EUGAD Vanity Unit 60 x 60 x 30 cm, Bathroom Cabinet with Height-Adjustable Divider, Small Bathroom Cabinet Made of Wood Materi

EUGAD Vanity Unit Bathroom Cabinet Instruction Manual

Brand: EUGAD | **Model:** Vanity Unit 60 x 60 x 30 cm, Bathroom Cabinet with Height-Adjustable Divider, Small Bathroom Cabinet Made of Wood Material, Black

Introduction

Thank you for choosing the EUGAD Vanity Unit Bathroom Cabinet. This manual provides detailed instructions for the assembly, operation, maintenance, and care of your new cabinet. Please read this manual thoroughly before beginning assembly or use to ensure proper installation and safe operation. Keep this manual for future reference.

Figure 1: Front view of the EUGAD Vanity Unit Bathroom Cabinet, featuring a wood-grain finish with a black metal frame and two cabinet doors.

Important Safety Information

Please observe the following safety precautions to prevent injury or damage to the product:

- **Caution:** Use in wet environments may cause slippery metal legs. Be careful when using the cabinet in or near water.
- Ensure all parts are securely fastened before use.
- Do not exceed the maximum weight limit of 10 kilograms per shelf.
- Keep small parts away from children during assembly.

- Assemble on a clean, flat, and soft surface to prevent scratches.

Product Features

The EUGAD Vanity Unit is designed with functionality and durability in mind:

- **High-Quality Materials:** Constructed from E1 wood material with a melamine resin film, making it water and moisture resistant, smooth, and easy to clean. The metal frame is sturdy and rust-proof, enhancing durability.
- **Large Storage Space:** Measures 60 x 60 x 30 cm, providing ample space for skincare products, toiletries, and other bathroom essentials.
- **Adjustable and Removable Divider:** Features one divider creating two storage compartments, allowing for flexible organization of items.
- **Practical Design:** Raised metal legs provide stability and are rust-proof. Two handles and four hinges facilitate easy opening and closing of doors, protecting contents from dust and moisture.
- **Easy Assembly:** Comes with marked parts and detailed instructions for straightforward assembly.

Sturdy Structure

Manufactured of high-quality MDF, the bathroom cabinet is strong, wear-resistant, durable, dimensionally stable, water-resistant and easy to clean.

Adjustable Feet

The bathroom cabinet is equipped with adjustable metal feet, which are more moisture-resistant and durable than wooden feet and also protect your floor.

Metal Hinges

The high-quality metal hinges make opening and closing easier.

Figure 2: Detailed view of key components including the sturdy MDF structure, adjustable metal feet for stability and floor protection, and high-quality metal hinges for smooth door operation.

Figure 3: Visual representation of the cabinet's water-resistant and easy-to-clean material, robust black metal frame, ergonomic practical handles, and raised cabinet legs for improved stability and moisture protection.

Dimensions and Capacity

Understanding the dimensions and weight capacity is crucial for proper placement and use:

- **Overall Dimensions:** 60 cm (Depth) x 60 cm (Width) x 30 cm (Height).
- **Siphon Hole Size:** 20 x 15 cm.
- **Adjustable Divider Siphon Size:** 17.5 x 10.4 cm.
- **Ground to Item Distance:** 8 cm.
- **Weight Limit:** Each shelf can hold up to 10 kilograms.

Figure 4: Detailed diagram illustrating the external dimensions (60x60x30 cm), internal compartment measurements, siphon hole dimensions, and the 10 kg weight capacity per shelf.

Setup and Assembly

Assembly of the EUGAD Vanity Unit is designed to be straightforward. Please follow these general steps:

1. **Unpack and Verify:** Carefully unpack all components and compare them against the parts list provided in your assembly guide. Ensure all parts are present and undamaged.
2. **Prepare Workspace:** Assemble the cabinet on a clean, flat, and soft surface (e.g., a carpet or blanket) to prevent scratching the parts.
3. **Assemble Frame:** Begin by assembling the metal frame components according to the detailed instructions. Ensure all screws and fasteners are tightened securely.
4. **Attach Panels:** Secure the E1 wood material panels to the assembled frame. Pay attention to the orientation of the panels, especially the top panel with the siphon hole.

5. **Install Siphon Hole Panel:** Before installing the top panel, measure the size of your sink's siphon hole and the space under your sink to ensure compatibility with the cabinet's siphon hole (20 x 15 cm). The adjustable divider also has a siphon size of 17.5 x 10.4 cm.
6. **Install Doors and Hinges:** Attach the doors using the provided hinges. Adjust the hinges as necessary for proper door alignment.
7. **Insert Divider:** Place the adjustable divider into the desired position within the cabinet.
8. **Final Check:** Once assembled, gently move the cabinet to its intended location. Ensure it is stable and level. Adjust the metal feet if necessary.

Figure 5: Interior view of the cabinet, demonstrating the practical use of space around a sink's plumbing, with an adjustable shelf for organizing various bathroom items.

Operation and Usage

The EUGAD Vanity Unit is designed for practical storage in your bathroom:

- **Storage:** Utilize the two compartments created by the adjustable divider to store toiletries, cleaning supplies, towels, or other bathroom essentials.
- **Adjustable Shelf:** The internal divider can be adjusted to different heights or removed entirely to accommodate taller items, providing flexible storage solutions.
- **Door Functionality:** The two doors protect your items from dust and moisture, keeping your bathroom tidy and organized.

Maintenance and Care

To ensure the longevity and appearance of your EUGAD Vanity Unit, follow these maintenance guidelines:

- **Cleaning:** The melamine resin film surface is smooth and easy to clean. Wipe surfaces regularly with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Moisture Protection:** While the cabinet is water and moisture resistant, it is not waterproof. Promptly wipe up any spills or standing water to prevent damage, especially around the metal legs and edges.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Ventilation:** Ensure adequate ventilation in the bathroom to minimize humidity, which can affect furniture over time.

Troubleshooting

If you encounter any issues with your EUGAD Vanity Unit, consider the following common solutions:

- **Cabinet Wobbles:** Check if the cabinet is on an uneven surface. Adjust the adjustable metal feet at the base of the cabinet to stabilize it. Ensure all assembly screws are tightened.
- **Doors Do Not Align:** The hinges are adjustable. Refer to the assembly instructions for details on how to adjust the hinges to align the doors properly.
- **Difficulty Opening/Closing Doors:** Check if any items inside are obstructing the doors. Ensure hinges are clean and properly lubricated if necessary.
- **Water Stains/Damage:** If water damage occurs, ensure the area is dried immediately. For persistent issues, review your usage environment and ensure proper ventilation.

If problems persist, please contact customer support.

Specifications

Feature	Detail
Brand	EUGAD

Feature	Detail
Color	Black
Product Dimensions (D x W x H)	23.62"D x 23.62"W x 11.81"H (60 x 60 x 30 cm)
