Yoidesu Language Translator Earbuds User Manual

Model: Yoidesuvubx06rng46619-11

INTRODUCTION

The Yoidesu Language Translator Earbuds are designed to facilitate real-time communication across language barriers. These Bluetooth 5.1 earbuds offer online translation capabilities for 84 languages, powered by multiple translation engines to achieve high accuracy. They also function as standard Bluetooth earbuds for listening to music and making calls.

PACKAGE CONTENTS

- Yoidesu Language Translator Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual (this document)

Image: All components included in the package: the two earbuds, their charging case, and the USB charging cable.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case. Connect the USB charging cable to the charging case and a compatible USB power source. The charging indicator light on the case will provide status feedback. A full charge provides approximately 3 hours of listening time for the earbuds and up to 24 hours of total battery life with the charging case.

Long 24 hour battery life

Headphones can play for about 3 hours
Rechargeable with charging bin
Can be used for a whole day

2. Pairing with Your Device

1. Ensure the earbuds are charged and in the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your smartphone or tablet, go to Bluetooth settings and enable Bluetooth.
4. Search for "Yoidesu Translator Earbuds" (or similar name) in the list of available devices.
5. Select the earbuds to connect. Once connected, a confirmation sound may be heard.

The communication distance for Bluetooth connection is approximately 10 meters.

3. Installing the Companion Application

To utilize the full translation capabilities, download and install the dedicated companion application on your smartphone. Refer to the QR code or link provided in the packaging for the correct application. Follow the in-app instructions for initial setup and language selection.

OPERATING INSTRUCTIONS

Wearing the Earbuds

Gently insert each earbud into the corresponding ear (L for left, R for right). Adjust for a comfortable and secure fit. The ergonomic design ensures stability for extended wear.

Support for online translation in 84 languages

Powered by 6 top translation engines
Achieves 99 percent translation accuracy

Translation Modes

The earbuds support five distinct translation modes, accessible via the companion application:

Wandering Earth Mode: Designed for direct conversation. One person wears a headset, and the device translates speech in real-time without requiring manual operation.

Chat Mode: For two-way conversations. One person uses a headset, and the other uses a speaker or the phone's microphone. Translation is initiated by manipulating the headset button (short press, double click, or triple click for microphone recording).

Simultaneous Interpretation Mode: Ideal for watching foreign language content (movies, courses). Place your phone close to the audio source for real-time simultaneous translation.

AI Translator Mode: One person wears the headset, and the other uses a cell phone. This mode is convenient for asking for directions or ordering food, leveraging AI for quick translations.

Off-site Call Mode: Supports real-time translation during calls, whether using the headset, a speaker, or a combination.

5 translation modes

Wandering Earth mode

One person with a headset, without any operation, direct conversation, and support translation while talking

Chat mode

One person with one headset, by manipulating the headset or speaker button can carry on the conversation; click (some headset short press or double click) headset microphone recording, double click (some headset long press or three clicks) cell phone microphone recording)

Simultaneous interpretation mode

You can watch supported foreign language movies or courses, put the phone close to the sound source, real time simultaneous translation

AI translator mode

One person with headset, one person with cell phone, can ask for directions and order food very conveniently

Music and Call Functions

Beyond translation, these earbuds provide an immersive audio experience for music playback and clear communication for phone calls. Control playback and calls through your connected device or the earbud's touch controls (refer to the app or product guide for specific touch commands).

MAINTENANCE

Cleaning

Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or immerse the devices in liquid. Ensure the charging contacts on both the earbuds and the case are clean and free of debris.

Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.

Battery Care

To prolong battery life, avoid fully discharging the earbuds frequently. Charge them regularly, even if not in constant use. The standby time is approximately 480 hours.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing/connecting.	Earbuds not in pairing mode; Bluetooth off on device; out of range; low battery.	Ensure earbuds are in case and case is open to enter pairing mode. Turn on Bluetooth on your device. Move device closer to earbuds. Charge earbuds and case.
Translation not working or inaccurate.	No internet connection; app not running or configured; incorrect language settings; microphone obstruction.	Ensure stable internet connection. Open and configure the companion app. Verify language settings in the app. Check for any debris blocking the earbud microphones.
Difficulty removing earbuds from case.	Tight fit due to design.	Gently rock the earbuds side-to-side while pulling upwards to dislodge them from the magnetic contacts. Avoid excessive force.
Poor audio quality (music/calls).	Weak Bluetooth connection; earbud fit; dirty earbud mesh.	Ensure device is within 10m range. Adjust earbud fit. Clean earbud mesh with a dry cotton swab.
