Hot Wheels HDR29

Hot Wheels City Nemesis Toy Car Track Assortment

Model: HDR29

1. INTRODUCTION

The Hot Wheels City Nemesis Toy Car Track Assortment brings exciting challenges and adventures to your Hot Wheels collection. These sets feature fierce creatures that have invaded key points of Hot Wheels City, transforming into dynamic track elements. Each set is designed to connect with others, allowing for the creation of an expansive and unique cityscape filled with endless stunt possibilities.

2. SAFETY INFORMATION

WARNING: Not suitable for children under 36 months due to small parts that may present a choking hazard.

Adult assembly is required for all sets within this assortment. Please ensure all components are securely connected before play. Keep packaging materials away from children.

3. PACKAGE CONTENTS

Each Hot Wheels City Nemesis Playset typically includes:

- 1 Hot Wheels City Nemesis Playset (e.g., Scorpion Flex Attack, Octopus Invasion Attack, Wreck & Ride Gorilla Attack)
- 1 Hot Wheels vehicle

Note: Specific contents may vary slightly by individual set within the assortment.

4. ASSEMBLY INSTRUCTIONS

The Hot Wheels City Nemesis sets are designed for easy assembly and connectivity. Follow these general steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Identify the main base, creature elements, and track pieces.
2. **Connect Base Sections:** If your set has multiple base sections, align the connection points and snap them together firmly.
3. **Attach Creature Elements:** Securely attach the creature's body and limbs to the designated slots on the base. These often form part of the track.
4. **Assemble Track Pieces:** Connect any additional track pieces to the creature's limbs or base, ensuring they click into place.
5. **Integrate with Other Sets (Optional):** Use the universal connection points on the base and track ends to link your Nemesis set with other Hot Wheels City playsets, expanding your track layout.

Image 4.2: An example of multiple Hot Wheels City playsets, including Nemesis sets, connected together to form a larger track system, illustrating the expansion capability.

5. OPERATING GUIDE

Once assembled, your Hot Wheels City Nemesis playset is ready for action. Each set offers unique interactive features:

- **Launch Cars:** Place the included Hot Wheels car (or other compatible Hot Wheels vehicles) at the designated starting point or launcher on the track.
- **Engage Features:** Interact with the creature elements. For example, in the Scorpion Flex Attack, cars might race through the scorpion's tail or trigger its snapping claws. In the Octopus Invasion Attack, cars might navigate a swirling lighthouse track or escape the octopus's tentacles.
- **Stunt Play:** Experiment with different car speeds and angles to perform stunts and overcome the creature's challenges.
- **Connect and Expand:** Combine multiple Nemesis sets and other Hot Wheels City tracks to create elaborate layouts for extended play.

Image 5.2: A hand placing a Hot Wheels car onto the Wreck & Ride Gorilla Attack playset, illustrating the starting point for play.

6. CARE AND MAINTENANCE

To ensure the longevity of your Hot Wheels City Nemesis playset:

- **Cleaning:** Wipe down the playset with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the playset in a cool, dry place away from direct sunlight and extreme temperatures. Disassemble if necessary for compact storage.
- **Inspection:** Periodically check all connections and moving parts for wear or damage. Replace any broken components if possible, or discontinue use if the playset becomes unsafe.

7. TROUBLESHOOTING

If you encounter issues with your Hot Wheels City Nemesis playset, consider the following:

- **Cars Not Moving Smoothly:**
 - Ensure all track pieces are securely connected and aligned.
 - Check for any debris or obstructions on the track surface.
 - Verify that the Hot Wheels car wheels are clean and undamaged.
- **Playset Components Not Connecting:**
 - Ensure you are using the correct pieces for the intended connection.
 - Apply firm, even pressure when snapping parts together.
 - Refer to the assembly diagrams (if provided with your specific set) for visual guidance.
- **Interactive Features Not Working:**

- Ensure the car is hitting the trigger mechanism correctly and with sufficient speed.
- Check for any physical obstructions preventing movement of the feature.

8. SPECIFICATIONS

Feature	Detail
Product Dimensions	15.16 x 13.78 x 5.98 inches
Item Weight	1.43 pounds
Item Model Number	HDR29
Manufacturer Recommended Age	4 - 8 years
Manufacturer	Mattel
