EGLO 900498

EGLO Nieves 1 LED Ceiling Lamp User Manual

Model: 900498

1. Introduction

Thank you for choosing the EGLO Nieves 1 LED Ceiling Lamp. This modern ceiling light, with its unique crystal effect and warm white illumination, is designed to enhance the ambiance of your living spaces. This manual provides essential information for safe installation, operation, and maintenance of your new lamp.

2. Safety Information

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always disconnect power at the main circuit breaker before installation, maintenance, or cleaning.
- Installation should be performed by a qualified electrician or a person with adequate knowledge of electrical wiring.
- Ensure the mounting surface can support the weight of the lamp.
- Do not modify the lamp in any way. Use only original replacement parts if necessary.
- Keep the lamp away from water and moisture. This lamp is designed for indoor use only.
- Do not look directly into the LED light source when the lamp is on.

3. Package Contents

Verify that all components are present and undamaged before proceeding with installation.

- 1 x EGLO Nieves 1 LED Ceiling Lamp
- 1 x Mounting Instructions (this manual)

4. Setup and Installation

Follow these steps carefully for proper installation.

1. **Preparation:** Turn off the power supply at the main circuit breaker to the area where the lamp will be installed.
2. **Mounting Bracket Installation:** Secure the mounting bracket to the ceiling using appropriate screws and anchors (not included, as they depend on ceiling material). Ensure the bracket is firmly attached.
3. **Wiring:** Connect the electrical wires from the ceiling to the lamp's terminal block. Ensure correct polarity (Live to Live, Neutral to Neutral, Earth to Earth). Refer to the wiring diagram if provided with the physical product.
4. **Lamp Attachment:** Carefully attach the lamp body to the mounting bracket. Ensure it is securely fastened.
5. **Power On:** Restore power at the main circuit breaker. Test the lamp to ensure it functions correctly.

5. Operating Instructions

The EGLO Nieves 1 LED Ceiling Lamp operates via a standard wall switch connected to your home's electrical system.

- **Turning On/Off:** Flip the wall switch connected to the lamp to turn the light on or off.
- **Light Output:** The lamp provides a consistent warm white light (3000 Kelvin) with a brightness of 1100 lumens.

6. Maintenance

Regular cleaning will help maintain the appearance and performance of your lamp.

- **Cleaning:** Ensure the lamp is turned off and cool before cleaning. Use a soft, dry, or slightly damp cloth to wipe the surface. Do not use abrasive cleaners, solvents, or polishes, as these may damage the finish.
- **LEDs:** The integrated LED light source is designed for long-term use and is not user-replaceable.

7. Troubleshooting

If you encounter issues with your lamp, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not light up.	No power supply, loose wiring, faulty switch.	Check circuit breaker. Ensure all wiring connections are secure. Test the wall switch.
Light flickers.	Loose wiring, incompatible dimmer (if applicable).	Check wiring connections. Ensure the lamp is not connected to an incompatible dimmer switch (this lamp is not dimmable).
Lamp makes buzzing noise.	Loose components, electrical interference.	Ensure all parts are securely fastened. If the issue persists, consult a qualified electrician.

If the problem persists after attempting these solutions, please contact EGLO customer support.

8. Specifications

Feature	Detail
Model Number	900498
Dimensions (Diameter x Height)	31 cm x 6 cm (approx. 12.20 in x 2.36 in)
Weight	300 grams
Material	Metal and Plastic
Color	White and Gold
Light Source	Integrated LED
