LEGO Roses Building Kit 40460 Instruction Manual

Model: 40460

INTRODUCTION

Thank you for choosing the LEGO Roses Building Kit 40460. This set allows you to construct two beautiful, brick-built red roses with adjustable stems and leaves, perfect for display or as a thoughtful gift. Designed for builders aged 8 and up, this kit contains 120 pieces and offers a rewarding building experience.

SAFETY INFORMATION

This product contains small parts and is not suitable for children under 3 years of age due to choking hazards. Adult supervision is recommended for younger builders (8+). Please ensure all pieces are kept away from infants and pets.

PACKAGE CONTENTS

Your LEGO Roses Building Kit 40460 includes:

- 120 LEGO Building Elements (various red and green pieces for roses, stems, and leaves)
- 1 Instruction Manual

Please verify that all pieces are present before beginning assembly. If any pieces are missing, refer to the Troubleshooting section for assistance.

SETUP AND ASSEMBLY

Follow the step-by-step instructions provided in the included manual to assemble your LEGO Roses. The

assembly process is designed to be straightforward and enjoyable.

1. **Unpack Components:** Carefully open the packaging and sort the LEGO elements. It is helpful to organize pieces by color and type to streamline the building process.
2. **Follow Instructions:** Refer to the detailed visual guide in your instruction manual. Each step clearly illustrates which pieces to use and how to connect them.
3. **Build the Rose Blooms:** Construct the red rose petals according to the diagrams. Pay attention to the layering to achieve the desired bloom shape.
4. **Assemble the Stems and Leaves:** Connect the green stem pieces. The stems are designed to be length-adjustable. Attach the green leaves and brown thorn elements as indicated.
5. **Combine Elements:** Securely attach the completed rose blooms to the stems.

The set includes pieces to build two individual roses. Each rose stem measures over 10 inches (26 cm) long when fully assembled.

OPERATING AND DISPLAY

Your LEGO Roses are designed for both interactive adjustment and static display.

- **Adjustable Stems:** The stems are designed with modular sections, allowing you to adjust their length to fit various vases or display arrangements.
- **Adjustable Leaves and Petals:** The green leaves and red petals can be gently repositioned to create different looks, from a tightly closed bud to a fully open bloom.
- **Display Options:** Place your LEGO Roses in a vase for a vibrant, lasting floral arrangement. They can also be combined with other LEGO Botanical Collection sets, such as LEGO Tulips (40461) or the LEGO Flower Bouquet (10280), to create a larger, more diverse display.

MAINTENANCE

LEGO bricks are durable and require minimal maintenance to keep them looking their best.

- **Cleaning:** To clean your LEGO Roses, gently wipe them with a soft, dry cloth to remove dust. For more thorough cleaning, use a mild soap solution and a soft brush, then rinse with clean water and air dry. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not on display, store your LEGO Roses in a cool, dry place away from direct sunlight to

prevent color fading.

TROUBLESHOOTING

If you encounter any issues during assembly or with your completed LEGO Roses, please refer to the following common solutions:

- **Missing Pieces:** In the rare event of missing pieces, please visit the official LEGO customer service website to request replacement parts. You will typically need the set number (40460) and the part number (found in the back of the instruction manual).
- **Assembly Difficulties:** Double-check the instruction manual for the specific step you are on. Ensure all pieces are correctly oriented and firmly pressed together. Sometimes, disassembling a few steps and re-building can resolve the issue.
- **Loose Connections:** If parts feel loose, ensure they are fully engaged with their corresponding studs. LEGO bricks are designed for a secure fit.
