INTRODUCTION

Thank you for choosing the Wavytalk M7 3/10" Pencil Flat Iron. This versatile styling tool is designed for precise styling of short hair, pixie cuts, bangs, and even beards. Its compact design and advanced features ensure efficient and safe hair styling. Please read this manual thoroughly before use to ensure proper operation and maintenance.

SAFETY INFORMATION

WARNING: Burn Hazard & Electric Shock Risk

- Surfaces become extremely hot during use. Avoid direct contact with skin.
- Keep away from water. Do not use near bathtubs, sinks, or other water sources.
- Unplug the device when not in use. Do not leave unattended when plugged in.
- Keep out of reach of children.
- For safe operation, always grip the plug—not the cord—when unplugging.
- Store the device in a dry, well-ventilated area away from heat or moisture.
- Coil the power cord using the "figure-8 method" to prevent sharp bends or tangling.
- Before use, ensure your hands are completely dry, and only use the device on dry hair.

PRODUCT FEATURES

- **Professional Versatility:** 3/10 inch thin plates are ideal for styling short hair, pixie cuts, bangs, and edges.
- **Curved Design:** Unique curved shape and rounded edges facilitate smooth, crease-free curls.
- **Rapid Heating:** Smart PTC heater heats up in 15 seconds and distributes consistent heat.
- **3D Floating Ceramic Plates:** Designed to lock in natural moisture, reduce hair pulling, and create

silky, shiny, frizz-free results. A slight gap between plates when closed is normal; apply gentle pressure for full contact.

- **Wide Temperature Range:** Adjustable heating from 300°F to 450°F (149°C to 232°C) to suit all hair types.
- **Anti-Pinch Design:** Upgraded design prevents accidental pinching during use.
- **Safety Lock:** For easier carrying and storage.

PACKAGE CONTENTS

Your Wavytalk M7 Pencil Flat Iron package includes:

- Wavytalk M7 3/10" Pencil Flat Iron
- Heat-resistant glove
- Heat-proof travel pouch

SETUP

1. Unpack the flat iron and all accessories.
2. Ensure the device is clean and free from any packaging materials.
3. Plug the flat iron into a suitable electrical outlet.

OPERATING INSTRUCTIONS

Power On/Off and Temperature Adjustment

1. To power on, press and hold the power button until the indicator lights illuminate.
2. The device will start at a default temperature (e.g., 340°F).
3. Use the '+' and '-' buttons to adjust the temperature to your desired setting (300°F to 450°F). The indicator lights will blink until the selected temperature is reached, then remain solid.
4. To power off, press and hold the power button until the lights turn off.

Styling Hair

This flat iron is ideal for short hair, pixie cuts, bangs, and edges. It can be used for both straightening and curling.

1. Ensure hair is clean and completely dry before styling.
2. Section your hair into small, manageable portions.
3. For straightening: Place a small section of hair between the plates, close gently, and glide the iron slowly from root to tip.
4. For curling: Clamp a section of hair near the root, rotate the iron 180 degrees, and gently pull through the hair, maintaining the rotation.
5. Use the included heat-resistant glove to protect your hands, especially when working close to the scalp or manipulating hair around the hot plates.
6. After styling, allow hair to cool before combing or brushing to set the style.

MAINTENANCE

1. Always unplug the device and allow it to cool completely before cleaning.
2. Wipe the plates and exterior with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals.
3. Ensure no moisture enters the internal components.
4. Store the flat iron in the provided heat-proof travel pouch in a dry, safe place.

TROUBLESHOOTING

- **Device not turning on:** Ensure the power cord is securely plugged into a working outlet. Press and hold the power button for a few seconds to activate.
- **Device not heating up:** Check if the temperature indicator lights are solid. If blinking, wait for the

device to reach the set temperature. Ensure the power button is held down to turn on.

- **Hair pulling or snagging:** Ensure hair is fully detangled before use. The 3D floating plates are designed to minimize snagging, but very small or uneven sections may still cause issues.
- **Plates not closing completely:** A slight gap between the plates when closed is normal due to the 3D floating plate design. Apply gentle pressure during styling for full contact.
