Kipcush Walnut Wood

Kipcush Nursery Lamp with Sound Machine

USER MANUAL

INTRODUCTION

The Kipcush Nursery Lamp with Sound Machine is designed to create a tranquil and soothing environment for both babies and adults. Featuring a wide array of high-fidelity sounds, customizable mood lighting, and intuitive touch controls, this device aims to significantly improve sleep quality and enhance relaxation. Its advanced audio technology ensures a seamless listening experience without repetitive loops.

The Kipcush sound machine helps create a peaceful environment for the whole family.

SAFETY INFORMATION

- To prevent risk of electric shock, do not use this product in or near water.

- This product is not a toy and should not be used as such.

- Follow all instructions provided in this user manual.
- Avoid exposure to loud sounds for extended periods to prevent hearing damage.
- Do not operate this product if any of its parts are damaged.
- Unplug this product from the power source before cleaning.
- Do not use this product with a damaged power cord or plug.
- Always ensure proper ventilation around the device.

SETUP GUIDE

1. Plug the device into a power source using the provided adapter.
2. Place the sound machine on a stable, flat surface away from water or excessive heat.

Ensure the device is properly plugged in and placed on a stable surface.

OPERATING INSTRUCTIONS & FEATURES

Power and Sound Selection

To turn the device on, press the power button. The Kipcush sound machine offers 30 high-fidelity soothing sounds, including white noise, pink noise, brown noise, various fan sounds, nature sounds, and lullabies. To select a sound, press the music note button until your desired sound appears on the display.

30 Soothing Sounds

3 White Noises	3 Pink Noises	2 Brown Noises	8 Fan Noises	Cricket	Ocean Wave	Water stream
Brook Bird	Thunder Rain	4 Lullabies	Train	Forest bird	Campfire	Strong Breeze

Explore 30 high-fidelity soothing sounds for optimal relaxation.

Volume Control

Adjust the volume using the '+' and '-' buttons. The device features up to 32 volume settings, allowing you to effectively block out external noises and create a personalized sound environment.

Lighting Control

The large touchable speaker mesh can be used to turn the light on or off. Choose from 7 different ambient light colors or set a default nightlight to suit your preference. This feature is ideal for creating a calming atmosphere in any room.

Customize your own sounds

Choose from 4 EQ modes, including Pop, Rock, Jazz, Classic to further tailor your sound selected.

Select from a variety of ambient light colors to enhance your sleep environment.

Timer Function

To set a timer, press and hold the timer button. The device offers various timer settings to automatically turn off the sound and light after a set duration, helping you conserve energy and ensure uninterrupted sleep.

Timer&Volume

Utilize the timer function to automatically turn off the device after a chosen duration.

Customizable Equalizer Settings

The Kipcush sound machine includes 4 equalizer modes (Pop, Rock, Jazz, Classical) to further customize your selected sound. For private listening, connect headphones to the built-in 3.5mm headphone jack.

Personalize your audio experience with four distinct equalizer modes.

Connect headphones for immersive listening without disturbing others.

MAINTENANCE

- Always unplug the device before cleaning.

- Wipe the exterior with a soft, dry cloth. Do not use liquid cleaners or abrasive sprays.
- Store the device in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

No Power

- Ensure the power adapter is securely plugged into both the device and a working electrical outlet.
- Check if the power outlet is functional by plugging in another device.

No Sound

- Verify that the volume is not set to the lowest level or muted.
- Ensure no headphones are plugged into the 3.5mm jack if you intend to use the main speaker.
- Try selecting a different sound to confirm the issue is not with a specific sound file.

Light Not Working

- Tap the large speaker mesh to toggle the light on/off.
- Ensure the device has power.
