OPERATING AND USAGE

This Yaheetech dining set is constructed from sturdy steel tubing and E1 compliant MDF panels, designed for long-term use. The waterproof tabletop is suitable for meals and beverages. Chairs feature metal legs with anti-scratch paint for stability.

- **Compact Design:** The oval tabletop (90 x 53.5 cm) accommodates one or two people for dining, working, studying, or socializing. Its lightweight design allows for easy relocation to suit various needs in small kitchens, dormitories, balconies, apartments, or cozy corners.
- **Comfortable Seating:** The set includes two chairs with mid-height backrests and round wooden seats. The curved slatted backrest provides support. Cushions can be added for enhanced comfort.
- **Versatile Storage:** A shelf located beneath the tabletop provides additional storage for items like wine bottles, napkins, or other essentials. This shelf is removable for increased legroom or storage flexibility.
