Safety Information

WARNING: To reduce the risk of injury, adult supervision is required. Never use in roadways, near motor vehicles, on or near steep inclines or steps, swimming pools or other bodies of water. Always wear shoes, and never allow more than one rider.

- This product is certified with ASTM and CPSIA standards for child safety.
- Ensure all assembly steps are completed correctly by an adult before initial use.
- Always use the provided seat belt.
- Do not allow children to operate the vehicle unsupervised.
- Keep hands, hair, and clothing away from moving parts.
- Do not modify the electrical system. Any modifications may cause a fire, explosion, or other hazards.
- Only use the charger and battery supplied by the manufacturer.
- Avoid operating the vehicle in wet conditions or on uneven terrain.

Product Overview

The Hetoy 12V Licensed Lamborghini Ride-On Car is an electric vehicle designed for children, featuring realistic

details and multiple functionalities for an engaging experience.

Key Features:

- Officially Licensed Lamborghini Design
- Hydraulic Powered Doors
- LED Headlights and Taillights
- Horn and Engine Sounds
- Two Driving Modes: Parental Remote Control & Kid's Manual Operation
- Built-in Music, Story, Bluetooth, AUX, TF, and USB Connectivity
- Slow Start Function for smooth acceleration
- Four-Wheel Shock Absorption
- Two powerful 25W Motors
- 12V Rechargeable Battery

SETUP AND INITIAL CHARGE

1. Assembly:

Refer to the separate assembly guide included in the packaging for detailed step-by-step instructions. Ensure all components are securely attached before proceeding.

2. Initial Battery Charging:

1. Locate the charging port on the vehicle.
2. Connect the charger to the charging port and then plug the charger into a standard wall outlet.
3. The battery charging time is typically 8-12 hours for a full charge. Do not overcharge the battery.
4. Disconnect the charger once charging is complete.

Important: The battery must be fully charged before the first use to ensure optimal performance and battery life.

OPERATING INSTRUCTIONS

1. Starting the Vehicle:

- Press the power button to turn on the vehicle.
- The LED headlights will illuminate, and engine sounds may play.

2. Driving Modes:

The vehicle offers two modes of operation:

1. **Parental Remote Control:** For younger children (ages 1-3) or when parental supervision is desired. The remote allows control over forward/backward movement, steering, and speed (3 speeds).
2. **Kid's Manual Operation:** For older children (ages 3-8) who can operate the vehicle independently using the foot pedal and steering wheel (2 speeds).

Image: The red Hetoy Lamborghini Ride-On Car displayed with its remote control, illustrating the two modes of operation for different age groups.

3. Using the Remote Control:

- **Pairing:** Follow the instructions in the remote control manual to pair it with the vehicle.

- **Forward/Backward:** Use the designated buttons to move the car forward or backward.
- **Steering:** Use the left/right buttons to steer the vehicle.
- **Speed:** Adjust the speed settings (3 speeds) using the speed button on the remote.
- **Stop:** Press the stop button for immediate halt.

4. Kid's Manual Operation:

- **Foot Pedal:** Press the foot pedal to accelerate. Release to brake.
- **Steering Wheel:** Turn the steering wheel to control direction.
- **Speed:** The vehicle has 2 speeds in manual mode.

5. Multimedia Functions:

- **Music & Story:** Use the built-in buttons on the dashboard to play pre-loaded music and stories.
- **Bluetooth:** Pair your device via Bluetooth to play custom audio.
- **AUX/TF/USB:** Connect external devices or media storage via the AUX cord, TF card slot, or USB port to play your own music.
- **Volume Control:** Adjust the audio volume using the designated controls.

6. Hydraulic Doors:

The vehicle features hydraulic powered doors that open upwards, mimicking the design of a real Lamborghini. Operate them carefully to avoid pinching.

MAINTENANCE

1. Battery Care:

- Recharge the battery after each use.
- If the vehicle is not used for an extended period, charge the battery at least once a month to maintain its lifespan.
- Do not store the battery in extreme temperatures.
- If the battery is damaged or leaking, contact customer support immediately.

2. Cleaning:

- Wipe the vehicle with a soft, damp cloth.
- Do not use abrasive cleaners or solvents.
- Avoid spraying water directly onto electrical components.

3. General Inspection:

- Regularly check all screws, nuts, and fasteners to ensure they are tight.
- Inspect the wheels and tires for wear or damage.
- Ensure the steering mechanism operates smoothly.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not move.	Battery is low or not charged. Power switch is off. Loose wire connection.	Charge the battery for 8-12 hours. Turn the power switch ON. Check all wire connections, especially to the battery and motor.
Vehicle runs slowly.	Battery is low. Overloaded vehicle. Operating on rough terrain.	Recharge the battery. Reduce weight in the vehicle. Operate on smooth, flat surfaces.
Remote control not working.	Remote batteries are dead. Remote not paired with vehicle.	Replace remote control batteries. Re-pair the remote control according to its manual.
No sound from multimedia.	Volume is too low. Device not connected properly.	Increase volume. Reconnect Bluetooth/AUX/USB device. Ensure media is playing on the connected device.
