iOS 10.0+

2. WHAT'S IN THE BOX

Upon unboxing your EGQINR Smart Watch T49, you should find the following items:

- EGQINR Smart Watch T49
- USB Charging Cable
- User Manual (this document)

HD Bluetooth Calling

Built-in high-end speaker & microphone, support to dial/answer/reject calls directly on the watch

3. SETUP INSTRUCTIONS

3.1 App Download and Installation

To fully utilize your EGQINR Smart Watch T49, you need to download and install the companion app **FitCloudPro**, on your smartphone.

1. Scan the QR code provided in the manual or on the watch screen, or search for "FitCloudPro" in your phone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install the app and follow the on-screen prompts to complete the installation.

Image: Instructions for downloading the FitCloudPro app via QR code or app store search.

3.2 Connecting the Smart Watch

The watch requires a dual Bluetooth connection for full functionality (data sync and call features).

1. **Connect to Bluetooth in the FitCloudPro App (for data sync):**
 - Ensure Bluetooth is enabled on your phone.
 - Open the FitCloudPro app. Navigate to the 'Device' section.
 - Tap 'Add Device' or 'Search Device' and select your watch (e.g., 'Watch HT') from the list to bind.
 - Agree to any pairing requests on both your phone and watch.
2. **Connect to Audio Bluetooth in your phone's settings (for calls):**
 - On your watch, slide down the screen and ensure the 'Call' function is enabled.
 - On your phone, go to 'Settings' > 'Bluetooth'.
 - Find 'Watch HT' (or similar) in the list of available devices and tap to connect.
 - Once connected, you can use the watch to answer/make calls.

4. OPERATING INSTRUCTIONS

4.1 Bluetooth Call and AI Voice Assistant

The EGQINR Smart Watch T49 features a built-in high-fidelity speaker and microphone. After connecting to dual Bluetooth, you can directly answer or make calls and view call records on the watch. The AI voice assistant allows for hands-free command operation by simply waking it up and speaking your command.

4.2 Smart Notifications

Receive notifications for SMS, calls, and various social media apps (Instagram, Twitter, WhatsApp, etc.) directly on your watch. Please note that replying to messages directly from the watch is not supported.

A: Connect to Bluetooth in the "FitCloudPro" App, so that you can sync data.

B: Connect to audio Bluetooth in your phone, so that you can make phone call.

4.4 Additional Functions

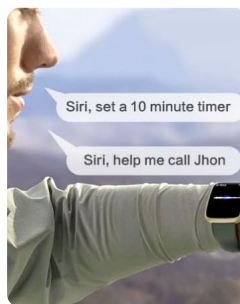

The EGQINR Smart Watch T49 offers a range of useful features:

- **Music Control:** Control music playback on your connected phone.
- **Weather:** View real-time weather updates.
- **Find Phone/Watch:** Locate your paired phone or watch.
- **Stopwatch & Timer:** For precise timekeeping.
- **Alarm:** Set alarms directly from your wrist.
- **Games:** Enjoy simple leisure games.
- **Calculator:** Perform basic calculations.
- **NFC Door Card:** Use your watch for convenient access (check compatibility with your NFC system).

5. HEALTH MONITORING

The EGQINR Smart Watch T49 helps you monitor your physical and mental health in real-time with various sensors.

- **Heart Rate Monitoring:** Supports 24/7 continuous heart rate tracking.
- **Blood Pressure Monitoring:** Provides real-time blood pressure readings.
- **Blood Oxygen Monitoring:** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Scientifically monitors sleep quality throughout the night (from 9:30 pm to 12:00 noon), distinguishing between light sleep, deep sleep, and awake time.
- **Female Health Records:** Offers tracking and reminders for menstrual periods, pregnancy preparations, and pregnancy periods.
- **Breathing Training:** Guided breathing exercises for relaxation.
- **Reminders:** Includes drinking water and sedentary reminders to promote healthy habits.

6. ACTIVITY TRACKING

The EGQINR Smart Watch T49 is equipped with 20 sport modes to track your physical activity. It uses smart exercise data analysis to monitor your exercise time, heart rate, calories burned, steps taken, distance covered, and speed in real-time. This data provides a clear overview of your fitness progress.

- **20 Sport Modes:** Includes various activities like running, walking, cycling, and more.
- **Real-time Data:** Tracks heart rate, calories, steps, distance, and speed during workouts.
- **Music Playback:** Supports playing music while exercising.

7. MAINTENANCE

7.1 Water Resistance

The EGQINR Smart Watch T49 is IP67 waterproof, meaning it can withstand daily activities such as hand washing or wearing in rainy conditions. It is not recommended for swimming or showering with hot water, as this may compromise the water resistance.

Image: The smartwatch demonstrating its water resistance.

7.2 Charging

The watch is powered by a Lithium Ion battery. A full charge typically takes approximately 2 hours, providing up to 5 days of battery life and 30 days of standby time, depending on usage.

8. TROUBLESHOOTING

If you encounter any issues with your EGQINR Smart Watch T49, please consider the following general troubleshooting steps:

- **Connectivity Issues:** Ensure Bluetooth is enabled on your phone and the watch is properly paired with both the FitCloudPro app and your phone's Bluetooth settings for calls. Try restarting both your phone and watch.
- **App Sync Problems:** Verify that the FitCloudPro app is running in the background and has necessary permissions. Check for app updates.
- **Display Not Responding:** Try restarting the watch by pressing and holding the side button. If the issue persists, ensure the watch is charged.
- **Inaccurate Readings:** Ensure the watch is worn snugly on your wrist, not too tight or too loose, for accurate health and activity tracking.

For persistent issues, please refer to the support section within the FitCloudPro app or contact customer support.
