Included Vehicles:

- Aston Martin 1963 DB5
- Bone Shaker
- Land Rover Defender 90
- Volkswagen T2 Pickup
- Twin Mill
- '71 Porsche 911
- Nissan Skyline H/T 2000 GT-X
- '67 Camaro

SETUP

The Hot Wheels FAO Schwarz 8-Pack is designed for display and play. No assembly is required for the vehicles themselves.

1. **Unboxing:** Carefully remove the outer packaging. The vehicles are secured within a clear plastic tray inside the commemorative box.
2. **Display:** The packaging is designed for display. You may choose to keep the vehicles in their original packaging or remove them for individual display or play.

OPERATING INSTRUCTIONS

These die-cast vehicles are designed for rolling play on smooth surfaces. They are compatible with many Hot Wheels tracks and playsets (sold separately).

- **Rolling Action:** Place the vehicle on a flat surface and push it forward to initiate rolling motion.
- **Track Compatibility:** For use with Hot Wheels tracks, ensure the track is properly assembled and the vehicle fits securely.
- **Age Recommendation:** This product is recommended for ages 3 years and up. Small parts may pose a choking hazard for younger children.

MAINTENANCE AND CARE

Proper care will help maintain the appearance and functionality of your Hot Wheels vehicles.

- **Cleaning:** Wipe vehicles with a soft, dry cloth to remove dust and fingerprints. Avoid using harsh chemicals or abrasive materials, as these can damage the paint finish.
- **Storage:** Store vehicles in a cool, dry place away from direct sunlight and extreme temperatures to prevent discoloration or material degradation. Keep them in their original packaging for best preservation, especially for collectors.
- **Handling:** Handle vehicles by their bodies, avoiding excessive pressure on wheels or delicate parts to prevent damage.

TROUBLESHOOTING

Most issues with die-cast vehicles are related to physical damage. Here are some common concerns:

- **Wheels Not Rolling Smoothly:**
 - Check for debris caught in the axles. Gently remove any obstructions.
 - Ensure wheels are properly aligned and not bent. Minor adjustments may be possible, but excessive force can cause breakage.
- **Paint Chipping/Scratches:**
 - This is typically a result of impact or abrasive contact during play or storage. While minor cosmetic damage is common with use, significant chipping can be minimized by careful handling and storage.
- **Broken Parts:**
 - Die-cast vehicles are durable but not indestructible. Small parts, such as mirrors or spoilers, can break off if subjected to excessive force. Repair may require specialized adhesive or professional assistance, depending

on the extent of the damage.
