kleankin Tall Bathroom Cabinet with Drawer and Slatted Shelves, Model 834-465 Instruction Manual

Date of Issue: 2024-05-15

INTRODUCTION

Welcome to your new kleankin Tall Bathroom Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your bamboo storage unit. Please read these instructions carefully before assembly and retain them for future reference.

SAFETY INFORMATION

- Always secure the cabinet to the wall using the provided anti-tipping strap to prevent accidents.
- Exercise caution during assembly to avoid injury.
- Keep the cabinet away from excessive water or prolonged moisture exposure to prevent damage to the bamboo material.
- Do not exceed the maximum weight capacity of 33 lbs (15 kg).

PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

- All necessary bamboo panels for the frame, shelves, drawer, and cabinet door.
- One (1) drawer unit.
- One (1) louvered cabinet door.
- One (1) anti-tipping strap with mounting hardware.
- Assembly hardware (screws, dowels, etc.).

SETUP AND ASSEMBLY

Assembly is required. It is recommended to assemble the cabinet on a soft, clean surface to prevent scratches. Two people may be required for certain steps.

1. Unpack all components and verify against the parts list.
2. Assemble the main frame of the cabinet using the provided screws and dowels. Ensure all connections are secure.
3. Install the open shelves into the upper section of the frame.
4. Assemble the drawer unit and slide it into its designated slot above the cabinet door.
5. Attach the louvered cabinet door to the lower section using the provided hinges. Ensure the door opens and closes smoothly.
6. Secure the anti-tipping strap to the top rear of the cabinet and then to a wall stud using appropriate wall anchors (not always included, but good to mention).

OPERATING INSTRUCTIONS

This cabinet is designed for organized storage in various rooms.

Storage Compartments

- The three open shelves are ideal for displaying decorative items, frequently used toiletries, or folded towels.
- The pull-out drawer provides concealed storage for smaller items like brushes, hair accessories, or personal care products.
- The lower cabinet with a louvered door offers discreet storage for larger items, cleaning supplies, or extra linens, while allowing for ventilation.

LARGE STORAGE SPACE

MAINTENANCE

- To clean, wipe the bamboo surfaces with a damp cloth. Avoid abrasive cleaners or harsh chemicals.
- Ensure the cabinet remains dry to prevent water damage or mold growth, especially in humid environments like bathrooms.
- Periodically check all screws and connections to ensure they remain tight and secure.
- If the cabinet is exposed to direct sunlight, rotate it occasionally to ensure even aging of the bamboo.

TROUBLESHOOTING

- **Cabinet feels unstable:** Ensure the anti-tipping strap is correctly installed and securely fastened to a wall stud. Verify all assembly screws are tightened.
- **Drawer or door sticks:** Check for any obstructions. Ensure all hardware is properly aligned and tightened. Minor adjustments to hinges may be necessary.
- **Water stains or discoloration:** Wipe spills immediately. For persistent stains, a mild bamboo cleaner may be used, followed by thorough drying.
