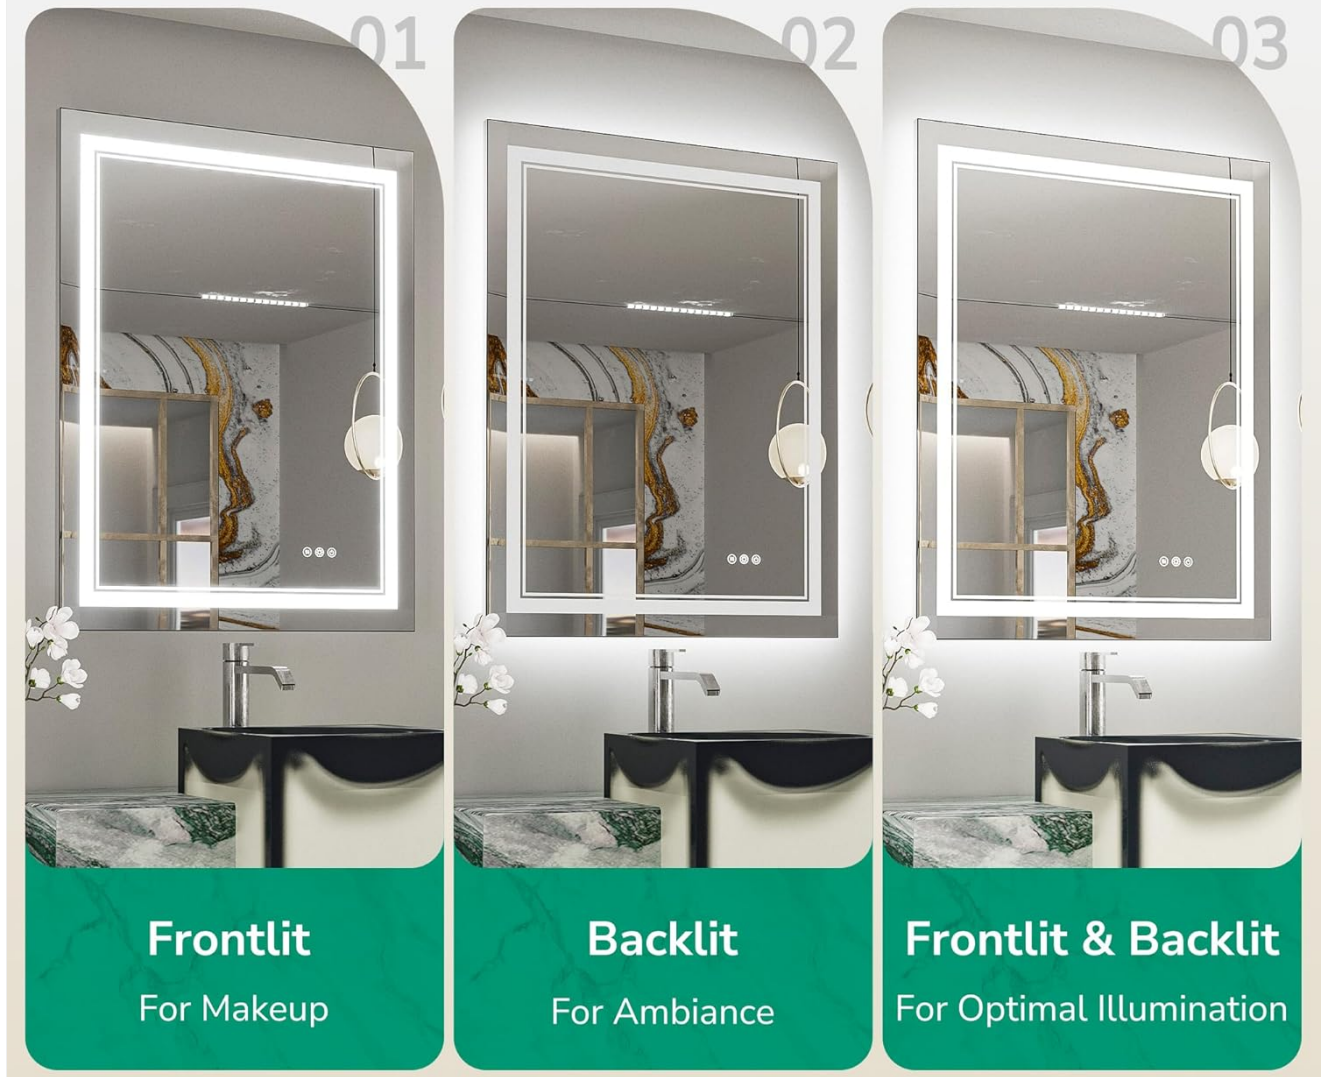

Image 6.2: The mirror offers three distinct lighting modes: frontlit for makeup, backlit for ambiance, and a combination for optimal illumination.

### 6.2 Brightness Adjustment (Stepless Dimming)

To adjust the brightness:

- Press and hold the power/brightness touch button. The brightness will cycle from 5% to 100%. Release the button at your desired brightness level.

### 6.3 Color Temperature Selection

To change the light color temperature:

- Tap the color temperature touch button. The mirror will cycle through 3000K (Warm), 4500K (Neutral), and 6000K (Cool) settings.

Image 6.3: The mirror provides triple color temperatures and stepless dimming from 5% to 100%.

## 6.4 Anti-Fog Function

The mirror features an upgraded UL listed Anti-Fog film.

- **Activate:** Tap the anti-fog touch button to turn on the defogger.
- **Auto-off:** The defogger will automatically turn off after 1 hour to prevent overheating and save energy.

Image 6.4: Activate the fast defogging function with a single touch. The defogger automatically turns off after 1 hour.

## 6.5 Memory Function

The mirror's memory function retains your last light setting (brightness and color temperature) when powered off and on.

Image 6.5: The mirror remembers your last light setting for convenience.

## 7. MAINTENANCE

---

Proper care will ensure the longevity and performance of your TokeShimi LED Bathroom Mirror.

- **Cleaning:** Use a soft, damp cloth with a mild glass cleaner to wipe the mirror surface. Avoid abrasive cleaners or harsh chemicals that could damage the mirror or LED strips.
- **Electrical Components:** Do not spray water directly onto the mirror's electrical components. Ensure the mirror is dry before operating.
- **Inspection:** Periodically check the mounting hardware for tightness and the power cord for any signs of wear or damage.

## 8. TROUBLESHOOTING

---

If you encounter issues with your mirror, refer to the following common problems and solutions:

| Problem                           | Possible Cause  | Solution  |
|-----------------------------------|---|---|
| Mirror lights do not turn on.     | No power supply; loose connection; faulty LED driver. | Check power outlet/circuit breaker. Ensure all connections are secure. If hardwired, consult an electrician. Contact support if the issue persists. |
| Anti-fog function is not working. | Anti-fog function not activated; power issue.         | Ensure the anti-fog button has been pressed. Verify the mirror has power. Note that it may take a few minutes to warm up.                           |
| Lights are flickering or dim.     | Unstable power supply; faulty LED strip/driver.       | Check power connection. Try adjusting brightness. If flickering continues, contact customer support.  |
| Touch buttons are unresponsive.   | Temporary software glitch; moisture on buttons.       | Ensure buttons are dry. Try disconnecting power for 30 seconds and reconnecting.  |

## 9. WARRANTY AND SUPPORT

---

TokeShimi is committed to providing high-quality products and customer service.

### 9.1 Warranty Information

Your TokeShimi LED Bathroom Mirror comes with a **2-year free replacement warranty** for product failures. This warranty covers manufacturing defects and functional issues under normal use.

### 9.2 Customer Support

For any questions, concerns, or warranty claims, please contact TokeShimi customer service. Our team is available to assist you.

- **For broken/wrong mirror replacement:** Contact us directly with a photo of the mirror. We will arrange a free replacement.
- **General inquiries:** Please visit the product page on Amazon and click on the 'TokeShimi' store link, then select 'Ask a question' to send us a message.

## Durable & reliable power supply ensures a longer service life

Over 5 years of electrical support, for lasting product life
