Minthouz GY-Z8-1

Minthouz GY-Z8-1 3-in-1 Wireless Charging Station User Manual

Model: GY-Z8-1

Introduction

The Minthouz GY-Z8-1 is a versatile 3-in-1 wireless charging station designed to simultaneously charge your compatible iPhone, Apple Watch (Series 2 and later), and AirPods (with wireless charging case). This device aims to simplify your charging experience by reducing cable clutter and providing efficient power delivery.

What's in the Box

- 1 x Minthouz 3-in-1 Wireless Charging Station
- 1 x 20W QC3.0+PD Adapter
- 1 x USB C-A Cable

Setup Instructions

1. **Connect the Power Adapter:** Plug the provided USB C-A cable into the charging station's USB-C port and connect the other end to the 20W QC3.0+PD adapter. Plug the adapter into a wall outlet. The LED indicator on the base will illuminate, indicating the station is powered on.
2. **Placement:** Place the charging station on a flat, stable surface.

Operating Instructions

Charging Your Devices

The Minthouz GY-Z8-1 allows for simultaneous wireless charging of up to three compatible devices:

- **Smartphone:** Place your Qi-compatible smartphone on the upright charging pad. The phone can be charged in both vertical and horizontal orientations, allowing for video calls or media viewing while charging.
- **Apple Watch:** Place your Apple Watch (Series 2 or later) on the dedicated magnetic charging module at the top.
- **AirPods:** Place your AirPods (with wireless charging case) on the flat charging pad at the base.

LED Indicator Guide

The charging station features a smart breathing LED indicator to provide charging status at a glance:

- **Green Light:** Indicates standby mode, iWatch charging, or earphone charging.
- **Blue Breathing Light:** Indicates phone charging.
- **Blinking Blue and Green Light:** Indicates foreign object detection or an error.

You can turn the LED light on or off by pressing the touch-sensitive button on the base of the charger.

Maintenance

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the surface of the charging station. Do not use abrasive cleaners or solvents.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Keep the charging station away from water and other liquids to prevent damage.

Troubleshooting

- **Device Not Charging:**

- Ensure the charging station is properly connected to the 20W QC3.0+PD adapter and a working power outlet.
- Check if your device is Qi-compatible and correctly aligned on the charging area.
- Remove any thick phone cases (over 8mm) or cases containing metal, magnets, or credit cards, as these can interfere with wireless charging.
- Ensure no foreign objects are between your device and the charging surface. The blinking blue and green LED indicates foreign object detection.

- **Slow Charging:**
  - Verify you are using the provided 20W QC3.0+PD adapter. Lower wattage adapters may result in slower charging.
  - Ensure your device supports fast wireless charging.
- **Overheating:**
  - The charger has built-in overheat protection. If a device feels excessively hot, remove it from the charger and allow it to cool down.
  - Ensure proper ventilation around the charging station.
