3. Setup

Your Utopia Bedding Fleece Blanket requires minimal setup. Upon receiving your blanket, it is recommended to:

1. **Unpack:** Carefully remove the blanket from its packaging.
2. **Initial Wash:** For best results and to minimize initial lint, wash the blanket separately before first use according to the care instructions provided in Section 5.
3. **Fluff:** After washing and drying, the blanket will be ready to use. Gently shake or fluff the blanket to restore its full softness and drape.

4. Operating (Usage)

This versatile fleece blanket can be used in various settings to enhance your comfort:

- **Bedspread:** Use it as a primary blanket or an extra layer on your bed for added warmth and softness. The Queen size (90x90 Inch) is suitable for Queen beds.
- **Couch Throw:** Drape it over your sofa or armchair for a cozy accent and easy access during relaxation.
- **Travel Companion:** Its lightweight nature makes it ideal for camping, road trips, or as an extra layer in air-conditioned environments.
- **All-Season Comfort:** The breathable microfiber material provides comfort across all seasons, offering warmth without excessive weight.

5. Care and Maintenance

Proper care will help maintain the softness, color, and longevity of your fleece blanket. Please follow these instructions:

- **Machine Wash:** It is recommended to wash the fleece blankets separately.
- **Water Temperature:** Use cold water to preserve fabric integrity and color.
- **Detergent:** Use a mild detergent. Avoid using bleach or harsh chemicals.
- **Drying:** Tumble dry on low heat or hang to dry. High heat can damage the microfiber.
- **First Use:** Wash separately on first use to minimize lint.
- **Avoid:** Do not iron, dry clean, or use fabric softeners as they can affect the blanket's texture and anti-static properties.

6. Troubleshooting

While your Utopia Bedding Fleece Blanket is designed for durability, here are some common concerns and their solutions:

Issue	Possible Cause	Solution
Excessive Lint/Shedding	Initial shedding is normal; improper washing/drying.	Wash separately before first use. Ensure you are using cold water and tumble drying on low heat. Avoid harsh detergents or fabric softeners.
Reduced Softness	Use of fabric softeners or high heat drying.	Discontinue use of fabric softeners. Always tumble dry on low or air dry.
Static Cling	Dry air conditions; improper drying.	Ensure proper drying. Consider using a humidifier in dry environments.
