1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before use. Keep this manual for future reference.

- **Age Recommendation:** This ride-on car is suitable for children aged 37-60 months (3-5 years).
- **Adult Supervision:** Always supervise children while they are operating the vehicle.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 55 lbs (25 kg).
- **Safety Belt:** Ensure the adjustable seatbelt is securely fastened before each use.
- **Operating Environment:** Use on flat, dry surfaces. Avoid slopes, uneven terrain, water, and public roads.
- **Charging:** Only use the provided charger. Do not overcharge the battery.
- **Slow Start:** The vehicle features a slow start function to prevent sudden acceleration, enhancing safety.
- **Battery:** Requires 1 x 12V battery (included). Remote control requires 2 x AAA batteries (not included).

2. PRODUCT OVERVIEW

The Aosom Licensed Audi RS e-tron GT 12V Ride On Car provides an engaging driving experience for young children, combining realistic design with safety features.

Figure 1: Front view of the Aosom Licensed Audi RS e-tron GT 12V Ride On Car.

Key Features:

- **Licensed Audi Design:** Authentic look and feel of an Audi RS e-tron GT.
- **Dual Control Modes:** Child-driven manual operation or parental remote control.
- **Interactive Dashboard:** Multi-function MP3 player with USB and AUX ports, horn, music, on/off switch, high/low speed selection, and forward/backward switch.
- **LED Lights:** Functional headlights and taillights for enhanced realism and visibility.
- **Comfort & Safety:** Comfortable seat with adjustable seatbelt and four shock-absorbed wheels for a smooth ride.
- **Slow Start Function:** Ensures gentle acceleration for child safety.

3. SETUP

3.1 Assembly

The vehicle requires some assembly. Follow the detailed instructions provided in the included manual for step-by-step guidance. Ensure all parts are securely fastened before initial use.

Video 1: This video from Aosom Direct demonstrates the features and operation of the 12V Licensed Audi Electric Car, including aspects relevant to assembly and initial setup.

3.2 Initial Charging

Before first use, fully charge the 12V battery for the recommended duration as specified in the separate charging instructions. The charging port is located on the side of the vehicle.

Figure 3: Location of the charging port on the vehicle.

3.3 Remote Control Pairing

To pair the remote control, ensure the vehicle is off. Press and hold the 'P' button on the remote until the indicator light flashes. Turn on the vehicle. The remote control should now be paired.

4. OPERATING INSTRUCTIONS

4.1 Dashboard Controls

DASHBOARD

① MULTI-FUNCTION MP3 PLAYER

- ② HORN BUTTON
- ③ MUSIC BUTTON
- ④ ON-OFF SWITCH
- ⑤ HIGH/SLOW SPEED
- ⑥ FORWARD/BACKWARD SWITCH

Figure 4: Dashboard controls including MP3 player, horn, music, on-off, speed, and direction switches.

- **Power Button:** Press to turn the vehicle on or off.
- **Multi-Function MP3 Player:** Includes USB and AUX ports for playing music.
- **Horn Button:** Activates the vehicle's horn sound.
- **Music Button:** Plays pre-loaded music or controls connected audio.
- **On-Off Switch:** Controls the main power.
- **High/Low Speed:** Selects between two driving speeds.
- **Forward/Backward Switch:** Changes the driving direction.

4.2 Remote Control Operation

The parental remote control allows adults to steer and control the vehicle, providing an extra layer of safety and interaction.

- **Forward/Reverse:** Controls the vehicle's movement direction.
- **Left/Right Turning:** Steers the vehicle.
- **Speed Select:** Adjusts the driving speed (usually low, medium, high).
- **Brake/Park:** Stops the vehicle and engages a parking mode.

4.3 Slow Starting Operation

The vehicle is designed with a slow starting feature to ensure a smooth and gradual acceleration, preventing sudden jerks and enhancing the child's comfort and safety.

5. MAINTENANCE

- **Charging:** Recharge the battery after each use. Do not leave the battery completely discharged for extended periods.
- **Cleaning:** Wipe the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight when not in use. If storing for a long period, charge the battery every 3 months to prolong its lifespan.
- **Tire Inspection:** Regularly check the wheels for wear and tear.

6. TROUBLESHOOTING

- **Vehicle Not Moving:** Check if the power switch is on, the battery is charged, and all connections are secure. Ensure the remote control is not in park mode.
- **Remote Control Not Responding:** Verify that the remote control batteries are fresh and correctly inserted. Re-pair the remote control if necessary.
- **Short Battery Life:** Ensure the battery is fully charged before each use. Battery life can be affected by terrain, weight, and continuous use.
- **Unusual Noises:** Discontinue use immediately and inspect the vehicle for any loose parts or obstructions.
