WHAT'S IN THE BOX

Carefully unpack your AKZ On-Ear Headphones and ensure all items are present:

- AKZ On-Ear Headphone (1 unit)
- User Manual (this document)
- Protective Carrying Case (1 unit)

PRODUCT FEATURES

Immersive Stereo Audio

Equipped with high-definition 40mm drivers, these headphones deliver crisp, powerful, and immersive stereo audio. Experience a full dynamic range with rich bass and clear mids, enhancing your music listening experience.

Comfortable Design

Our on-ear headphones feature a unique 'CD' design case, complemented by breathable earpads and a soft headband. This design ensures comfort even during extended listening sessions, preventing discomfort on your head or ears. The adjustable headband allows for a perfect fit for various head shapes.

SETUP

Setting up your AKZ On-Ear Headphones is straightforward:

1. **Unpack:** Remove the headphones and all accessories from the packaging.

2. **Inspect:** Check the headphones and cable for any visible damage.
3. **Connect:** Insert the 3.5mm audio jack firmly into the audio output port of your device (e.g., smartphone, laptop, tablet).
4. **Adjust:** Place the headphones on your ears. Adjust the headband by sliding the earcups up or down until they fit comfortably and securely over your ears. The breathable earpads should rest gently around your ears.

OPERATING INSTRUCTIONS

Your AKZ On-Ear Headphones are designed for simple and intuitive operation:

Audio Playback

- **Play/Pause:** Short press the in-line control button once.
- **Next Song:** Short press the in-line control button three times rapidly.
- **Previous Song:** Short press the in-line control button twice rapidly.

Call Management

- **Answer Call:** Short press the in-line control button once when a call comes in.
- **End Call:** Short press the in-line control button once during an active call.
- **Reject Call:** Long press the in-line control button.

Microphone Usage

The built-in microphone is automatically active when connected to a compatible device. Ensure the microphone is positioned appropriately for clear voice pickup during calls or recordings.

MAINTENANCE

To ensure the longevity and optimal performance of your headphones, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the earcups and headband. Do not use abrasive cleaners or solvents. For the earpads, a slightly damp cloth can be used, but ensure they are completely dry before use.
- **Storage:** When not in use, store the headphones in the provided protective carrying case to prevent dust accumulation and physical damage. The foldable design makes them compact for storage.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cable. The tangle-free nylon cord is designed for durability, but proper handling will extend its life.
- **Temperature:** Avoid exposing the headphones to extreme temperatures (hot or cold) or high humidity.

TROUBLESHOOTING

If you encounter any issues with your AKZ On-Ear Headphones, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound or low volume	- Loose connection - Device volume too low - Incorrect audio output selected on device - Damaged cable/jack	- Ensure the 3.5mm jack is fully inserted into the device's port. - Increase the volume on your connected device. - Check your device's audio settings to ensure the headphones are selected as the output. - Try connecting to another device. If the issue persists, the cable or headphones may be damaged.
Microphone not working	- Loose connection - Microphone muted on device - Incorrect input selected on device	- Ensure the 3.5mm jack is fully inserted. - Check your device's microphone settings; ensure it's not muted and the correct input is selected. - Test with another device.
Sound distortion	- Volume too high - Poor audio source quality - Damaged drivers	- Reduce the volume on your device. - Try a different audio source or file. - If distortion persists across multiple devices and sources, the headphone drivers may be damaged.
