Wowstar B0BGHDCMQR

Wowstar Karaoke Machine for Kids

PORTABLE BLUETOOTH SPEAKER WITH WIRELESS MICROPHONE AND LED LIGHTS

Model: B0BGHDCMQR

INTRODUCTION

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your Wowstar Portable Bluetooth Karaoke Machine. Designed for both children and adults, this device combines a portable speaker with a wireless microphone and dynamic LED lights to enhance your singing experience. Please read this manual thoroughly to ensure proper use and to maximize your enjoyment of the product.

SETUP

1. Package Contents

- Wowstar Portable Karaoke Speaker
- Wireless Microphone
- USB Charging Cable
- User Manual

2. Charging the Device

Before first use, fully charge both the karaoke speaker and the wireless microphone. Connect the provided USB charging cable to the Micro USB port on each device and to a standard USB power adapter (not included). The charging indicator light will show the charging status.

3. Power On/Off

- **Speaker:** Long press the power button (usually combined with Play/Pause) on the speaker.
- **Microphone:** Long press the power button on the microphone.

4. Bluetooth Connection

The wireless microphone automatically connects to the speaker upon powering on. To connect the speaker

to your music source (smartphone, PC, laptop):

1. Ensure the speaker is powered on and in Bluetooth mode (indicated by a blue light or voice prompt).
2. Enable Bluetooth on your device (e.g., smartphone).
3. Search for "Wowstar" or a similar device name in your device's Bluetooth settings.
4. Select the device to pair. A successful connection will be confirmed by an audible prompt.

MAINTENANCE

Cleaning

Wipe the device surfaces with a soft, dry cloth. Do not use abrasive cleaners or solvents. Avoid exposing the device to water or excessive moisture.

Storage

When not in use for extended periods, store the karaoke machine and microphone in a cool, dry place away from direct sunlight and extreme temperatures. Ensure both devices are fully charged before storing to prolong battery life.

TROUBLESHOOTING

- **No Power:** Ensure both the speaker and microphone are fully charged. Connect them to a power source using the USB cable.
- **No Sound from Speaker:**

- Check if the speaker volume is turned up.
- Ensure the speaker is correctly paired via Bluetooth or connected via AUX/TF card.
- Verify that the music source device's volume is also turned up.

- **Microphone Not Working:**

  - Ensure the microphone is powered on and fully charged.
  - Check if the microphone volume is turned up.
  - The microphone should automatically pair with the speaker. If not, try restarting both devices.

- **Bluetooth Connection Issues:**

  - Make sure the speaker is in Bluetooth pairing mode.
  - Disable and re-enable Bluetooth on your source device.
  - Move the speaker closer to your source device (within 32 feet).
  - Clear previous Bluetooth connections on your source device and try pairing again.

- **Microphone Feedback:** The advanced digital signal processor is designed to minimize feedback. If feedback occurs, try reducing the microphone volume or increasing the distance between the microphone and the speaker.
