1. **Preparation:** Unpack all components and lay them out on a clean, flat surface. Separate the blocks by color or

shape if desired to facilitate assembly.

2. **Understand Block Size:** Note that these are mini building blocks, significantly smaller than classic building bricks. They are not compatible with LEGO bricks. Refer to Figure 2 for a size comparison.
3. **Follow the Manual:** Refer to the included instruction manual for detailed, step-by-step visual guides for assembly. Each step will illustrate which blocks to use and how to connect them.
