PARTPHONER LED0968

PARTPHONER Modern Outdoor Light Fixture Instruction Manual

Model: LED0968

1. INTRODUCTION

Thank you for choosing the PARTPHONER Modern Outdoor Light Fixture. This manual provides detailed instructions for the safe installation, operation, and maintenance of your new outdoor lighting. Please read this manual thoroughly before installation and retain it for future reference.

2. SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these precautions:

- Always turn off power at the circuit breaker before installation or servicing.
- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC).
- Consult a qualified electrician if you are unsure about the installation process.
- Do not install near flammable materials.
- Ensure the fixture is securely mounted to a structural element.
- This fixture is designed for outdoor use and is waterproof. However, proper sealing during installation is crucial.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- PARTPHONER Modern Outdoor Light Fixture (1 unit)
- 6W, 2700K, Dimmable T10 Light Bulb (1 unit)
- Mounting Hardware Kit (screws, wire nuts, mounting plate)
- Instruction Manual (this document)

4. PRODUCT OVERVIEW AND FEATURES

The PARTPHONER Modern Outdoor Light Fixture is designed to enhance your home's exterior with its sleek black finish and unique water seeded glass. It features a built-in dusk-to-dawn sensor for automatic operation and is constructed to withstand various weather conditions.

Key Features:

- **Dusk to Dawn Sensor:** Integrated IC light sensor automatically turns the light on at night and off during the day.
- **Bubble Water Glass:** Unique glass design disperses light evenly, creating a soft and appealing shadow effect.
- **Bulb Included:** Comes with a 6W, 2700K, dimmable T10 LED bulb (E26 base, max 60W).
- **Weather Resistant:** Constructed from solid water glass and anti-rust metal to withstand rain, snow, and ice.
- **Wide Application:** Suitable for porches, garages, courtyards, hallways, entryways, and other outdoor spaces.

5. SETUP AND INSTALLATION

Before installation, ensure the power is OFF at the circuit breaker. This fixture is designed for wall-mount installation.

Installation Steps:

1. **Prepare the Area:** Turn off the power at the main circuit breaker. Clear the installation area of any debris.
2. **Mounting Plate Installation:** Attach the mounting plate to the junction box using the provided screws. Ensure it is securely fastened.
3. **Electrical Connections:** Connect the fixture's wires to your household electrical wires using the wire nuts.
 - Connect the black wire (Live) from the fixture to the black wire from the junction box.
 - Connect the white wire (Neutral) from the fixture to the white wire from the junction box.
 - Connect the ground wire (Green or bare copper) from the fixture to the ground wire from the junction box.

Ensure all connections are tight and secure.

4. **Secure the Fixture:** Carefully align the fixture with the mounting plate and secure it with the provided screws. Ensure no wires are pinched.
5. **Install the Bulb:** Insert the included T10 LED bulb into the E26 socket. Do not overtighten.
6. **Restore Power:** Turn the power back on at the circuit breaker.

6. OPERATING INSTRUCTIONS

This light fixture is equipped with a smart dusk-to-dawn sensor for automatic operation.

- **Automatic On/Off:** The built-in IC light sensor detects ambient light levels. The fixture will automatically turn on when the brightness is less than 10 Lux (at dusk/night) and turn off when the brightness is more than 200 Lux (at dawn/daytime).
- **Dimmable Functionality:** The included T10 LED bulb is dimmable. If you wish to use the dimming feature, ensure your wall switch is compatible with dimmable LED lights.
- **Control Method:** The primary control method for the dusk-to-dawn feature is automatic via the sensor. Manual override is typically achieved by a standard wall switch connected to the fixture.

The smart sensor will auto **turn off** when brightness is more than 200 Lux

The smart sensor will auto **turn on** when brightness is less than 10 Lux

7. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your light fixture.

- **Cleaning:** Turn off power before cleaning. Wipe the fixture with a soft, damp cloth. Do not use abrasive cleaners or solvents, as they may damage the finish or glass.
- **Bulb Replacement:** Ensure power is off before replacing the bulb. Allow the bulb to cool completely. Replace with an E26 base bulb, maximum 60W. The recommended bulb type is T10 LED.
- **Inspection:** Periodically check for any loose connections, damaged wiring, or signs of wear. If any issues are found, consult a qualified electrician.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	No power; loose wiring; faulty bulb; sensor obstructed or in bright area.	Check circuit breaker. Verify wiring connections. Replace bulb. Ensure sensor is not blocked and ambient light is low enough.
Light stays on during the day.	Sensor obstructed; sensor faulty; light from another source affecting sensor.	Clear any obstructions from the sensor. Relocate the fixture if external light sources (e.g., streetlights) are interfering. If problem persists, sensor may be faulty.
Light flickers.	Loose bulb; unstable power; incompatible dimmer switch.	Tighten bulb. Check household wiring. Ensure dimmer switch is compatible with LED bulbs.

Problem	Possible Cause	Solution
Light is too dim.	Low wattage bulb; dimming level set too low.	Ensure bulb wattage is appropriate (max 60W). Adjust dimmer switch if applicable.

9. SPECIFICATIONS

Attribute	Detail
Brand	PARTPHONER
Model Name	LED0968
Product Dimensions	7.67"L x 6.5"W x 15"H
Material	Glass, Metal
Color	Black
Light Source Type	LED (Bulb Included)
Bulb Base	E26
Wattage	6 watts (included bulb), Max 60W
Brightness	600 Lumen
Color Temperature	2700 Kelvin (Warm Light)
Special Feature	Dusk to Dawn Sensor, Dimmable
Installation Type	Wall Mount
Water Resistance Level	Waterproof
Country of Origin	China

10. WARRANTY AND SUPPORT

PARTPHONER products are designed for quality and durability. This product comes with an extended warranty. For specific warranty details and to register your product, please refer to the warranty card included in your package or visit the official PARTPHONER website.

If you encounter any issues or have questions regarding your light fixture, please contact PARTPHONER customer support:

- **Customer Service:** Refer to your product packaging or the PARTPHONER website for contact information.
- **Online Resources:** Visit the [PARTPHONER Store on Amazon](#) for additional product information and support.
