2. SAFETY INFORMATION

To ensure safe use of this product, please adhere to the following guidelines:

- **Anti-Tipping Device:** This dresser includes a piece to mount it to the wall to prevent tipping. It is highly recommended to install this device, especially in households with children, to prevent serious injury.
- **Weight Capacity:** The dresser top can hold up to 66 lbs (30 kg). Each drawer has a maximum load capacity of 25 lbs (11.3 kg). Do not exceed these limits.
- **Even Weight Distribution:** Distribute weight evenly across the dresser top and within drawers to maintain stability.
- **Assembly:** Assembly should be performed by adults. While possible for one person, having a helper is recommended for certain steps, particularly when lifting and aligning larger components.
- **Tools:** An electric screwdriver is recommended for assembly, but ensure it is set to the lowest possible torque to

prevent overtightening and damage to components.

- **Placement:** Place the dresser on a flat, stable surface.

3. ASSEMBLY INSTRUCTIONS

This dresser requires assembly. Please follow the steps carefully. All hardware pieces are numbered and labeled for easy identification.

3.1. Before You Begin

- **Unpack:** Carefully unpack all components and hardware. Lay them out on a clean, soft surface to prevent scratches.
- **Verify Parts:** Compare the contents with the parts list provided in your packaging. Contact customer support

immediately if any parts are missing or damaged.

- **Tools Required:** Phillips head screwdriver (manual or electric with low torque setting). A rubber mallet may be useful for gentle tapping.
- **Assistance:** While assembly can be done by one person, having a second person is highly recommended for stability and ease, especially during the final stages of attaching the top section.

3.2. General Assembly Steps

1. **Frame Construction:** Begin by assembling the main frame of the dresser according to the numbered instructions. Ensure all connections are secure.
2. **Drawer Slide Installation:** The slide rails are pre-installed on the drawer components. Ensure they are properly aligned during assembly.
3. **Drawer Box Assembly:** Assemble each drawer box. Pay attention to the orientation of the drawer sides and bottoms.
4. **Handle Attachment:** Attach the chosen handles to the drawer fronts. Two sets of handles are provided for customization.
5. **Drawer Insertion:** Carefully insert the assembled drawers into the dresser frame, ensuring the slides engage smoothly.
6. **Anti-Tipping Device Installation:** Securely attach the anti-tipping device to the back of the dresser and to a wall stud, following the specific instructions provided with the device.

4. OPERATING INSTRUCTIONS

The Bigbiglife 6-Drawer Double Dresser is designed for straightforward use.

- **Drawer Use:** To open a drawer, gently pull the handle. To close, push the drawer firmly until it is fully seated. The smooth-gliding rails ensure easy operation.
- **Storage:** Utilize the six spacious drawers for organizing clothes, accessories, books, or other personal items. Avoid overloading drawers to maintain smooth function and prevent damage.
- **Dresser Top:** The scratch-resistant top surface can be used to display decorative items, place lamps, or store frequently accessed items. Ensure items placed on top do not exceed the 66 lbs weight limit.

5. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your dresser.

- **Cleaning:** Wipe the dresser surfaces with a dry cloth. For spills, use a slightly damp cloth and dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Water Resistance:** The dresser features a waterproof surface, making it easy to clean spills without damage.
- **Drawer Rails:** If drawer operation becomes less smooth over time, gently sand any rough edges on wooden rails (if applicable) and apply a lubricant such as candle wax for smoother operation.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.
