

Yizosh LCAA2938-4-1

Yizosh 4-Door Metal Storage Locker (Model LCAA2938-4-1) User Manual

Comprehensive Guide for Assembly, Operation, and Maintenance

1. INTRODUCTION

Thank you for choosing the Yizosh 4-Door Metal Storage Locker. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new storage unit. Please read these instructions carefully before beginning assembly and retain them for future reference.

This industrial-grade steel locker is designed for versatile storage in various environments, including schools, gyms, homes, offices, and garages. It features four individual lockable compartments to secure personal belongings.

2. SAFETY INFORMATION

WARNING: Do not exceed the weight limit of 90 pounds per shelf. Ensure the cabinet is stable and level during use. Keep padlock keys secure and out of reach of children. Always keep the cabinet locked when not in use to prevent unauthorized access.

- Always assemble the locker on a flat, stable surface.
- Ensure all bolts and fasteners are securely tightened before use.
- Do not allow children to climb on or play with the locker.
- Distribute weight evenly across shelves to prevent tipping.
- Use appropriate personal protective equipment (e.g., gloves) during assembly to prevent injury.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact Yizosh customer support.

- Locker panels (sides, top, bottom, back, doors)
- Internal shelves (3 included)
- Adjustable feet
- Padlocks (4 included)
- Assembly hardware (screws, bolts, nuts, washers)

- Detailed assembly instructions

4. SETUP AND ASSEMBLY

Assembly of the Yizosh Metal Storage Locker is designed to be straightforward. Follow the step-by-step directions provided in the included assembly instructions. It is recommended to have two people for assembly.

Required Tools (Not Included):

- Phillips head screwdriver
- Wrench or adjustable pliers
- Rubber mallet (optional, for gentle tapping)

Assembly Steps Overview:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list in the separate assembly instructions to ensure everything is present.
2. **Assemble Base:** Attach the adjustable feet to the bottom panel of the locker.
3. **Connect Side Panels:** Secure the side panels to the bottom panel using the provided hardware.
4. **Install Back Panel:** Attach the back panel to the assembled sides and bottom.
5. **Attach Top Panel:** Secure the top panel to complete the main frame.
6. **Insert Shelves:** Place the three internal shelves into their designated positions. Ensure they are seated correctly.
7. **Attach Doors:** Mount the four lockable doors to the main frame using the hinges and hardware. Ensure doors open and close smoothly.
8. **Install Padlocks:** Attach the padlocks to each door's locking mechanism.
9. **Final Adjustments:** Place the locker in its desired location. Adjust the feet to ensure the locker is level and stable.

Hanging Hooks

Louvers Ventilation

Image 4.2: Detailed view of locker features. This includes the steel door hasp for padlocks, louvers for ventilation, a magnetic catch for secure door closure, and adjustable feet for leveling on uneven surfaces.

5. OPERATING INSTRUCTIONS

Locking and Unlocking Doors:

- Each of the four doors is equipped with a hasp designed for a padlock.
- To lock a door, close it firmly and insert your padlock through the hasp. Secure the padlock.
- To unlock, remove the padlock. The door will then open.

Ventilation:

- The doors feature integrated louvers to promote air circulation within the compartments. This helps prevent odors and maintain freshness for stored items.

Adjustable Feet:

- The locker is equipped with adjustable feet at its base.
- To level the locker on uneven floors, gently lift or tilt the locker and rotate the feet clockwise to shorten or counter-clockwise to lengthen until the unit is stable and level.

Image 5.1: The magnetic door catch ensures doors remain securely closed even without a padlock.

Image 5.2: Each door includes a label holder for easy identification of contents or assigned users.

6. MAINTENANCE

Proper maintenance will extend the life and appearance of your Yizosh Metal Storage Locker.

- **Cleaning:** Wipe surfaces with a damp cloth. For stubborn marks, use a mild soap solution and dry immediately with a clean cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the powder-coated finish.
- **Inspection:** Periodically check all bolts and fasteners to ensure they remain tight. Re-tighten if necessary.
- **Lubrication:** If hinges become stiff, apply a small amount of silicone-based lubricant to the hinge pins.
- **Rust Prevention:** The locker is designed with rust and corrosion prevention. However, avoid prolonged exposure to excessive moisture or corrosive substances.

7. TROUBLESHOOTING

If you encounter any issues with your locker, refer to the following common problems and solutions:

- **Locker is unstable or wobbles:**
Solution: Adjust the leveling feet at the bottom of the locker. Ensure the locker is placed on a flat, even surface.

- **Doors do not close properly or are misaligned:**

Solution: Check the hinges for any loose screws and tighten them. Ensure the locker itself is level. The magnetic catches should align with the door frame.

- **Padlock mechanism is stiff:**

Solution: Apply a small amount of graphite lubricant or WD-40 to the padlock mechanism. Ensure you are using the correct key for the padlock.

- **Unusual odors inside compartments:**

Solution: Ensure the ventilation louvers are not obstructed. Clean the interior with a damp cloth and mild detergent, then allow to air dry completely.

If these solutions do not resolve the issue, please contact Yizosh customer support for further assistance.

8. SPECIFICATIONS

Brand	Yizosh
Model Number	LCAA2938-4-1
ASIN	B0BHSNZTH
Color	4 Door (Dark Gray/Industrial Finish)
Material	Alloy Steel
Product Dimensions (D x W x H)	18" x 29.5" x 55.1" (45.7 cm x 74.9 cm x 140 cm)
